I, Russ Hembree, Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the Ninety-seventh General Assembly of the State of Missouri, convened in first regular session, as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. EFFECTIVE DATE OF LAWS

Section 29, Article III of the Constitution provides:

"No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess."

The Ninety-seventh General Assembly, First Regular Session, convened Wednesday, January 9, 2013, and adjourned Thursday, May 30, 2013. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2013.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

"All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments..... If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately."

The Ninety-seventh General Assembly, First Regular Session, passed two Joint Resolutions. Resolutions are to be published as provided in Section 116.340, RSMo 2000, which reads:

"**116.340. Publication of approved measures.** — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330."

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2013 Supplement to the Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

Official Ballot Title
Proposition A

[Proposed by Initiative Petition]

Official Ballot Title:

Shall Missouri law be amended to:

- allow any city not within a county (the City of St. Louis) the option of transferring certain obligations and control of the city's police force from the board of police commissioners currently appointed by the governor to the city and establishing a municipal police force;
- establish certain procedures and requirements for governing such a municipal police force including residency, rank, salary, benefits, insurance, and pension; and
- prohibit retaliation against any employee of such municipal police force who reports conduct believed to be illegal to a superior, government agency, or the press?

State governmental entities estimated savings will eventually be up to $500,000 annually. Local governmental entities estimated annual potential savings of $3.5 million; however, consolidation decisions with an unknown outcome may result in the savings being more or less than estimated.

Fair Ballot Language:

A **"yes"** vote will amend Missouri law to allow any city not within a county (the City of St. Louis) the option of establishing a municipal police force by transferring certain obligations and control of the city's police force from the board of police commissioners currently appointed by the governor to the city. This amendment also establishes certain procedures and requirements for governing such a municipal police force including residency, rank, salary, benefits, insurance, and pension. The amendment further prohibits retaliation against any employee of such municipal police force who reports conduct believed to be illegal to a superior, government agency, or the press.

A **"no"** vote will not change the current Missouri law regarding St. Louis City's police force.

If passed, this measure will have no impact on taxes.

(4) Exercising all powers available to a police force under generally applicable state law; and

(5) Regulating and licensing all private watchmen, private detectives, and private policemen serving or acting as such in said city.

2. Any person who acts as a private watchman, private detective, or private policeman in said cities without having obtained a written license from said cities is guilty of a class A misdemeanor.

84.344. ESTABLISHMENT OF MUNICIPAL POLICE FORCE AUTHORIZED — PROCEDURE — EMPLOYMENT OF COMMISSIONED AND CIVIL PERSONNEL — SEPARATE DIVISION TO BE ESTABLISHED, PROCEDURE — BENEFITS FOR PERSONNEL — TRANSITION COMMITTEE, DUTIES. — 1. Notwithstanding any provisions of this chapter to the contrary, any city not within a county may establish a municipal police force on or after July 1, 2013, according to the procedures and requirements of this section. The purpose of these procedures and requirements is to provide for an orderly and appropriate transition in the governance of the police force and provide for an equitable employment transition for commissioned and civilian personnel.

2. Upon the establishment of a municipal police force by a city under sections 84.343 to 84.346, the board of police commissioners shall convey, assign, and otherwise transfer to the city title and ownership of all indebtedness and assets, including, but not limited to, all funds and real and personal property held in the name of or controlled by the board of police commissioners created under sections 84.010 to 84.340. The board of police commissioners shall execute all documents reasonably required to accomplish such transfer of ownership and obligations.

3. If the city establishes a municipal police force and completes the transfer described in subsection 2 of this section, the city shall provide the necessary funds for the maintenance of the municipal police force.

4. Before a city not within a county may establish a municipal police force under this section, the city shall adopt an ordinance accepting responsibility, ownership, and liability as

successor-in-interest for contractual obligations, indebtedness, and other lawful obligations of the board of police commissioners subject to the provisions of subsection 2 of section 84.345.

5. A city not within a county that establishes a municipal police force shall initially employ, without a reduction in rank, salary, or benefits, all commissioned and civilian personnel of the board of police commissioners created under sections 84.010 to 84.340 that were employed by the board immediately prior to the date the municipal police force was established. Such commissioned personnel who previously were employed by the board may only be involuntarily terminated by the city not within a county for cause. The city shall also recognize all accrued years of service that such commissioned and civilian personnel had with the board of police commissioners. Such personnel shall be entitled to the same holidays, vacation, and sick leave they were entitled to as employees of the board of police commissioners.

6. Commissioned and civilian personnel who were previously employed by the board shall continue to be subject, throughout their employment for the city not within a county, to a residency rule no more restrictive than a requirement of retaining a primary residence in a city not within a county for a total of seven years and of then allowing them to maintain a primary residence outside the city not within a county so long as the residence is located within a one-hour response time.

7. The commissioned and civilian personnel who retire from service with the board of police commissioners before the establishment of a municipal police force under subsection 1 of this section shall continue to be entitled to the same pension benefits provided under chapter 86 and the same benefits set forth in subsection 5 of this section.

8. If the city not within a county elects to establish a municipal police force under this section, the city shall establish a separate division for the operation of its municipal police force. The civil service commission of the city may adopt rules and regulations appropriate for the unique operation of a police department. Such rules and regulations shall reserve exclusive authority over the disciplinary process and procedures affecting commissioned officers to the civil service commission; however, until such time as the city adopts such rules and regulations, the commissioned personnel shall continue to be governed by the board of police commissioner's rules and regulations in effect immediately prior to the establishment of the municipal police force, with the police chief acting in place of the board of police commissioners for purposes of applying the rules and regulations. Unless otherwise provided for, existing civil service commission rules and regulations governing the appeal of disciplinary decisions to the civil service commission shall apply to all commissioned and civilian personnel. The civil service commission's rules and regulations shall provide that records prepared for disciplinary purposes shall be confidential, closed records available solely to the civil service commission and those who possess authority to conduct investigations regarding disciplinary matters pursuant to the civil service commission's rules and regulations. A hearing officer shall be appointed by the civil service commission to hear any such appeals that involve discipline resulting in a suspension of greater than fifteen days, demotion, or termination, but the civil service commission shall make the final findings of fact, conclusions of law, and decision which shall be subject to any right of appeal under chapter 536.

9. A city not within a county that establishes and maintains a municipal police force under this section:

(1) Shall provide or contract for life insurance coverage and for insurance benefits providing health, medical, and disability coverage for commissioned and civilian personnel of the municipal police force to the same extent as was provided by the board of police commissioners under section 84.160;

(2) Shall provide or contract for medical and life insurance coverage for any commissioned or civilian personnel who retired from service with the board of police commissioners or who were employed by the board of police commissioners and retire from the municipal police force of a city not within a county to the same extent such medical and life insurance coverage was provided by the board of police commissioners under section 84.160;

(3) Shall make available medical and life insurance coverage for purchase to the spouses or dependents of commissioned and civilian personnel who retire from service with the board of police commissioners or the municipal police force and deceased commissioned and civilian personnel who receive pension benefits under sections 86.200 to 86.366 at the rate that such dependent's or spouse's coverage would cost under the appropriate plan if the deceased were living; and

(4) May pay an additional shift differential compensation to commissioned and civilian personnel for evening and night tours of duty in an amount not to exceed ten percent of the officer's base hourly rate.

10. A city not within a county that establishes a municipal police force under sections 84.343 to 84.346 shall establish a transition committee of five members for the purpose of: coordinating and implementing the transition of authority, operations, assets, and obligations from the board of police commissioners to the city; winding down the affairs of the board; making nonbinding recommendations for the transition of the police force from the board to the city; and other related duties, if any, established by executive order of the city's mayor. Once the ordinance referenced in section 84.344 is enacted, the city shall provide written notice to the board of police commissioners and the governor of the State of Missouri. Within thirty days of such notice, the mayor shall appoint three members to the committee, two of whom shall be members of a statewide law enforcement association that represents at least five thousand law enforcement officers. The remaining members of the committee shall include the police chief of the municipal police force and a person who currently or previously served as a commissioner on the board of police commissioners, who shall be appointed to the committee by the mayor of such city.

84.345. BOARD OF POLICE COMMISSIONERS, TERMS TO EXPIRE — CONTINUED OPERATION, WHEN — STATE TO PROVIDE LEGAL REPRESENTATION, WHEN — POLICE CHIEF, NO RESTRICTION ON SELECTION OF — SHERIFF'S DUTIES. — 1. Except as required for the board of police commissioners to conclude its affairs and pursue legal claims and defenses, upon the establishment of a municipal police force, the terms of office of the commissioners of the board of police created under sections 84.020 and 84.030 shall expire, and the provisions of sections 84.010 to 84.340 shall not apply to any city not within a county or its municipal police force as of such date. The board shall continue to operate, if necessary, to wind down the board's affairs until the transfer of ownership and obligations under subsection 2 of section 84.344 has been completed. During such time, the board of police commissioners shall designate and authorize its secretary to act on behalf of the board for purposes of performing the board's duties and any other actions incident to the transfer and winding down of the board's affairs.

2. For any claim, lawsuit, or other action arising out of actions occurring before the date of completion of the transfer provided under subsection 2 of section 84.344, the state shall continue to provide legal representation as set forth in section 105.726, and the state legal expense fund shall continue to provide reimbursement for such claims under section 105.726. This subsection applies to all claims, lawsuits, and other actions brought against any commissioner, police officer, employee, agent, representative, or any individual or entity acting or purporting to act on its or their behalf.

3. Notwithstanding any other provision of law, rule, or regulation to the contrary, any city not within a county that establishes a municipal police force under sections 84.343 to 84.346 shall not be restricted or limited in any way in the selection of a police chief or chief of the division created under subsection 8 of section 84.344.

4. It shall be the duty of the sheriff for any city not within a county, whenever called upon by the police chief of the municipal police force, to act under the police chief's control for the preservation of the public peace and quiet; and, whenever the exigency or circumstances may, in the police chief's judgment, warrant it, said police chief shall have the power to assume the control and command of all local and municipal conservators of the peace of the city, whether

sheriff, constable, policemen or others, and they shall act under the orders of the said police chief and not otherwise.

84.346. POLICE PENSION SYSTEM, CONTINUATION OF. — Any police pension system created under chapter 86 for the benefit of a police force established under sections 84.010 to 84.340 shall continue to be governed by chapter 86, and shall apply to any police force established under section 84.343 to 84.346. Other than any provision that makes chapter 86 applicable to a municipal police force established under section 84.343 to 84.346, nothing in sections 84.343 to 84.346 shall be construed as limiting or changing the rights or benefits provided under chapter 86.

84.347. NONSEVERABILITY CLAUSE. — Notwithstanding the provisions of section 1.140 to the contrary, the provisions of sections 84.343 to 84.346 shall be non-severable. DEFEATED INITIATIVE PETITION

Official Ballot Title
Proposition B

[Proposed by Initiative Petition, November 6, 2012]

Official Ballot Title:

Shall Missouri law be amended to:

- create the Health and Education Trust Fund with proceeds of a tax of $0.0365 per cigarette and 25% of the manufacturer's invoice price for roll-your-own tobacco and 15% for other tobacco products;
- use Fund proceeds to reduce and prevent tobacco use and for elementary, secondary, college, and university public school funding; and
- increase the amount that certain tobacco product manufacturers must maintain in their escrow accounts, to pay judgments or settlements, before any funds in escrow can be refunded to the tobacco product manufacturer and create bonding requirements for these manufacturers?

Estimated additional revenue to state government is $283 million to $423 million annually with limited estimated implementation costs or savings. The revenue will fund only programs and services allowed by the proposal. The fiscal impact to local governmental entities is unknown. Escrow fund changes may result in an unknown increase in future state revenue.

Fair Ballot Language:

A **"yes"** vote will amend Missouri law to create the Health and Education Trust Fund with proceeds from a tax on cigarettes and other tobacco products. The amount of the tax is $0.0365 per cigarette and 25% of the manufacturer's invoice price for roll-your-own tobacco and 15% for other tobacco products. The Fund proceeds will be used to reduce and prevent tobacco use and for elementary, secondary, college, and university public school funding. This amendment also increases the amount that certain tobacco product manufacturers must maintain in their escrow accounts, to pay judgments or settlements, before any funds in escrow can be refunded to the tobacco product manufacturer and creates bonding requirements for these manufacturers.

A **"no"** vote will not change the current Missouri law regarding taxes on cigarettes and other tobacco products or the escrow account and bonding requirements for certain tobacco product manufacturers.

If passed, this measure will increase taxes on cigarettes and other tobacco products.

SJR 51 [SCS SJR 51]

CONSTITUTIONAL AMENDMENT NO. 3. — (Proposed by the 96th General Assembly, Second Regular Session, SJR 51)

Shall the Missouri Constitution be amended to change the current nonpartisan selection of supreme court and court of appeals judges to a process that gives the governor increased authority to:

There are no estimated costs or savings expected if this proposal is approved by voters.

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment repealing sections 25(a) and 25(d) of article V of the Constitution of Missouri, and adopting two new sections in lieu thereof relating to nonpartisan selection of judges.

49.266. COUNTY COMMISSION BY ORDERS OR ORDINANCE MAY REGULATE USE OF COUNTY PROPERTY, TRAFFIC, AND PARKING — BURN BANS. — 1. The county commission in all counties of the first, second or fourth classification may by order or ordinance promulgate reasonable regulations concerning the use of county property, the hours, conditions, methods and manner of such use and the regulation of pedestrian and vehicular traffic and parking thereon.

2. Violation of any regulation so adopted **under subsection 1 of this section** is an infraction.

3. **Upon a determination by the state fire marshal that a burn ban order is appropriate for a county because:**

(1) An actual or impending occurrence of a natural disaster of major proportions within the county jeopardizes the safety and welfare of the inhabitants of such county; and

(2) The U.S. Drought Monitor has designated the county as an area of severe, extreme, or exceptional drought,

the county commission may adopt an order or ordinance issuing a burn ban, which may carry a penalty of up to a class A misdemeanor. State agencies responsible for fire

management or suppression activities and persons conducting agricultural burning using best management practices shall not be subject to the provisions of this subsection. The ability of an individual, organization, or corporation to sell fireworks shall not be affected by the issuance of a burn ban. The county burn ban may prohibit the explosion or ignition of any missile or skyrocket as the terms "missile" and "skyrocket" are defined by the 2012 edition of the American Fireworks Standards Laboratory, but shall not ban the explosion or ignition of any other consumer fireworks as the term "consumer fireworks" is defined under section 320.106.

60.185. COUNTY SURVEYORS, DUTIES. — The county surveyor of every county or city shall:

(2) Number his surveys progressively;

(3) Deliver a copy of any plat of survey to any person requiring such a copy, on payment of an amount equal to the fees allowed to the recorder of deeds for such a document, so long as such records shall remain in his possession, and after such record shall have been deposited in the office of the recorder of deeds, the recorder shall, on the request of anyone and on payment of his fees for such service, deliver to such person a duly certified copy of such records under the seal of his office, which shall be accepted as evidence, to all intents and purposes, as the originals themselves;

(4) Maintain a copy of corner restoration documents as required in section 60.321 when provided by the Missouri department of **[**natural resources**]** **agriculture**, and subject to inspection and copying by any person interested therein during the normal office hours of the county on payment of the fees allowed to the recorder for similar documents.

60.195. UNITED STATES FIELD NOTES ON SURVEY OF COUNTIES, HOW OBTAINED AND FILED IN OFFICE OF COUNTY SURVEYOR. — The several county commissions in this state are hereby authorized, in all cases wherein they shall consider it to be the interest of their counties, to obtain from the Missouri department of **[**natural resources**]** **agriculture** a certified copy of so much of the field notes of all surveys lying within their counties, respectively, which have been and may be made by the United States, as relates to the description of the township, section, fractional section, quarter section and legal subdivisional corners, the variation of the needle at which the east and west boundaries of township or range lines were run, the length of the north and south, as well as east and west sectional lines; also, the fallings of all east and west township and sectional lines the same to be filed in the office of the county surveyor of their counties, respectively.

60.301. DEFINITIONS. — Whenever the following words and terms are used in this chapter they shall have the following meaning unless the context clearly indicates that a different meaning is intended:

(1) "Corners of the United States public land survey", those points that determine the boundaries of the various subdivisions represented on the official plat such as the township corner, the section corner, the quarter-section corner, grant corner and meander corner;

(2) "Existent corner", a corner whose position can be identified by verifying the evidence of the original monument or its accessories, or by some physical evidence described in the field notes, or located by an acceptable supplemental survey record or some physical evidence thereof, or by testimony. The physical evidence of a corner may have been entirely obliterated but the corner will be considered existent if its position can be recovered through the testimony of one or more witnesses who have a dependable knowledge of the original location. A legally reestablished corner shall have the same status as an existent corner;

(3) "Lost corner", a corner whose position cannot be determined, beyond reasonable doubt, either from traces of the original marks or from acceptable evidence or testimony that bears upon the original position;

(4) "Monument", the physical object which marks the corner point determined by the surveying process. The accessories, such as bearing trees, bearing objects, reference monuments, mounds of stone and other similar objects that aid in identifying the corner position, are also considered a part of a corner monument;

(5) "Obliterated, decayed or destroyed corner", an existent corner at whose point there are no remaining traces of the original monument or its accessories, but whose location has been perpetuated by subsequent surveys, or the point may be recovered beyond reasonable doubt by the acts and testimony of local residents, competent surveyors, other qualified local authorities or witnesses, or by some acceptable record evidence. A position that depends upon the use of collateral evidence can be accepted only if duly supported, generally through proper relation to known corners, and agreement with the field notes regarding distances to natural objects, stream crossings, line trees, etc., or unquestionable testimony;

(6) "Original government survey", that survey executed under the authority of the United States government as recorded on the official plats and field notes of the United States public land survey maintained by the Missouri department of **[**natural resources**]** **agriculture**;

(7) "Proportionate measurement", a measurement of a line that gives equal relative weight to all parts of the line. The excess or deficiency between two existent corners is so distributed that the amount of excess or deficiency given to each interval bears the same proportion to the whole difference as the record length of the interval bears to the whole record distance:

(a) "Single proportionate measurement", a measurement of a line applied to a new measurement made between known points on a line to determine one or more positions on that line;

(b) "Double proportionate measurement", a measurement applied to a new measurement made between four known corners, two each on intersecting meridional and latitudinal lines, for the purpose of relating the intersection to both. The procedure is described as follows: First, measurements will be made between the nearest existent corners north and south of the lost corner. A temporary point will be determined to locate the latitude of the lost corner on the straight line connecting the existent corners and at the proper proportionate distance. Second, measurements will be made between the nearest existent corners east and west of the lost corner. A temporary point will be determined to locate the longitude of the lost corner on the straight line connecting the existent corners and at the proportionate distance. Third, determine the location of the lost corner at the intersection of an east-west line through the point determining the latitude of the lost corner with a north-south line through the point determining the longitude of the lost corner. When the total length of the line between the nearest existing corners was not measured in the original government survey, the record distance from one existing corner to the lost corner will be used instead of the proportionate distance. This exception will apply to either or both of the east-west or north-south lines;

(8) "Record distance", the distance or length as shown on the original government survey. In determining record distances, consideration shall be given as to whether the distance was measured on a random or true line.

60.321. LOST CORNERS, MONUMENTATION, PROCEDURE — VIOLATION DEEMED MISCONDUCT. — For the purpose of perpetuating the corners of the United States public land survey, every surveyor who reestablishes a lost corner or restores an existent corner shall monument the corner and shall file an instrument showing such reestablishment or restoration with the Missouri department of **[**natural resources**]** **agriculture**, in accordance with the specifications and procedures adopted by the Missouri department of **[**natural resources**]** **agriculture**. Any surveyor who willfully and knowingly fails to perpetuate corners in accordance with this section is guilty of misconduct in the practice of land surveying.

60.451. MISSOURI COORDINATE SYSTEM ZONES PRECISELY DEFINED. — 1. For the purpose of more precisely defining the Missouri coordinate system of 1927, the following definition by the United States Coast and Geodetic Survey is adopted:

(1) The Missouri coordinate system of 1927, east zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 90 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees — 30 minutes west of Greenwich and the parallel 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 feet and y = 0 feet;

(2) The Missouri coordinate system of 1927, central zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 92 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees — 30 minutes west of Greenwich and the parallel of 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 feet and y = 0 feet;

(3) The Missouri coordinate system of 1927, west zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 94 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees — 30 minutes west of Greenwich and the parallel 36 degrees — 10 minutes north latitude. This origin is given the coordinates: x = 500,000 feet and y = 0 feet.

2. For purposes of more precisely defining the Missouri coordinate system of 1983, the following definition by the National Ocean Survey/National Geodetic Survey is adopted:

(1) The Missouri coordinate system 1983, east zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 90 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees — 30 minutes west of Greenwich and the parallel 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 250,000 meters and y = 0 meters;

(2) The Missouri coordinate system 1983, central zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 92 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees — 30 minutes west of Greenwich and the parallel of 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 meters and y = 0 meters;

(3) The Missouri coordinate system 1983, west zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 94 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees — 30 minutes west of Greenwich and the parallel 36 degrees — 10 minutes north latitude. This origin is given the coordinates: x = 850,000 meters and y = 0 meters.

3. The position of either Missouri coordinate system shall be as marked on the ground by horizontal control stations established in conformity with the standards adopted by the

department of **[**natural resources**]** **agriculture** for first-order and second-order work, whose geodetic positions have been rigidly adjusted on the appropriate datum and whose coordinates have been computed on the system defined in this section. Any such station may be used for establishing a survey connection with the Missouri coordinate system.

60.510. POWERS AND DUTIES OF DEPARTMENT. — The functions, duties and responsibilities of the department of **[**natural resources**]** **agriculture** shall be as follows:

(1) To restore, maintain, and preserve the land survey monuments, section corners, and quarter section corners established by the United States public land survey within Missouri, together with all pertinent field notes, plats and documents; and also to restore, establish, maintain, and preserve Missouri state and county boundary markers and other boundary markers considered by the department of **[**natural resources**]** **agriculture** to be of importance, or otherwise established by law;

(2) To design and cause to be placed at established public land survey corner sites, where practical, substantial monuments permanently indicating, with words and figures, the exact location involved, but if such monuments cannot be placed at the exact corner point, then witness corners of similar design shall be placed as near by as possible, with words and figures indicating the bearing and distance to the true corner;

(3) To establish, maintain, and provide safe storage facilities for a comprehensive system of recordation of information respecting all monuments established by the United States public land survey within this state, and such records as may be pertinent to the department of **[**natural resources'**]** **agriculture's** establishment or maintenance of other land corners, Missouri state coordinate system stations and accessories, and survey monuments in general;

(4) To provide the framework for all geodetic positioning activities in the state. The foundational elements include latitude, longitude, and elevation which contribute to informed decision making and impact on a wide range of important activities including mapping and geographic information systems, flood risk determination, transportation, land use and ecosystem management and use of the Missouri state coordinate system, as established by sections 60.401 to 60.491;

(5) To collect and preserve information obtained from surveys made by those authorized to establish land monuments or land boundaries, and to assist in the proper recording of the same by the duly constituted county officials, or otherwise;

(6) To furnish, upon reasonable request and tender of the required fees therefor, certified copies of records created or maintained by the department of **[**natural resources**]** **agriculture** which, when certified by the state land surveyor or a designated assistant, shall be admissible in evidence in any court in this state, as the original record; and

(7) To prescribe, and disseminate to those engaged in the business of land surveying, regulations designed to assist in uniform and professional surveying methods and standards in this state.

2. No person or operator may apply for or obtain a permit to construct a solid waste disposal area unless the person has requested the department to conduct a preliminary site investigation and obtained preliminary approval from the department. The department shall, within sixty days of such request, conduct a preliminary investigation and approve or disapprove the site.

3. All proposed solid waste disposal areas for which a preliminary site investigation request pursuant to subsection 2 of this section is received by the department on or after August 28, 1999, shall be subject to a public involvement activity as part of the permit application process. The activity shall consist of the following:

Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located. The intent of such public awareness session shall be to provide general information to interested citizens on the design and operation of solid waste disposal areas;

(3) At least sixty days prior to the submission to the department of a report on the results of a detailed site investigation pursuant to subsection 4 of this section, the applicant shall conduct a community involvement session in the county in which the proposed disposal area is to be located. Department staff shall attend any such session. The applicant shall provide public notice of such session by both printed and broadcast media at least thirty days prior to such session. Within twelve consecutive months of the receipt of an application for a construction permit the department shall approve or deny the application. The department shall issue rules and regulations establishing time limits for permit modifications and renewal of a permit for a solid waste disposal area. The time limit shall be consistent with this chapter.

(4) The applicant for a permit to construct a solid waste processing facility shall provide the department with plans, specifications and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. Within one hundred eighty days of receipt of the application, the department shall determine whether it complies with the provisions of sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a permit to construct an incinerator as defined in section 260.200 or a material recovery facility as defined in section 260.200, and within six months for permit modifications, the department shall approve or deny the application. Permits issued for solid waste facilities shall be for the anticipated life of the facility.

(5) If the department fails to approve or deny an application for a permit or a permit modification within the time limits specified in subdivisions (3) and (4) of this subsection, the applicant may maintain an action in the circuit court of Cole County or that of the county in which the facility is located or is to be sited. The court shall order the department to show cause why it has not acted on the permit and the court may, upon the presentation of evidence satisfactory to the court, order the department to issue or deny such permit or permit modification. Permits for solid waste disposal areas, whether issued by the department or ordered to be issued by a court, shall be for the anticipated life of the facility.

(6) The applicant for a permit to construct a solid waste processing facility shall pay an application fee of one thousand dollars. Upon completion of the department's evaluation of the application, but before receiving a permit, the applicant shall reimburse the department for all reasonable costs incurred by the department up to a maximum of four thousand dollars. The applicant for a permit to construct a solid waste disposal area shall pay an application fee of two thousand dollars. Applicants who withdraw their application before the department completes its evaluation shall be required to reimburse the department for costs incurred in the evaluation. The department shall not collect the fees authorized in this subdivision unless it complies with the time limits established in this section.

(7) When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall approve the application and shall issue a permit for the construction of each solid waste processing facility or solid waste disposal area as set forth in the application and with any permit terms and conditions which the department deems appropriate.

In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

6. Plans, designs, and relevant data for the construction of solid waste processing facilities and solid waste disposal areas shall be submitted to the department by a registered professional engineer licensed by the state of Missouri for approval prior to the construction, alteration or operation of such a facility or area.

The executive board shall consider the impact of the proposal on, and the extent to which the proposal conforms to, the approved district solid waste management plan prepared pursuant to section 260.325. The executive board shall act upon the request for a recommendation within sixty days of receipt and shall submit a resolution to the department specifying its position and its recommendation regarding conformity of the application to the solid waste plan. The board's failure to submit a resolution constitutes recommendation of the application. The department may consider the application, regardless of the board's action thereon and may deny the construction permit if the application fails to meet the requirements of sections 260.200 to 260.345, or if the application is inconsistent with the district's solid waste management plan.

8. If the site proposed for a solid waste disposal area is not owned by the applicant, the owner or owners of the site shall acknowledge that an application pursuant to sections 260.200 to 260.345 is to be submitted by signature or signatures thereon. The department shall provide the owner with copies of all communication with the operator, including inspection reports and orders issued pursuant to section 260.230.

9. The department shall not issue a permit for the operation of a solid waste disposal area designed to serve a city with a population of greater than four hundred thousand located in more than one county, if the site is located within one-half mile of an adjoining municipality, without the approval of the governing body of such municipality. The governing body shall conduct a public hearing within fifteen days of notice, shall publicize the hearing in at least one newspaper having general circulation in the municipality, and shall vote to approve or disapprove the land disposal facility within thirty days after the close of the hearing.

10. Upon receipt of an application for a permit to construct a solid waste processing facility or disposal area, the department shall notify the public of such receipt:

(1) By legal notice published in a newspaper of general circulation in the area of the proposed disposal area or processing facility;

(2) By certified mail to the governing body of the county or city in which the proposed disposal area or processing facility is to be located; and

(3) By mail to the last known address of all record owners of contiguous real property or real property located within one thousand feet of the proposed disposal area and, for a proposed processing facility, notice as provided in section 64.875 or section 89.060, whichever is applicable.

(4) If an application for a construction permit meets all statutory and regulatory requirements for issuance, a public hearing on the draft permit shall be held by the department in the county in which the proposed solid waste disposal area is to be located prior to the issuance of the permit. The department shall provide public notice of such hearing by both printed and broadcast media at least thirty days prior to such hearing. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located.

11. After the issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner and the department shall execute an easement to allow the department, its agents or its contractors to enter the premises to complete work specified in the closure plan, or to monitor or maintain the site or to take remedial action during the postclosure period. After issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner shall submit evidence that he or she has recorded, in the office of the recorder of deeds in the county where the disposal area is located, a notice and covenant running with the land that the property has been permitted as a solid waste disposal area and prohibits use of the land in any manner which interferes with the closure and, where appropriate, postclosure plans filed with the department.

12. Every person desiring to obtain a permit to operate a solid waste disposal area or processing facility shall submit applicable information and apply for an operating permit from the department. The department shall review the information and determine, within sixty days of receipt, whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a permit for the operation of each solid waste processing facility or solid waste disposal area and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

Base data shall include a chemical analysis of groundwater drawn from the proposed solid waste disposal area.

15. Leachate collection and removal systems shall be incorporated into new or expanded sanitary landfills which are permitted after August 13, 1986. The department shall assess the need for a leachate collection system for all types of solid waste disposal areas, other than sanitary landfills, and the need for monitoring wells when it evaluates the application for all new or expanded solid waste disposal areas. The department may require an operator of a solid waste disposal area to install a leachate collection system before the beginning of disposal operations, at any time during disposal operations for unfilled portions of the area, or for any portion of the disposal area as a part of a remedial plan. The department may require the operator to install monitoring wells before the beginning of disposal operations or at any time during the operational life or postclosure care period if it concludes that conditions at the area warrant such monitoring. The operator of a demolition landfill or utility waste landfill shall not be required to install a leachate collection and removal system or monitoring wells unless otherwise and to the extent the department so requires based on hazardous waste characteristic criteria or site specific geohydrological characteristics or conditions.

16. Permits granted by the department, as provided in sections 260.200 to 260.345, shall be subject to suspension for a designated period of time, civil penalty or revocation whenever the department determines that the solid waste processing facility or solid waste disposal area is, or has been, operated in violation of sections 260.200 to 260.345 or the rules or regulations adopted pursuant to sections 260.200 to 260.345, or has been operated in violation of any permit terms and conditions, or is creating a public nuisance, health hazard, or environmental pollution.

In the event a permit is suspended or revoked, the person named in the permit shall be fully informed as to the reasons for such action.

17. Each permit for operation of a facility or area shall be issued only to the person named in the application. Permits are transferable as a modification to the permit. An application to transfer ownership shall identify the proposed permittee. A disclosure statement for the proposed permittee listing violations contained in **[**subsection 19 of this section**]** **the definition of disclosure statement found in section 260.200** shall be submitted to the department. The operation and design plans for the facility or area shall be updated to provide compliance with the currently applicable law and rules. A financial assurance instrument in such an amount and form as prescribed by the department shall be provided for solid waste disposal areas by the proposed permittee prior to transfer of the permit. The financial assurance instrument of the original permittee shall not be released until the new permittee's financial assurance instrument has been approved by the department and the transfer of ownership is complete.

18. Those solid waste disposal areas permitted on January 1, 1996, shall, upon submission of a request for permit modification, be granted a solid waste management area operating permit if the request meets reasonable requirements set out by the department.

19. In case a permit required pursuant to this section is denied or revoked, the person may request a hearing in accordance with section 260.235.

20. **[**Any person seeking a permit or renewal of a permit to operate a commercial solid waste processing facility, or a solid waste disposal area shall, concurrently with the filing of application for a permit, file a disclosure statement with the department of natural resources. The disclosure statement shall include, but not be limited to, a listing of any felony convictions by state or federal agencies, and a listing of other enforcement actions, sanctions, permit revocations or denials by any state or federal authority of every person seeking a permit, including officers, directors, partners and facility or location managers of each person seeking a permit, any violations of Missouri environmental statutes, violations of the environmental statutes of other states or federal statutes and a listing of convictions for any crimes or criminal acts, an element of which involves restraint of trade, price-fixing, intimidation of the customers of another person or for engaging in any other acts which may have the effect of restraining or limiting competition concerning activities regulated pursuant to this chapter or similar laws of other states or the federal government; except that convictions for violations by entities purchased or acquired by an applicant or permittee which occurred prior to the purchase or acquisition shall not be included. The department shall by rule, define those environmental violations which must be reported pursuant to this section. For purposes of this section, additional persons as required by rule shall be named in the statement and violations or convictions of such persons shall be listed. The department or its representative shall verify the information provided on the disclosure statement prior to permit issuance. The disclosure statement shall be used by the department in determining whether a permit should be granted or denied on the basis of the applicant's status as a habitual violator; however, the department has the authority to make a habitual violator determination independent of the information contained in the disclosure statement. After permit issuance, each facility shall annually file an updated disclosure statement with the department of natural resources on or before March thirty-first of each year. Any county, district, municipality, authority or other political subdivision of this state which owns and operates a sanitary landfill shall be exempt from the provisions of this subsection**]** **Every applicant for a permit shall file a disclosure statement with the information required by and on a form developed by the department of natural resources at the same time the application for a permit is filed with the department**.

department may deny the application] **Upon request of the director of the department of natural resources, the applicant for a permit, any person that could reasonably be expected to be involved in management activities of the solid waste disposal area or solid waste processing facility, or any person who has a controlling interest in any permittee shall be required to submit to a criminal background check under section 43.543**.

22. **All persons required to file a disclosure statement shall provide any assistance or information requested by the director or by the Missouri state highway patrol and shall cooperate in any inquiry or investigation conducted by the department and any inquiry, investigation or hearing conducted by the director. If, upon issuance of a formal request to answer any inquiry or produce information, evidence or testimony, any person required to file a disclosure statement refuses to comply, the application of an applicant or the permit of a permittee may be denied or revoked by the director.**

23. If any of the information required to be included in the disclosure statement changes, or if any additional information should be added after the filing of the statement, the person required to file it shall provide that information to the director in writing, within thirty days after the change or addition. The failure to provide such information within thirty days may constitute the basis for the revocation of or denial of an application for any permit issued or applied for in accordance with this section, but only if, prior to any such denial or revocation, the director notifies the applicant or permittee of the director's intention to do so and gives the applicant or permittee fourteen days from the date of the notice to explain why the information was not provided within the required thirty-day period. The director shall consider this information when determining whether to revoke, deny or conditionally grant the permit.

24. No person shall be required to submit the disclosure statement required by this section if the person is a corporation or an officer, director or shareholder of that corporation or any subsidiary thereof, and that corporation:

(3) Submits to the director on the anniversary date of the issuance of any permit it holds under the Missouri solid waste management law evidence of registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report.

25. After permit issuance, each facility shall annually file an update to the disclosure statement with the department of natural resources on or before March thirty-first of each year. Failure to provide such update may result in penalties as provided for under section 260.240.

26. Any county, district, municipality, authority, or other political subdivision of this state which owns and operates a sanitary landfill shall be exempt from the requirement for the filing of the disclosure statement and annual update to the disclosure statement.

27. Any person seeking a permit to operate a solid waste disposal area, a solid waste processing facility, or a resource recovery facility shall, concurrently with the filing of the application for a permit, disclose any convictions in this state, county or county equivalent public health or land use ordinances related to the management of solid waste. If the department finds that there has been a continuing pattern of adjudicated violations by the applicant, the department may deny the application.

28. No permit to construct or permit to operate shall be required pursuant to this section for any utility waste landfill located in a county of the third classification with a township form of government which has a population of at least eleven thousand inhabitants and no more than

twelve thousand five hundred inhabitants according to the most recent decennial census, if such utility waste landfill complies with all design and operating standards and closure requirements applicable to utility waste landfills pursuant to sections 260.200 to 260.345 and provided that no waste disposed of at such utility waste landfill is considered hazardous waste pursuant to the Missouri hazardous waste law.

260.214. PRELIMINARY SITE INVESTIGATION APPROVAL, NOT REQUIRED FOR CERTAIN COUNTIES — SEVERABILITY CLAUSE. — 1. Preliminary site investigation approval shall not be required for any municipal utility located in a county of the first classification with more than two hundred sixty but fewer than three hundred thousand inhabitants to proceed with a utility waste landfill detailed site investigation. Nothing in this section shall preclude the department from exercising its existing authority to approve or disapprove the site upon completion of the detailed site investigation. Solely for purposes of conducting the public involvement activity described in subsection 3 of section 260.205, the effective date of this section shall be considered the date of approval of the preliminary site investigation.

2. If any provision of this section or the application thereof to anyone or to any circumstance is held invalid, the remainder of this act and the application of such provisions to others or other circumstances shall not be affected thereby.

260.235. APPEAL, JUDICIAL REVIEW, PROCEDURE — INJUNCTION BASED ON SERIOUSNESS OF THREAT TO ENVIRONMENT — PERFORMANCE BOND REQUIRED, FORFEITED, WHEN. — **[**1.**]** Any person aggrieved by a forfeiture of any financial assurance instrument, civil or administrative penalty or denial, suspension or revocation of a permit required by section 260.205 or a modification to a permit issued under section 260.205 or any disapproval of the plan required by section 260.220, may **[**within thirty days of notice of such action request a hearing**]** **appeal such decision as provided in section 621.250, subject to judicial review as provided by law**. The notice of the department shall be effected by certified mail and shall set forth the reasons for such forfeiture, disapproval, denial, suspension, civil penalty or revocation. The department may seek an injunction in the circuit court in which the facility is located requiring the facility for which the transfer of ownership has been denied, or the permit or modification of the permit has been denied, suspended or revoked, to cease operations from the date ordered by the court until such time as the appeal is resolved or obtain a performance bond in the amount and manner as prescribed by rule. The department's action seeking an injunction shall be based on the seriousness of the threat to the environment which continued operation of the facility poses. **[**The**]** **A** bond **may be required in order to stay the effect of the department's action until the appeal is resolved, in which case such bond** shall remain in place until the appeal is resolved. If the department's decision is upheld, the bond shall be forfeited and placed in a separate subaccount of the solid waste management fund.

[2. The hearing shall be conducted by the director or his designated representative in accordance with the procedures set forth in sections 536.070, 536.073, 536.077, 536.080, and 536.090. The decision of the department shall become final thirty days after delivery or certified mailing of a copy of it to the person. Such decisions may be appealed to the administrative hearing commission pursuant to sections 536.063 to 536.095 and shall be subject to judicial review of a final decision as provided in sections 536.100 to 536.140.**]**

260.249. ADMINISTRATIVE PENALTIES — NOT TO BE ASSESSED FOR MINOR VIOLATION, DEFINITION — AMOUNT SET BY RULE, PAYMENT WHEN — APPEAL EFFECT — SURCHARGE DUE WHEN — UNPAID PENALTY, COLLECTION — TIME LIMITATION TO ASSESS VIOLATION — JUDICIAL APPEAL — CIVIL ACTION EFFECT, EXCEPTION. — 1. In addition to any other remedy provided by law, upon a determination by the director that a provision of sections 260.200 to 260.281, or a standard, limitation, order, rule or regulation promulgated pursuant

thereto, or a term or condition of any permit has been violated, the director may issue an order assessing an administrative penalty upon the violator under this section. An administrative penalty shall not be imposed until the director has sought to resolve the violations through conference, conciliation and persuasion and shall not be imposed for minor violations of sections 260.200 to 260.281 or minor violation of any standard, limitation, order, rule or regulation promulgated pursuant to sections 260.200 to 260.281 or minor violations of any term or condition of a permit issued pursuant to sections 260.200 to 260.281 or any violations of sections 260.200 to 260.281 by any person resulting from mismanagement of solid waste generated and managed on the property of the place of residence of the person. If the violation is resolved through conference, conciliation and persuasion, no administrative penalty shall be assessed unless the violation has caused, or has the potential to cause, a risk to human health or to the environment, or has caused or has potential to cause pollution, or was knowingly committed, or is defined by the United States Environmental Protection Agency as other than minor. Any order assessing an administrative penalty shall state that an administrative penalty is being assessed under this section and that the person subject to the penalty may appeal as provided by section 260.235 **and section 621.250**. Any such order that fails to state the statute under which the penalty is being sought, the manner of collection or rights of appeal shall result in the state's waiving any right to collection of the penalty.

2. The department shall promulgate rules and regulations for the assessment of administrative penalties. The amount of the administrative penalty assessed per day of violation for each violation under this section shall not exceed the amount of the civil penalty specified in section 260.240. Such rules shall reflect the criteria used for the administrative penalty matrix as provided for in the Resource Conservation and Recovery Act, 42 U.S.C. 6928(a), Section 3008(a), and the harm or potential harm which the violation causes, or may cause, the violator's previous compliance record, and any other factors which the department may reasonably deem relevant. An administrative penalty shall be paid within sixty days from the date of issuance of the order assessing the penalty. Any person subject to an administrative penalty may appeal as provided in section 260.235 **and section 621.250**. Any appeal will stay the due date of such administrative penalty until the appeal is resolved. Any person who fails to pay an administrative penalty by the final due date shall be liable to the state for a surcharge of fifteen percent of the penalty plus ten percent per annum on any amounts owed. Any administrative penalty paid pursuant to this section shall be handled in accordance with section 7 of article IX of the state constitution. An action may be brought in the appropriate circuit court to collect any unpaid administrative penalty, and for attorney's fees and costs incurred directly in the collection thereof.

3. An administrative penalty shall not be increased in those instances where department action, or failure to act, has caused a continuation of the violation that was a basis for the penalty. Any administrative penalty must be assessed within two years following the department's initial discovery of such alleged violation, or from the date the department in the exercise of ordinary diligence should have discovered such alleged violation.

4. The state may elect to assess an administrative penalty, or, in lieu thereof, to request that the attorney general or prosecutor file an appropriate legal action seeking a civil penalty in the appropriate circuit court.

5. Any final order imposing an administrative penalty **[**is subject to judicial review upon the filing of a petition pursuant to section 536.100**] may be appealed** by any person subject to the administrative penalty **as provided in section 260.235 and section 621.250, subject to judicial review as provided by law. No judicial review shall be available until all administrative remedies are exhausted**.

260.262. RETAILERS OF LEAD-ACID BATTERIES, DUTIES — NOTICE TO PURCHASER, CONTENTS. — A person selling lead-acid batteries at retail or offering lead-acid batteries for retail sale in the state shall:

(1) Accept, at the point of transfer, in a quantity at least equal to the number of new lead-acid batteries purchased, used lead-acid batteries from customers, if offered by customers;

(2) Post written notice which must be at least four inches by six inches in size and must contain the universal recycling symbol and the following language:

(a) It is illegal to discard a motor vehicle battery or other lead-acid battery;

(b) Recycle your used batteries; and

(c) State law requires us to accept used motor vehicle batteries, or other lead-acid batteries for recycling, in exchange for new batteries purchased; and

(3) Manage used lead-acid batteries in a manner consistent with the requirements of the state hazardous waste law;

(4) Collect at the time of sale a fee of fifty cents for each lead-acid battery sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the battery have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the seller as collection costs, shall be paid to the department of revenue in the form and manner required by the department and shall include the total number of batteries sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries sold for use in agricultural operations upon written certification by the purchaser; and

(5) The department of revenue shall administer, collect, and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection, and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the battery fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into the hazardous waste fund, created pursuant to section 260.391. The fee created in subdivision (4) and this subdivision shall be effective October 1, 2005. The provisions of subdivision (4) and this subdivision shall terminate December 31, **[**2013**]** **2018**.

The commission shall consist of seven members appointed by the governor with the advice and consent of the senate. No more than four members shall belong to the same political party. All members shall be representative of the general interest of the public and shall have an interest in and knowledge of waste management and the effects of improper waste management on health and the environment and shall serve in a manner consistent with the purposes of sections 260.350 to 260.430. **[**Three**]** **Four** of the members, but no more than **[**three**]** **four**, one for each interest, shall be knowledgeable of and may be employed in agriculture, **the retail petroleum industry,** the waste generating industry and the waste management industry. Except for the industry members, no member shall receive, or have received during the previous two years, a significant portion of income directly or indirectly from any license or permit holder or applicant for license or permit under any waste management act. At the first meeting of the commission and annually thereafter, the members shall select from among themselves a chairman and a vice chairman. Prior to any vote on any variance, appeal or order, they shall adopt a voting rule to exclude from such vote any member with a conflict of interest with respect to the matter at issue.

2. The members' terms of office shall be four years and until their successors are selected and qualified, except that, of those first appointed, three shall have a term of three years, two shall

have a term of two years and two shall have a term of one year as designated by the governor at the time of appointment. There is no limitation on the number of terms any appointed member may serve. If a vacancy occurs the governor may appoint a member for the remaining portion of the unexpired term created by the vacancy. The governor may remove any appointed member for cause. The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties, and shall receive fifty dollars per day for each day spent in the performance of their official duties while in attendance at regular commission meetings.

Special meetings may be called by three members of the commission upon delivery of written notice to each member of the commission. Reasonable written notice of all meetings shall be given by the department to all members of the commission. Four members of the commission shall constitute a quorum. All powers and duties conferred upon members of the commission shall be exercised personally by the members and not by alternates or representatives. All actions of the commission shall be taken at meetings open to the public. Any member absent from four consecutive regular commission meetings for any cause whatsoever shall be deemed to have resigned and the vacancy shall be filled immediately in accordance with this section.

After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, hazardous waste generators located in Missouri shall:

(1) Promptly file and maintain with the department, on registration forms it provides for this purpose, information on hazardous waste generation and management as specified by rules and regulations. Hazardous waste generators shall pay a one hundred dollar registration fee upon initial registration, and a one hundred dollar registration renewal fee annually thereafter to maintain an active registration. Such fees shall be deposited in the hazardous waste fund created in section 260.391;

(2) Containerize and label all hazardous wastes as specified by standards, rules and regulations;

(3) Segregate all hazardous wastes from all nonhazardous wastes and from noncompatible wastes, materials and other potential hazards as specified by standards, rules and regulations;

(4) Provide safe storage and handling, including spill protection, as specified by standards, rules and regulations, for all hazardous wastes from the time of their generation to the time of their removal from the site of generation;

(5) Unless provided otherwise in the rules and regulations, utilize only a hazardous waste transporter holding a license pursuant to sections 260.350 to 260.430 for the removal of all hazardous wastes from the premises where they were generated;

(6) Unless provided otherwise in the rules and regulations, provide a separate manifest to the transporter for each load of hazardous waste transported from the premises where it was generated. The generator shall specify the destination of such load on the manifest. The manner in which the manifest shall be completed, signed and filed with the department shall be in accordance with rules and regulations;

(7) Utilize for treatment, resource recovery, disposal or storage of all hazardous wastes, only a hazardous waste facility authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act, or any facility exempted from the permit required pursuant to section 260.395;

(8) Collect and maintain such records, perform such monitoring or analyses, and submit such reports on any hazardous waste generated, its transportation and final disposition, as

specified in sections 260.350 to 260.430 and rules and regulations adopted pursuant to sections 260.350 to 260.430;

(9) Make available to the department upon request samples of waste and all records relating to hazardous waste generation and management for inspection and copying and allow the department to make unhampered inspections at any reasonable time of hazardous waste generation and management facilities located on the generator's property and hazardous waste generation and management practices carried out on the generator's property;

(10) Pay annually, on or before January first of each year, effective January 1, 1982, a fee to the state of Missouri to be placed in the hazardous waste fund. The fee shall be five dollars per ton or portion thereof of hazardous waste registered with the department as specified in subdivision (1) of this subsection for the twelve-month period ending June thirtieth of the previous year. However, the fee shall not exceed fifty-two thousand dollars per generator site per year nor be less than one hundred fifty dollars per generator site per year;

(a) All moneys payable pursuant to the provisions of this subdivision shall be promptly transmitted to the department of revenue, which shall deposit the same in the state treasury to the credit of the hazardous waste fund created in section 260.391;

(b) The hazardous waste management commission shall establish and submit to the department of revenue procedures relating to the collection of the fees authorized by this subdivision. Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste registered, the form and submission of reports to accompany the payment of fees, the time and manner of payment of fees, which shall not be more often than quarterly**;**

(c) The director of the department of natural resources may conduct a comprehensive review of the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting. The commission shall not take a vote on the fee structure until the following regular meeting. If the commission approves, by vote of two-thirds majority, the hazardous waste fee structure recommendations, the commission shall promulgate by regulation and publish the recommended fee structure no later than October first of the same year. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year and the fee structure set out in this section shall expire upon the effective date of the commission adopted fee structure, contrary to subsection 4 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the fee structure contained in such regulation. If the general assembly so disapproves any regulation promulgated under this subsection, the hazardous waste management commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This subsection shall expire on August 28, 2023.

2. Missouri treatment, storage, or disposal facilities shall pay annually, on or before January first of each year, a fee to the department equal to two dollars per ton or portion thereof

for all hazardous waste received from outside the state. This fee shall be based on the hazardous waste received for the twelve-month period ending June thirtieth of the previous year.

3. Exempted from the requirements of this section are individual householders and farmers who generate only small quantities of hazardous waste and any person the commission determines generates only small quantities of hazardous waste on an infrequent basis, except that:

(1) Householders, farmers and exempted persons shall manage all hazardous wastes they may generate in a manner so as not to adversely affect the health of humans, or pose a threat to the environment, or create a public nuisance; and

(2) The department may determine that a specific quantity of a specific hazardous waste requires special management. Upon such determination and after public notice by press release or advertisement thereof, including instructions for handling and delivery, generators exempted pursuant to this subsection shall deliver, but without a manifest or the requirement to use a licensed hazardous waste transporter, such waste to:

(a) Any storage, treatment or disposal site authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act which the department designates for this purpose; or

(b) A collection station or vehicle which the department may arrange for and designate for this purpose.

4. Failure to pay the fee, or any portion thereof, prescribed in this section by the due date shall result in the imposition of a penalty equal to fifteen percent of the original fee. The fee prescribed in this section shall expire December 31, **[**2013**]** **2018**, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

260.390. DUTIES OF HAZARDOUS WASTE FACILITY OWNERS AND OPERATORS — TAX TO BE COLLECTED, DISPOSITION — DUTIES UPON TERMINATION OF USE OF FACILITY — INSPECTION FEES, COMMERCIAL FACILITIES, REQUIREMENTS. — 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, hazardous waste facility owners or operators shall:

(1) Not construct, substantially alter or operate**[**, including all postclosure activities and operations specified in the rules and regulations,**]** a hazardous waste facility without first obtaining a hazardous waste facility permit from the department as specified in section 260.395;

(2) Operate the facility according to the standards, rules and regulations adopted under sections 260.350 to 260.430 and all terms and conditions of the permit;

(3) Unless otherwise provided in sections 260.350 to 260.430 or the rules and regulations adopted hereunder, accept delivery of hazardous waste only if delivery is by a hazardous waste transporter holding a license under sections 260.350 to 260.430, the shipment is accompanied by a manifest properly completed by both the generator and transporter and their facility is the destination indicated by the generator on the manifest. Exempted from the requirements of this subsection are deliveries, when directed by the department, from householders, farmers and other persons exempted from generator responsibilities under provisions of section 260.380 and deliveries made in emergency situations as specified in sections 260.350 to 260.550 or the rules and regulations adopted hereunder. For such exempted deliveries they shall make a record of any waste accepted, its type, quantity, origin and the identity of the person making the delivery and promptly report this information to the department;

(4) Complete, sign and file the facility operator portion of the manifest as specified in rules and regulations adopted under sections 260.350 to 260.430;

(5) Whenever final disposition is to be achieved at another hazardous waste or exempted facility, initiate a new manifest and comply with the other responsibilities of generators specified in sections 260.350 to 260.430 and in rules and regulations and terms and conditions of their permit adopted or issued hereunder;

(6) Collect and maintain such records, submit such reports and perform such monitoring as specified in sections 260.350 to 260.430 and in rules and regulations and terms and conditions of their permit adopted or issued hereunder;

(7) Make available to the department, upon request, samples of wastes received and all records, for inspection and copying, relating to hazardous waste management and allow the department to make unhampered inspections at any reasonable time of all facilities and equipment.

2. All hazardous waste landfills shall collect, on behalf of the state from each hazardous waste generator or transporter, a tax equal to two percent of the gross charges and fees charged such generator for disposal at the landfill site to be placed in the hazardous waste fund to be used solely for the administration of sections 260.350 to 260.430. The tax shall be accounted for separately on the statement of charges and fees made to the hazardous waste generator and shall be collected at the time of the collection of such charges and fees. All moneys payable under the provisions of this subsection shall be promptly transmitted to the department of revenue, which shall daily deposit the same in the state treasury to the credit of the hazardous waste fund. The hazardous waste management commission shall establish and submit to the department of revenue procedures relating to the collection of the taxes authorized by this subsection. Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste received, the form and submission of reports to accompany the payment of taxes, the time and manner of payment of taxes, which shall not be more often than quarterly.

3. The owner or operator of a hazardous waste disposal facility must close that facility upon termination of its operation, and shall after closure of the facility provide for protection during a postclosure care period, in accordance with the requirements of the commission, including the funds necessary for same. Protection shall include, but not be limited to, monitoring and maintenance subject to the rules and regulations of the hazardous waste management commission. The owner or operator shall maintain a hazardous waste facility permit for the postclosure care period. The operator and the state may enter into an agreement consistent with the rules and regulations of the hazardous waste management commission where the state may accept deed to, and monitor and maintain the site.

4. All owners or operators of hazardous waste facilities who have obtained, or are required to obtain, a hazardous waste facility permit from the department and who accept, on a commercial basis for remuneration, hazardous waste from off-site sources, but not including wastes generated by the same person at other sites located in Missouri or within a metropolitan statistical area located partially in Missouri and owned or operated by the same person and transferred to the hazardous waste facility, for treatment, storage or disposal, shall pay fees for inspections conducted by the department to determine compliance with sections 260.350 to 260.430 and the rules promulgated thereunder. Hazardous waste facility inspection fees shall be specified by the hazardous waste management commission by rule. The inspection fees shall be used by the department as specified in subsection 3 of section 260.391.

260.395. TRANSPORTATION OF HAZARDOUS WASTE, HOW PERMITTED — FEES, HOW DETERMINED — NOTICE PRIOR TO ISSUANCE OF PERMIT — PERMIT NOT REQUIRED OF WHOM — APPLICATION FOR CERTIFICATION, WHEN — PERMIT MAINTAINED FOR POSTCLOSURE CARE PERIOD — LEACHATE COLLECTION SYSTEM REQUIRED — RAILROAD HAZARDOUS WASTE TRANSPORTATION, FEE. — 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, it shall be unlawful for any person to transport any hazardous waste in this state without first obtaining a hazardous waste transporter license. Any person transporting hazardous waste in this state shall file an application for a license pursuant to this subsection which shall:

(1) Be submitted on a form provided for this purpose by the department and shall furnish the department with such equipment identification and data as may be necessary to demonstrate to the satisfaction of the department that equipment engaged in such transportation of hazardous

waste, and other equipment as designated in rules and regulations pursuant to sections 260.350 to 260.430, is adequate to provide protection of the health of humans and the environment and to comply with the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430. If approved by the department, this demonstration of protection may be satisfied by providing certification that the equipment so identified meets and will be operated in accordance with the rules and regulations of the Missouri public service commission and the federal Department of Transportation for the transportation of the types of hazardous materials for which it will be used;

(2) Include, as specified by rules and regulations, demonstration of financial responsibility, including, but not limited to, guarantees, liability insurance, posting of bond or any combination thereof which shall be related to the number of units, types and sizes of equipment to be used in the transport of hazardous waste by the applicant;

(3) Include, as specified in rules and regulations, a fee payable to the state of Missouri which shall consist of an annual application fee, plus an annual use fee based upon tonnage, mileage or a combination of tonnage and mileage. The fees established pursuant to this subdivision shall be set to generate, as nearly as is practicable, six hundred thousand dollars annually. No fee shall be collected pursuant to this subdivision from railroads that pay a fee pursuant to subsection 19 of this section. Fees collected pursuant to this subdivision shall be deposited in the hazardous waste fund created pursuant to section 260.391.

2. If the department determines the application conforms to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430, it shall issue the hazardous waste transporter license with such terms and conditions as it deems necessary to protect the health of humans and the environment. The department shall act within ninety days after receipt of the application. If the department denies the license, it shall issue a report to the applicant stating the reason for denial of the license.

3. A license may be suspended or revoked whenever the department determines that the equipment is or has been operated in violation of any provision of sections 260.350 to 260.430 or any standard, rule or regulation, order, or license term or condition adopted or issued pursuant to sections 260.350 to 260.430, poses a threat to the health of humans or the environment, or is creating a public nuisance.

4. Whenever a license is issued, renewed, denied, suspended or revoked by the department, any aggrieved person, by petition filed with the department within thirty days of the decision, may appeal such decision and shall be entitled to a hearing as provided in section 260.400.

5. A license shall be issued for a period of one year and shall be renewed upon proper application by the holder and a determination by the department that the applicant is in compliance with all provisions of sections 260.350 to 260.430 and all standards, rules and regulations, orders and license terms and conditions adopted or issued pursuant to sections 260.350 to 260.430.

6. A license is not required for the transport of any hazardous waste on the premises where it is generated or onto contiguous property owned by the generator thereof, or for those persons exempted in section 260.380. Nothing in this subsection shall be interpreted to preclude the department from inspecting unlicensed hazardous waste transporting equipment and to require that it be adequate to provide protection for the health of humans and the environment.

7. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, it shall be unlawful for any person to construct, substantially alter or operate, including **[**postclosure activities and**]** operations specified in the rules and regulations, a hazardous waste facility without first obtaining a hazardous waste facility permit for such construction, alteration or operation from the department. Such person must submit to the department at least ninety days prior to submitting a permit application a letter of

intent to construct, substantially alter or operate any hazardous waste disposal facility. The person must file an application within one hundred eighty days of the filing of a letter of intent unless granted an extension by the commission. The department shall publish such letter of intent as specified in section 493.050 within ten days of receipt of such letter. The letter shall be published once each week for four weeks in the county where the hazardous waste disposal facility is proposed. Once such letter is submitted, all conditions for the permit application evaluation purposes in existence as of the date of submission shall be deemed frozen, in that no subsequent action by any person to change such conditions in an attempt to thwart a fair and impartial decision on the application for a permit shall be allowed as grounds for denial of the permit. Any person before constructing, substantially altering or operating a hazardous waste facility in this state shall file an application for a permit which shall:

(1) Be submitted on a form provided for this purpose by the department and shall furnish the department with plans, specifications and such other data as may be necessary to demonstrate to the satisfaction of the department that such facility does or will provide adequate protection of the health of humans and the environment and does or will comply with the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430;

(2) Include plans, designs, engineering reports and relevant data for construction, alteration or operation of a hazardous waste facility, to be submitted to the department by a registered professional engineer licensed by this state;

(3) Include, as specified by rules and regulations, demonstration of financial responsibility, including, but not limited to, guarantees, liability insurance, posting of bond or any combination thereof, which shall be related to type and size of facility;

(4) Include such environmental and geologic information, assessments and studies as required by the rules and regulations of the commission;

(6)**]** Include a fee payable to the state of Missouri which shall not exceed one thousand dollars, which shall cover the first year of the permit, if issued, but which is not refundable. If the permit is issued for more than one year, a fee equal in amount to the first year's fee shall be paid to the state of Missouri prior to issuance of the permit for each year the permit is to be in effect beyond the first year;

[(7)**] (6)** The department shall supervise any field work undertaken to collect geologic and engineering data for submission with the application. (2) Prior to issuing**[**, reviewing every five years as required in subsection 12 of this section,**]** or renewing a hazardous waste disposal facility permit the department shall issue public notice by press release and advertisement and shall notify all record owners of property, within one mile of the outer boundaries of the site, by mail directed to the last known address; and shall hold a

public hearing after public notice as required in this subsection at a location convenient to the area affected by the issuance of the permit.

9. If the department determines that the application conforms to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430, it shall issue the hazardous waste facility permit, with such terms and conditions and require such testing and construction supervision as it deems necessary to protect the health of humans or the environment. The department shall act within one hundred and eighty days after receipt of the application. If the department denies the permit, it shall issue a report to the applicant stating the reason for denial of a permit.

10. A permit may be suspended or revoked whenever the department determines that the hazardous waste facility is, or has been, operated in violation of any provision of sections 260.350 to 260.430 or any standard, rule or regulation, order or permit term or condition adopted or issued pursuant to sections 260.350 to 260.430, poses a threat to the health of humans or the environment or is creating a public nuisance.

11. Whenever a permit is issued, renewed, denied, suspended or revoked by the department, any aggrieved person, by petition filed with the department within thirty days of the decision, may appeal such decision and shall be entitled to a hearing as provided in section 260.400.

12. A permit shall be issued for a fixed term, which shall not exceed ten years in the case of any land disposal facility, storage facility, incinerator, or other treatment facility. **[**Each permit for a land disposal facility shall be reviewed five years after the date of its issuance or reissuance and shall be modified as necessary to assure that the facility continues to comply with the currently applicable requirements of federal and state law.**]** Nothing in this subsection shall preclude the department from reviewing and modifying a permit at any time during its term. Review of any application for a permit renewal shall consider improvements in the state of control and measurement technology as well as changes in applicable regulations. Each permit issued pursuant to this section shall contain such terms and conditions as the department determines necessary to protect human health and the environment, and upon proper application by the holder and a determination by the department that the applicant is in compliance with all provisions of sections 260.350 to 260.430 and all standards, rules and regulations, orders and permit terms and conditions adopted or issued pursuant to sections 260.350 to 260.430.

13. A hazardous waste facility permit is not required for:

(1) On-site storage of hazardous wastes where such storage is exempted by the commission by rule or regulation; however, such storage must conform to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the applicable standards, rules and regulations adopted pursuant to sections 260.350 to 260.430 and any other applicable hazardous materials storage and spill-prevention requirements provided by law;

(2) A publicly owned treatment works which has an operating permit pursuant to section 644.051 and is in compliance with that permit;

(3) A resource recovery facility which the department certifies uses hazardous waste as a supplement to, or substitute for, nonwaste material, and that the sole purpose of the facility is manufacture of a product rather than treatment or disposal of hazardous wastes;

(4) That portion of a facility engaged in hazardous waste resource recovery, when the facility is engaged in both resource recovery and hazardous waste treatment or disposal, provided the owner or operator can demonstrate to the department's satisfaction and the department finds that such portion is not intended and is not used for hazardous waste treatment or disposal.

14. Facilities exempted pursuant to subsection 13 of this section must comply with the provisions of subdivisions (3) to (7) of section 260.390 and such other requirements, to be specified by rules and regulations, as are necessary to comply with any federal hazardous waste management act or regulations hereunder. Generators who use such an exempted facility shall keep records of hazardous wastes transported, except by legal flow through sewer lines, to the

facility and submit such records to the department in accordance with the provisions of section 260.380 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430. Any person, before constructing, altering or operating a resource recovery facility in this state shall file an application for a certification. Such application shall include:

(1) Plans, designs, engineering reports and other relevant information as specified by rule that demonstrate that the facility is designed and will operate in a manner protective of human health and the environment; and

(2) An application fee of not more than five hundred dollars for a facility that recovers waste generated at the same facility or an application fee of not more than one thousand dollars for a facility that recovers waste generated at off-site sources. Such fees shall be deposited in the hazardous waste fund created in section 260.391. The department shall review such application for conformance with applicable laws, rules and standard engineering principles and practices. The department may at any time require submission of, or the owner or operator may at any time voluntarily submit, a complete application for a permit pursuant to sections 260.350 to 260.430 and commission regulations. The authority to operate pursuant to this subsection shall cease one hundred eighty days after the department has notified an owner or operator that an application for permit pursuant to sections 260.350 to 260.430 must be submitted, unless within such time the owner or operator submits a completed application therefor. Upon submission of a complete application, the authority to operate pursuant to this subsection shall continue for such reasonable time as is required to complete the administrative disposition of the permit application. If a facility loses its federal interim status, or the Environmental Protection Agency requires the owner or operator to submit Part B of the federal application, the department shall notify the owner or operator that an application for a permit must be submitted pursuant to this subsection. In addition to compliance with the federal interim status requirements, the commission shall have the authority to adopt regulations requiring persons operating pursuant to this subsection to meet additional state interim status requirements.

16. [A license or permit shall not be issued to any person who is determined by the department to habitually engage in or to have habitually engaged in hazardous waste management practices which pose a threat to the health of humans or the environment or who is determined by the department to habitually violate or to have habitually violated the requirements of the Missouri solid or hazardous waste laws, the solid or hazardous waste laws of other states or federal laws pertaining to hazardous waste. Nor shall a license or permit be issued to any person who has been adjudged in contempt of any court order enforcing the provisions of the Missouri solid or hazardous waste laws, the solid or hazardous waste laws of other states or federal laws pertaining to hazardous waste or who has offered, in person or through an agent, any inducement, including any discussion of potential employment opportunities, to any employee of the department when such person has an application for a permit pending or a permit under review. For the purposes of this subsection, the term "person" shall include any officer or management employee of the applicant, or any officer or management employee of any corporation or business which owns an interest in the applicant, or any officer or management employee of any business which is owned either wholly or in part by any person, corporation, or business which owns an interest in the applicant.

17.**]** No person, otherwise qualified pursuant to sections 260.350 to 260.430 for a license to transport hazardous wastes or for a permit to construct, substantially alter or operate a hazardous waste facility, shall be denied such license or permit on the basis of a lack of need for such transport service or such facility because of the existence of other services or facilities capable of meeting that need; except that permits for hazardous waste facilities may be denied on determination made by the department that the financial resources of the persons applying are such that the continued operation of the sites in accordance with sections 260.350 to 260.430 cannot be reasonably assured or on determination made by the department that the probable volume of business is insufficient to ensure and maintain the solvency of then existing permitted hazardous waste facilities.

[18.**] 17.** All hazardous waste landfills constructed after October 31, 1980, shall have a leachate collection system. The rules and regulations of the commission shall treat and protect all aquifers to the same level of protection. The provisions of this subsection shall not apply to the disposal of tailings and slag resulting from mining, milling and primary smelting operations.

[19.**] 18.** Any railroad corporation as defined in section 388.010 that transports any hazardous waste as defined in section 260.360 or any hazardous substance as defined in section 260.500 shall pay an annual fee of three hundred fifty dollars. Fees collected pursuant to this subsection shall be deposited in the hazardous waste fund created in section 260.391.

No fee shall be imposed upon any hazardous waste generator who registers less than ten tons of hazardous waste annually pursuant to section 260.380, or upon:

(1) Hazardous waste which must be disposed of as provided by a remedial plan for an abandoned or uncontrolled hazardous waste site;

(2) Fly ash waste, bottom ash waste, slag waste and flue gas emission control waste generated primarily from the combustion of coal or other fossil fuels;

Following each annual reporting date, the state treasurer shall certify the amount deposited in the fund to the commission.

6. The state treasurer is authorized to deposit all of the moneys in the hazardous waste fund in any of the qualified depositories of the state. All such deposits shall be secured in such a manner and shall be made upon such terms and conditions as are now or may hereafter be provided for by law relative to state deposits. Interest received on such deposits shall be credited to the hazardous waste fund.

7. This fee shall expire December 31, **[**2013**]** **2018**, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

8. The director of the department of natural resources may conduct a comprehensive review of the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting. The commission shall not take a vote on the fee structure until the following regular meeting. If the commission approves, by vote of two-thirds majority, the hazardous waste fee structure recommendations, the commission shall promulgate by regulation and publish the recommended fee structure no later than October first of the same year. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year and the fee structure set out in this section shall expire upon the effective date of the commission adopted fee structure, contrary to subsection 9 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the fee structure contained in such regulation. If the general assembly so disapproves any regulation promulgated under this subsection, the hazardous waste management commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This subsection shall expire on August 28, 2023.

444.772. PERMIT — APPLICATION, CONTENTS, FEES — AMENDMENT, HOW MADE — SUCCESSOR OPERATOR, DUTIES OF. — 1. Any operator desiring to engage in surface mining shall make written application to the director for a permit.

2. Application for permit shall be made on a form prescribed by the commission and shall include:

(5) The written consent of the applicant and any other persons necessary to grant access to the commission or the director to the area of land affected under application from the date of application until the expiration of any permit granted under the application and thereafter for such time as is necessary to assure compliance with all provisions of sections 444.500 to 444.790 or any rule or regulation promulgated pursuant to them. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;

(6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and

(7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the

total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to

section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners of contiguous real property or real property located adjacent to the proposed mine plan area. The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the commission may consider in issuing a permit may request a public meeting, a public hearing or file written comments to the director no later than fifteen days following the final public notice publication date.

11. The commission may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, **[**2013**]** **2018**. No other provisions of this section shall expire.

621.250. APPEALS FROM DECISIONS OF CERTAIN ENVIRONMENTAL COMMISSIONS TO BE HEARD BY ADMINISTRATIVE HEARING COMMISSION — PROCEDURE. — 1. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission.". Within fifteen days after the administrative hearing commission renders **[**its**]** **a** recommended decision, it shall transmit the record and a transcript of the proceedings, together with the administrative hearing commission's recommended decision to the commission having authority to issue a final decision. The final decision of the commission shall be issued within one hundred eighty days of the date the notice of appeal in subsection 2 of this section is filed and shall be based only on the facts and evidence in the hearing record; provided, however, that the date by which the commission is required to issue a final decision may be extended at the sole discretion of the permittee as either petitioner or intervenor in the appeal. The commission may adopt the recommended decision as its final decision. The commission may change a finding of fact or conclusion of law made by the administrative hearing commission, or may vacate or modify the recommended decision issued by the administrative hearing commission, only if the commission states in writing the specific reason for a change made under this subsection.

4. In the event the person filing the appeal prevails in any dispute under this section, interest shall be allowed upon any amount found to have been wrongfully collected or erroneously paid at the rate established by the director of the department of revenue under section 32.065.

5. Appropriations shall be made from the respective funds of the **[**various commissions**]** **department of natural resources** to cover the administrative hearing commission's costs associated with these appeals.

6. In all matters heard by the administrative hearing commission under this section, the burden of proof shall comply with section 640.012. The hearings shall be conducted by the administrative hearing commission in accordance with the provisions of chapter 536 and its regulations promulgated thereunder.

7. No cause of action or appeal arising out of any finding, order, decision, or assessment of any of the commissions listed in subsection 1 of this section shall accrue in any court unless the party seeking to file such cause of action or appeal shall have filed a notice of appeal and received a final decision in accordance with the provisions of this section.

640.017. UNIFIED PERMIT SCHEDULE AUTHORIZED FOR ACTIVITIES REQUIRING MULTIPLE PERMITS — DIRECTOR'S DUTIES — PROCEDURE — RULEMAKING AUTHORITY. — 1. **Notwithstanding any other provision of law,** for activities that may require multiple environmental state permits **or certifications**, an applicant may **[**request to coordinate**] directly petition the director for purposes of approving or denying such permits or certifications, and for purposes of coordinating** a unified permit schedule with the department which covers the timing and order to obtain such permits **in a coordinated and streamlined process**. In determining the schedule, the department and applicant shall consider which permits are most critical for the regulated activity, the need for unified public participation for all of the regulated aspects of the permitted activity, the applicant's anticipated staging of construction and financing for the permitted activity, and the applicant's use of innovative environmental approaches or strategies to minimize its environmental impacts.

2. **In order to facilitate a unified and streamlined permitting process, the director shall develop and implement a process to coordinate the processing of multiple environmental permits, certifications, or permit modifications from a single applicant.**

3. The department may initiate the unified permits process for a class of similar activities by notifying any known applicants interested in those regulated activities of the intent to use the unified process. To the extent practicable and consistent with the purposes of this section, the department shall coordinate with interested applicants on the unified permit schedule.

[3.**] 4.** The **[**department**] process developed and implemented by the director** shall **include working with such applicants in an effort to help** determine**, at the earliest stage,** all of the permits required for a specific proposed activity based on information provided by the applicant; additional information regarding the proposed activity may result in different permits being required. The department shall **[**propose**] inform applicants that** a unified permitting schedule **[**to interested applicants**] is available**. Any multiple-permit applicant may decline at any time to have its permits processed in accordance with the schedule and instead proceed **[**in**] on** a permit-by-permit approach. The department shall publicize the order and tentative schedule on the department's internet website.

[4.**] 5.** Following the establishment of a unified permit schedule, the director shall notify the applicant in writing of the order in which the applicant shall obtain permits. The department shall proceed to consider applications accordingly and may only modify the schedule with the consent of the applicant through the date of the public hearing. Each application shall be reviewed by the department based solely on its own merits and compliance with the applicable law.

[5.**]** **6.** The department shall coordinate with the applicant, to the extent possible, to align the unified permit process so that all public meetings or hearings related to the permits are consolidated into one hearing in a location near the facility.

[6.**]** **7.** In furtherance of this section, the director may waive otherwise applicable procedural requirements related to timing as set forth in state environmental laws or rules found in this chapter and chapters **236, 259,** 260, 444, **643,** and 644, so long as:

(1) The public comment periods related to each permit are not shortened; and

(2) The unified permitting schedule does not impair the ability of the applicant or the department to comply with substantive legal requirements related to the permit application.

[7.**]** **8.** The director shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

640.026. ENFORCEMENT AND PENALTIES, LIST OF DOCUMENTS PRODUCED FOR EXTERNAL DISSEMINATION — JCAR REVIEW, CONTENTS. — 1. The department of natural resources shall, by December 1, 2013, and annually thereafter, develop a list of all documents produced for external dissemination, excluding permits, that the department utilizes to implement enforcement actions or penalties levied by the department which have not been established in statute or have not been promulgated pursuant to chapter 536. The list and all documents referenced shall be provided to the joint committee on administrative rules for the purpose of a review, in consultation with the department, to determine if the documents are statements of general applicability that implement, interpret, or prescribe law or policy that should be subject to the rulemaking process prescribed in chapter 536.

2. All documents, excluding permits and rules, produced by the department for external dissemination shall contain:

(1) The name of the department;

For Missouri state parks' designated swim beaches, a standard that measures E. coli using the Environmental Protection Agency's Method 1603, or any other equivalent method that measures culturable E. coli, with the geometric mean (GM) of weekly sampling of one hundred ninety colony forming units per one hundred milliliters shall be utilized.**

2. If beaches exceed the GM standard established in subsection 1 of this section, the department of natural resources shall post the beach with signs that state "Swimming is Not Recommended".

3. The department reserves the right to close a beach in the event of a documented health risk including things such as but not limited to wastewater by-pass, extremely high sampling values, spills of hazardous chemicals, or localized outbreaks of an infectious disease.

640.715. NOTIFICATION BY OWNERS OR OPERATORS, INFORMATION REQUIRED — DEPARTMENT TO ISSUE PERMIT, WHEN. — 1. Prior to filing an application to acquire **[**a construction**]** **an operating** permit **for a new or expanded facility** from the department, the owner or operator of any class IA, class IB, or class IC concentrated animal feeding operation shall provide the following information to the department, to the county governing body and to all adjoining property owners of property located within one and one-half times the buffer distance as specified in subsection 2 of section 640.710 for the size of the proposed facility:

(1) The number of animals anticipated at such facility;

(2) The waste handling plan and general layout of the facility;

(3) The location and number of acres of such facility;

(4) Name, address, telephone number and registered agent for further information as it relates to subdivisions (1) to (3) of this subsection;

(6) The address of the regional or state office of the department. The department shall require proof of such notification upon accepting an application for **[**a construction**]** **an operating** permit **for a new or expanded facility**. The department shall accept written comments from the public for thirty days after receipt of application for **[**construction**]** **such** permit.

2. The department shall not issue **[**a**]** **an operating** permit to a facility described in subsection 1 of this section to engage in any activity regulated by the department unless the applicant is in compliance with sections 640.700 to 640.755.

3. The department shall issue **[**a**]** **an operating** permit or respond with a letter of comment to the owner or operator of such facility within forty-five days of receiving a completed permit application and verification of compliance with subsection 1 of this section.

640.725. INSPECTION OF FACILITY, WHEN, RECORDS RETENTION PERIOD — AUTOMATIC SHUTOFF SYSTEM REQUIRED. — 1. The owner or operator of any flush system animal waste wet handling facility shall employ one or more persons who shall **once per week** visually inspect the **[**animal waste wet handling facility and lagoons for unauthorized discharge and structural integrity at least every twelve hours with a deviation of not to exceed three hours**]** **gravity outfall lines, recycle pump stations, recycle force mains, and appurtenances for any release to any containment structure required by section 640.730. The owner or operator shall also visually inspect once per day any lagoon whose water level is less than twelve inches from the emergency spillway**. The owner or operator of the facility shall keep records of each inspection. Such records shall be retained for three years. The department shall provide or approve a form provided by the owner or operator for each facility for such inspections.

2. All new construction permits for flush system animal waste wet handling facilities shall have an electronic or mechanical shutoff of the system in the event of pipe stoppage. As of July 1, 1997, all existing flush system animal waste wet handling facilities shall have, at a minimum, an electronic or mechanical shutoff of the system in the event of pipe stoppage or backflow.

643.079. FEES, AMOUNT — DEPOSIT OF MONEYS, WHERE, SUBACCOUNT TO BE MAINTAINED — CIVIL ACTION FOR FAILURE TO REMIT FEES, EFFECT UPON PERMIT — AGENCIES, DETERMINATION OF FEES — FEE STRUCTURE REVIEW. — 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source under the definition of subsection 2 of section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air

contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

(1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;

(2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;

(3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year. A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. 7651, et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal Clean Air Act, as amended, 42 U.S.C. Section 7661, et seq., and used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990, as amended, 42 U.S.C. 7651, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080 to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against

the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. 7651, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. The director of the department of natural resources may conduct a comprehensive review of the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. Upon completion of the comprehensive review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the air conservation commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting. The commission shall review fee structure recommendations from the department. The commission shall not take a vote on the fee structure recommendations until the following regular or special meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall promulgate by regulation and publish the recommended fee structure no later than October first of the same year. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year and the fee structure set out in this section shall expire upon the effective date of the commission adopted fee structure. Any

regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the fee structure contained in such regulation. If the general assembly so disapproves any regulation promulgated under this subsection, the air conservation commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This subsection shall expire on August 28, 2023.

644.029. NEW WATER QUALITY REQUIREMENTS, GRANDFATHERING PROVISION. — The department shall allow an appropriate schedule of compliance for a permittee to make upgrades or changes to its facilities that are necessary to meet new water quality requirements. For publicly owned treatment works, schedules of compliance shall be consistent with affordability findings made under section 644.145. For privately owned treatment works, schedules of compliance shall be negotiated with the facilities recognizing their financial capabilities and shall reflect statewide performance expectations. The department shall incorporate new water quality requirements into existing permits at the time of permit renewal unless there are compelling reasons to implement these requirements earlier through permit modifications.

All new permit applicants may be required to meet any new water quality standards or classifications prescribed by the commission.

644.051. PROHIBITED ACTS — PERMITS REQUIRED, WHEN, FEE — BOND REQUIRED OF PERMIT HOLDERS, WHEN — PERMIT APPLICATION PROCEDURES — RULEMAKING — LIMITATION ON USE OF PERMIT FEE MONEYS — PERMIT SHIELD PROVISIONS. — 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to **[**build, erect, alter, replace,**]** operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds **[**a**]** **an operating** permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no **operating** permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. **[**Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the director for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the director for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The director shall promptly investigate each

application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the director determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the director shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the director determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the director shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act**] It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:**

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; and

(4) Any other exclusions the commission may promulgate by rule.

However, nothing shall prevent the department from taking action to assure protection of the environment and human health. A construction permit may be required where necessary as determined by the department, including the following:

(a) Substantial deviation from the commission's design standards;

(b) To correct noncompliance;

(c) When an unauthorized discharge has occurred or has the potential to occur; or

(d) To correct a violation of water quality standards.

In addition, any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of this subsection. All other construction-related activities at point sources shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

a. Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

b. Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

c. Such point source system may receive a post-construction site inspection by the department prior to receiving operating permit approval. A site inspection may be performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete.

A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

4. Before issuing **[**a permit to build or enlarge a water contaminant or point source or reissuing any permit**] any permit required by this section**, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit. Applications seeking to renew coverage under a general permit shall be submitted at least thirty days prior to the expiration of the general permit, unless the permittee has been notified by the director that an earlier application must be made. General permits may be applied for and issued electronically once made available by the director.

11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any

substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

13. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the permits within sixty days of the department's receipt of an application. For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application seeking coverage under an initial general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the department's receipt of the application. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's

permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

16. The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. 1342(k), and its implementing regulations, for permits issued pursuant to chapter 644.

17. Prior to the development of a new general permit or reissuance of a general permit for aquaculture, land disturbance requiring a storm water permit, or reissuance of a general permit under which fifty or more permits were issued under a general permit during the immediately preceding five-year period for a designated category of water contaminant sources, the director shall implement a public participation process complying with the following minimum requirements:

(1) For a new general permit or reissuance of a general permit, a general permit template shall be developed for which comments shall be sought from permittees and other interested persons prior to issuance of the general permit;

(2) The director shall publish notice of his intent to issue a new general permit or reissue a general permit by posting notice on the department's website at least one hundred eighty days before the proposed effective date of the general permit;

(3) The director shall hold a public informational meeting to provide information on anticipated permit conditions and requirements and to receive informal comments from permittees and other interested persons. The director shall include notice of the public informational meeting with the notice of intent to issue a new general permit or reissue a general permit under subdivision (2) of this subsection. The notice of the public informational meeting, including the date, time and location, shall be posted on the department's website at least thirty days in advance of the public meeting. If the meeting is being held for reissuance of a general permit, notice shall also be made by electronic mail to all permittees holding the current general

permit which is expiring. Notice to current permittees shall be made at least twenty days prior to the public meeting;

(4) The director shall hold a thirty-day public comment period to receive comments on the general permit template with the thirty-day comment period expiring at least sixty days prior to the effective date of the general permit. Scanned copies of the comments received during the public comment period shall be posted on the department's website within five business days after close of the public comment period;

(5) A revised draft of a general permit template and the director's response to comments submitted during the public comment period shall be posted on the department's website at least forty-five days prior to issuance of the general permit. At least forty-five days prior to issuance of the general permit the department shall notify all persons who submitted comments to the department that these documents have been posted to the department's website;

(6) Upon issuance of a new or renewed general permit, the general permit shall be posted to the department's website.

18. Notices required to be made by the department pursuant to subsection 17 of this section may be made by electronic mail. The department shall not be required to make notice to any permittee or other person who has not provided a current electronic mail address to the department. In the event the department chooses to make material modifications to the general permit before its expiration, the department shall follow the public participation process described in subsection 17 of this section.

Fees collected pursuant to subsection 10 of section 644.052 by a city, a public sewer district, a public water district or other publicly owned treatment works are state fees. Five percent of the fee revenue collected shall be retained by the city, public sewer district, public water district or other publicly owned treatment works as reimbursement of billing and collection expenses.

The review shall include stakeholder meetings in order to solicit stakeholder input. The director shall submit a report to the general assembly by December 31, 2012, which shall include its findings and a recommended plan for the fee structure. The plan shall also include time lines for permit issuance, provisions for expedited permits, and recommendations for any other improved services provided by the fee funding.

644.057. CLEAN WATER FEE STRUCTURE REVIEW, REQUIREMENTS. — The director of the department of natural resources may conduct a comprehensive review of the clean water fee structure set forth in sections 644.052 and 644.053. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: agriculture, industry, municipalities, public and private wastewater facilities, and the development community. Upon completion of the comprehensive

review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the clean water commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting under subsection 3 of section 644.021. The commission shall not take a vote on the clean water fee structure recommendations until the following regular or special meeting. In no case shall the clean water commission adopt or recommend any clean water fee in excess of five thousand dollars. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the clean water fee structure recommendations, the commission shall promulgate by regulation and publish the recommended clean water fee structure no later than October first of the same year. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If the general assembly so disapproves any regulation promulgated under this subsection, the clean water commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This section shall expire on August 28, 2023.

644.062. PROVISIONAL VARIANCES GRANTED, WHEN — PROCEDURE. — 1. The director may grant provisional variances whenever it is determined, upon application of adequate proof, that compliance on a short-term basis with the limitations prescribed in sections 644.006 to 644.141, or rule, standard, requirement, limitation, or order of the director adopted thereto due to conditions beyond reasonable control such as extended elevated temperatures or extreme drought conditions will result in an arbitrary or unreasonable hardship that exists solely because of the regulatory requirement in question and the costs of compliance are substantial and certain. If the hardship complained of consists solely of the need for a reasonable delay in which to correct a violation of sections 644.006 to 644.141, or rule, standard, requirement, limitation, or order of the director, the director shall condition the grant of such variance upon the posting of sufficient performance bond or other security to assure the completion of the work covered by the variance. In granting such provisional variance, the director shall consider the hardship imposed by requiring compliance on a short-term basis and adverse impacts that may result from granting the provisional variance. The director shall exercise wide discretion in weighing the equities involved and the advantages and disadvantages to the applicant and to those affected by water contaminants emitted by the applicant.

2. Any provisional variance granted by the director under this section shall be for a period not to exceed forty-five days. A provisional variance may be extended by the director up to an additional forty-five days, but in no event longer than ninety days in one calendar year.

There shall be a two hundred fifty dollar filing fee payable to the state of Missouri with each petition for provisional variance. the person may initiate a proceeding under section 644.061. The director may condition any provisional variance as sections 644.006 to 644.141, or rule, standard, requirement, limitation or order of the director may require.

4. If the director grants a provisional variance under this section, he or she shall promptly notify the petitioner and shall file a copy of the written decision with the commission. The commission must maintain, for public inspection, copies of all provisional variances filed with it by the director.

3. The joint committee may hold hearings as it deems advisable and may obtain any input or information necessary to fulfill its obligations. The committee may make reasonable requests for staff assistance from the research and appropriations staffs of the house and senate and the committee on legislative research, as well as the department of natural resources and representatives of solid waste management districts.

4. The joint committee shall prepare a final report, together with its recommendations for any legislative action deemed necessary, for submission to the general assembly by December 31, 2013, at which time the joint committee shall be dissolved.

5. Members of the committee shall receive no compensation but may be reimbursed for reasonable and necessary expenses associated with the performance of their official duties.

The department, as it deems necessary, shall from time to time investigate and determine the prevailing hourly rate of wages **for heavy and highway construction work** in the localities. **In doing so, the department shall accept and consider information regarding local wage rates that is submitted in either paper or electronic formats.** A determination applicable to every locality to be contained in a general wage order shall be made annually on or before July first of each year for the Missouri state highways and transportation commission and shall remain in effect until superseded by a new general wage order. In determining prevailing rates, the department shall ascertain and consider the applicable wage rates established by collective bargaining agreements, if any, and the rates that are paid generally within the locality.

2. A certified copy of the determination so made shall be filed immediately with the secretary of state and with the department in Jefferson City. Copies shall be supplied by the department to all persons requesting them within ten days after the filing.

3. At any time within thirty days after the certified copies of the determinations have been filed with the secretary of state and the department, any person who is affected thereby may object in writing to the determination or the part thereof that he deems objectionable by filing a written notice with the department, stating the specific grounds of the objection.

4. Within thirty days of the receipt of the objection, the department shall set a date for a hearing on the objection. The date for the hearing shall be within sixty days of the receipt of the objection. Written notice of the time and place of the hearing shall be given to the objectors at least ten days prior to the date set for the hearing.

5. The department at its discretion may hear each written objection separately or consolidate for hearing any two or more written objections. At the hearing the department shall first introduce in evidence the investigation it instituted and the other facts which were considered at the time of the original determination which formed the basis for its determination. The department, or the objector, or any interested party, thereafter may introduce any evidence that is material to the issues.

6. Within twenty days of the conclusion of the hearing, the department must rule on the written objection and make the final determination that it believes the evidence warrants. Immediately, the department shall file a certified copy of its final determination with the secretary of state and with the department and shall serve a copy of the final determination on all parties to the proceedings by personal service or by registered mail.

7. This final decision of the department of the prevailing wages in the locality is subject to review in accordance with the provisions of chapter 536. Any person affected, whether or not

the person participated in the proceedings resulting in the final determination, may have the decision of the department reviewed. The filing of the final determination with the secretary of state shall be considered a service of the final determination on persons not participating in the administrative proceedings resulting in the final determination.

8. At any time before trial any person affected by the final determination of the department may intervene in the proceedings to review under chapter 536 and be made a party to the proceedings.

9. All proceedings in any court affecting a determination of the department under the provisions of sections 290.210 to 290.340 shall have priority in hearing and determination over all other civil proceedings pending in the court, except election contests.

290.262. DETERMINATION OF HOURLY RATE BY LOCATION AND OCCUPATION TITLE, WHEN MADE, WHERE FILED — OBJECTIONS, HEARINGS — FINAL DETERMINATION — NOTICE TO DEPARTMENT BY PUBLIC BODY, WHEN. — 1. Except as otherwise provided in section 290.260, the department shall annually **[**investigate and**]** determine the prevailing hourly rate of wages in each locality for each separate occupational title. **In doing so, the department shall accept and consider information regarding local wage rates that is submitted in either paper or electronic formats.** A final determination applicable to every locality to be contained in an annual wage order shall be made annually on or before July first of each year and shall remain in effect until superseded by a new annual wage order or as otherwise provided in this section. **[**In determining prevailing rates, the department shall ascertain and consider the applicable wage rates established by collective bargaining agreements, if any, and the rates that are paid generally within the locality, and**]** **The department** shall, by March tenth of each year, make an initial determination for each occupational title within the locality.

2. **The prevailing wage rate for an occupational title in a locality shall, with the exception of localities that are counties of the third and fourth classification and any county of the second classification with more than fifty-eight thousand but fewer than sixty-five thousand inhabitants, be the wage rate most commonly paid, as measured by the number of hours worked at each wage rate, for that occupational title within that locality. In determining such prevailing wage rates, the department shall ascertain and consider the applicable wage rates established by collective bargaining agreements, if any, when no wages were reported.**

3. With respect only to localities that are counties of the third and fourth classification and any county of the second classification with more than fifty-eight thousand but fewer than sixty-five thousand inhabitants, the prevailing wage rate for an occupational title within such locality shall be determined in the following manner:

(1) The total number of hours worked that are not paid pursuant to a collective bargaining agreement for the time period in that occupational title in the locality and the total number of hours worked that are paid pursuant to a collective bargaining agreement for the time period in that occupational title in the locality shall be considered;

(2) If the total number of hours that are not paid pursuant to a collective bargaining agreement, in the aggregate, exceeds the total number of hours that are paid pursuant to such an agreement, in the aggregate, then the prevailing wage rate shall be the rate most commonly paid that is not paid pursuant to a collective bargaining agreement as measured by the number of hours worked at such rate for that occupational title within the locality;

(3) If the total number of hours that are paid pursuant to a collective bargaining agreement, in the aggregate, exceeds the total number of hours that are not paid pursuant to such an agreement, in the aggregate, then the prevailing wage rate shall be the rate most commonly paid that is paid pursuant to a collective bargaining agreement as measured by the number of hours worked at such rate for that occupational title within the locality;

(4) If no work within a particular occupational title has been performed in a locality at any wage rate, the prevailing wage rate for that occupational title in that locality shall be determined in the following manner:

(a) If wages were reported for an occupational title within a locality within the previous six annual wage order reporting periods and the prevailing wage rate was determined by a collective bargaining agreement by hours worked pursuant to such agreement in the most recent annual wage order reporting period where such wages were reported, then the wage rate paid pursuant to the current collective bargaining agreement shall be the prevailing rate for that occupational title within the locality;

(b) If wages were reported for an occupational title within a locality within the previous six annual wage order reporting periods and the prevailing wage rate was not determined by hours worked pursuant to a collective bargaining agreement in the most recent annual wage order reporting period where such wages were reported, then the wage rate paid in the most recent annual wage order reporting period when such wages were reported shall be the prevailing wage rate for that occupational title within the locality;

(c) If no wages were reported for an occupational title within a locality within the previous six annual wage order reporting periods, the department shall examine hours and wages reported in all adjacent Missouri counties during the same periods. The most recent reported wage rate in a given wage order period in the adjacent Missouri county with the most reported hours actually worked for that occupational title in the wage period during the previous six annual wage order reporting periods shall be used to determine the prevailing wage rate;

(d) If no wages were reported for an occupational title within any adjacent Missouri county within the previous six annual wage order reporting periods, then the rate paid pursuant to the current collective bargaining agreement shall be the prevailing wage rate for that occupational title within the locality.

4. A certified copy of the initial determinations so made shall be filed immediately with the secretary of state and with the department in Jefferson City. Copies shall be supplied by the department to all persons requesting them within ten days after the filing.

[3.**]** **5.** At any time within thirty days after the certified copies of the determinations have been filed with the secretary of state and the department, any person who is affected thereby may object in writing to a determination or a part thereof that he deems objectionable by filing a written notice with the department, stating the specific grounds of the objection. If no objection is filed, the determination is final after thirty days.

[4.**]** **6.** After the receipt of the objection, the department shall set a date for a hearing on the objection. The date for the hearing shall be within sixty days of the receipt of the objection. Written notice of the time and place of the hearing shall be given to the objectors at least ten days prior to the date set for the hearing.

[5.**]** **7.** The department at its discretion may hear each written objection separately or consolidate for hearing any two or more written objections. At the hearing the department shall first introduce in evidence the investigation it instituted and the other facts which were considered at the time of the original determination which formed the basis for its determination. The department, or the objector, or any interested party, thereafter may introduce any evidence that is material to the issues.

[6.**]** **8.** Within twenty days of the conclusion of the hearing, the department shall rule on the written objection and make the final determination that it believes the evidence warrants. Immediately, the department shall file a certified copy of its final determination with the secretary of state and with the department and shall serve a copy of the final determination on all parties to the proceedings by personal service or by registered mail.

[7.**]** **9.** This final decision of the department of the prevailing wages in the locality for each occupational title is subject to review in accordance with the provisions of chapter 536.

Any person affected, whether or not the person participated in the proceedings resulting in the final determination, may have the decision of the department reviewed. The filing of the final determination with the secretary of state shall be considered a service of the final determination on persons not participating in the administrative proceedings resulting in the final determination.

[8.**] 10.** At any time before trial any person affected by the final determination of the department may intervene in the proceedings to review under chapter 536 and be made a party to the proceedings.

[9.**] 11.** Any annual wage order made for a particular occupational title in a locality**, that is based on the number of hours worked under a collective bargaining agreement,** may be altered once each year, as provided in this subsection. The prevailing wage for each such occupational title may be adjusted on the anniversary date of any collective bargaining agreement which covers all persons in that particular occupational title in the locality in accordance with any annual incremental wage increases set in the collective bargaining agreement. If the prevailing wage for an occupational title is adjusted pursuant to this subsection, the employee's representative or employer in regard to such collective bargaining agreement shall notify the department of this adjustment, including the effective date of the adjustment. The adjusted prevailing wage shall be in effect until the next final annual wage order is issued pursuant to this section. The wage rates for any particular job, contracted and commenced within sixty days of the contract date, which were set as a result of the annual or revised wage order, shall remain in effect for the duration of that particular job.

[10.**] 12.** In addition to all other reporting requirements of sections 290.210 to 290.340, each public body which is awarding a contract for a public works project shall, prior to beginning of any work on such public works project, notify the department, on a form prescribed by the department, of the scope of the work to be done, the various types of craftsmen who will be needed on the project, and the date work will commence on the project.

(1) Disclose that portable electronics insurance may provide a duplication of coverage already provided by a customer's homeowner's, renter's, or other source of coverage**[**, and that the portable electronics insurance coverage is primary over any other collateral coverage**]**;

(2) State that the enrollment by the customer in a portable electronics insurance program is not required in order to purchase or lease portable electronics or services;

(3) Summarize the material terms of the insurance coverage, including:

The supervising business entity shall be responsible for the development of a training program for employees and authorized representatives of a vendor, and shall include basic instruction about the portable electronics insurance offered to customers and the disclosures required under this section.

4. Insurers and applicable supervising business entities offering portable electronics insurance shall share all complaint, grievance, or inquiries regarding any conduct that is specific to a vendor and that may not comply with applicable state laws and regulations.

5. A supervising business entity shall maintain a registry of vendor locations which are authorized to sell or solicit portable electronics insurance coverage in this state. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when

accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. **No person may be issued a commercial driver's instruction permit until he or she has passed written tests which comply with the minimum federal standards.** A commercial driver's instruction permit shall be valid for the vehicle being operated for a period of not more than six months, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period. The fee for such permit or renewal shall be five dollars. In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. **All applicants for a commercial driver's license shall have maintained the appropriate class of commercial driver's instruction permit issued by this state or any other state for a minimum of fourteen calendar days prior to the date of taking the skills test.** Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.

(1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the **[**secretary**]** **Secretary** and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. 4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than **[**four**]** **five** hundred **fifty** pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

MISSOURI LOCAL GOVERNMENT EMPLOYEES' RETIREMENT SYSTEM CREATED — JURISDICTION, COLE COUNTY — BOARD OF TRUSTEES, COMPOSITION, TERMS — ANNUAL MEETING — VACANCIES, HOW CREATED — OATH — APPOINTMENT OF ACTUARY, ATTORNEY AND INVESTMENT COUNSELOR — MORTALITY TABLES TO BE ADOPTED — RECORD OF PROCEEDINGS — HEARINGS, NOTICE — SURETY BONDS — ANNUAL AUDITS — EXPENSES OF BOARD — RULES AND REGULATIONS, ADOPTION. — 1. For the purpose of providing for the retirement or pensioning of the officers and employees and the widows and children of deceased officers and employees of any political subdivision of the state, there is hereby created and established a retirement system which shall be a body corporate, which shall be under the management of a board of trustees herein described, and shall be known as the "Missouri Local Government Employees' Retirement System". Such system may sue and be sued, transact business, invest funds, and hold cash, securities, and other property. All suits or proceedings directly or indirectly against the system shall be brought in Cole County. The system shall begin operations on the first day of the calendar month next following sixty days after the date the board of trustees has received certification from ten political subdivisions that they have elected to become employers.

2. The general administration and the responsibility for the proper operation of the system is vested in a board of trustees of seven persons: three persons to be elected as trustees by the members of the system; three persons to be elected trustees by the governing bodies of employers; and one person, to be appointed by the governor, who is not a member, retirant, or beneficiary of the system and who is not a member of the governing body of any political subdivision.

3. Trustees shall be chosen for terms of four years from the first day of January next following their election or appointment, except that of the first board shall all be appointed by the governor by and with the consent of the senate, as follows:

(1) Three persons who are officers or officials of political subdivisions, one for a term of three years, one for a term of two years, and one for a term of one year; and

(2) Three persons who are employees of political subdivisions and who would, if the subdivision by which they are employed becomes an employer, be eligible as members, one for a term of three years, one for a term of two years, and one for a term of one year; and

(3) That person appointed by the governor under the provisions of subsection 2 of this section. All the members of the first board shall take office as soon as appointed by the governor, but their terms shall be computed from the first day of January next following their appointment, and only one member may be from any political subdivision or be a policeman or fireman.

4. Successor trustees elected or appointed as member trustees shall be members of the retirement system; provided, that not more than one member trustee shall be employed by any one employer, and not more than one member trustee shall be a policeman, and not more than one member trustee shall be a fireman.

5. Successor trustees elected as employer trustees shall be elected or appointed officials of employers and shall not be members of the retirement system; provided, that not more than one employer trustee shall be from any one employer.

6. An annual meeting of the retirement system shall be called by the board in the last calendar quarter of each year in Jefferson City, or at such place as the board shall determine, for the purpose of electing trustees and to transact such other business as may be required for the proper operation of the system. Notice of such meeting shall be sent by registered mail to the

clerk or secretary of each employer not less than thirty days prior to the date of such meeting. The governing body of each employer shall certify to the board the name of one delegate who shall be an officer of the employer, and the members of the employer shall certify to the board a member of the employer to represent such employer at such meeting. The delegate certified as member delegate shall be elected by secret ballot by the members of such employer, and the clerk or secretary of each employer shall be charged with the duty of conducting such election in a manner which will permit each member to vote in such election. Under such rules and regulations as the board shall adopt, approved by the delegates, the member delegates shall elect a member trustee for each such position on the board to be filled, and the officer delegates shall elect an employer trustee for each such position on the board to be filled.

7. In the event any member trustee ceases to be a member of the retirement system, or any employer trustee ceases to be an appointed or elected official of an employer, or becomes a member of the retirement system, or if the trustee appointed by the governor becomes a member of the retirement system or an elected or appointed official of a political subdivision, or if any trustee fails to attend three consecutive meetings of the board, unless in each case excused for cause by the remaining trustees attending such meeting or meetings, he or she shall be considered as having resigned from the board and the board shall, by resolution, declare his or her office of trustee vacated. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled; provided, however, that the remaining trustees may fill employer and member trustee vacancies on the board until the next annual meeting.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of his office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri, and to demean himself faithfully in his or her office. Such oath as subscribed to shall be filed in the office of the secretary of state of this state.

9. Each trustee shall be entitled to one vote in the board of trustees. Four votes shall be necessary for a decision by the trustees at any meeting of the board of trustees. Four trustees, of whom at least two shall be member trustees and at least two shall be employer trustees, shall constitute a quorum at any meeting of the board. Unless otherwise expressly provided herein, a meeting need not be called or held to make any decision on a matter before the board. Each member must be sent by the executive secretary a copy of the matter to be decided with full information from the files of the board. The concurring decisions of four trustees may decide the issue by signing a document declaring their decision and sending the written instrument to the executive secretary, provided that no other trustee shall send a dissenting decision to the executive secretary within fifteen days after the document and information was mailed to him or her. If any trustee is not in agreement with the four trustees, the matter is to be passed on at a regular board meeting or a special meeting called for that purpose. The board shall hold regular meetings at least once each quarter, the dates of these meetings to be designated in the rules and regulations adopted by the board. Other meetings as deemed necessary may be called by the chairman or by any four trustees acting jointly.

10. The board of trustees shall elect one of their number as chairman, and one of their number as vice chairman, and shall employ an executive secretary, not one of their number, who shall be the executive officer of the board. Other employees of the board shall be chosen only upon the recommendation of the executive secretary.

11. The board shall appoint an actuary or a firm of actuaries as technical advisor to the board on matters regarding the operation of the system on an actuarial basis. The actuary or actuaries shall perform such duties as are required of him or her under sections 70.600 to 70.755, and as are from time to time required by the board.

12. The board may appoint an attorney-at-law or firm of attorneys-at-law to be the legal advisor of the board and to represent the board in all legal proceedings.

13. The board may appoint an investment counselor to be the investment advisor of the board.

15. The board shall keep a record of its proceedings, which shall be open to public inspection. It shall prepare annually and render to each employer a report showing the financial condition of the system as of the preceding June thirtieth. The report shall contain, but shall not be limited to, a financial balance sheet; a statement of income and disbursements; a detailed statement of investments acquired and disposed of during the year, together with a detailed statement of the annual rates of investment income from all assets and from each type of investment; an actuarial balance sheet prepared by means of the last valuation of the system, and such other data as the board shall deem necessary or desirable for a proper understanding of the condition of the system.

16. The board of trustees shall, after reasonable notice to all interested parties, conduct administrative hearings to hear and decide questions arising from the administration of sections 70.600 to 70.755; except, that such hearings may be conducted by a hearing officer who shall be appointed by the board. The hearing officer shall preside at the hearing and hear all evidence and rule on the admissibility of evidence. The hearing officer shall make recommended findings of fact and may make recommended conclusions of law to the board. All final orders or determinations or other final actions by the board shall be approved in writing by at least four members of the board. Any board member approving in writing any final order, determination or other final action, who did not attend the hearing, shall do so only after certifying that he or she reviewed all exhibits and read the entire transcript of the hearing. Within thirty days after a decision or order or final action of the board, any member, retirant, beneficiary or political subdivision adversely affected by that determination or order or final action may take an appeal under the provisions of chapter 536. Jurisdiction over any dispute regarding the interpretation of sections 70.600 to 70.755 and the determinations required thereunder shall lie in the circuit court of Cole County.

17. The board shall arrange for adequate surety bonds covering the executive secretary and any other custodian of the funds or investments of the board. When approved by the board, said bonds shall be deposited in the office of the secretary of state.

18. The board shall arrange for annual audits of the records and accounts of the system by a certified public accountant or by a firm of certified public accountants. **[**The state auditor shall examine such audits at least once every three years and report to the board and the governor.**]**

19. The headquarters of the retirement system shall be in Jefferson City.

20. The board of trustees shall serve as trustees without compensation for their services as such; except that each trustee shall be paid for any necessary expenses incurred in attending meetings of the board or in the performance of other duties authorized by the board.

5. [4.**]** **7.** The cost-of-living adjustment shall be an increase or decrease computed on the base pension amount by the retirement board in an amount that the board, in its discretion, determines to be satisfactory, but in no event shall the adjustment be more than three percent or reduce the pension to an amount less than the base pension. In determining and granting the cost-of-living adjustments, the retirement board shall adopt such rules and regulations as may be necessary to effectuate the purposes of this section, including provisions for the manner of computation of such adjustments and the effective dates thereof. The retirement board shall provide for such adjustments to be determined once each year and granted on a date or dates to be chosen by the board, and may apply such adjustments in full to **eligible** members **as provided in subsections 1 and 2 of this section** who have retired during the year prior to such adjustments but who have not been retired for one full year and to the surviving spouse or applicable children of a member who has died during the year prior to such adjustments.

The amount of such supplemental retirement benefit may be adjusted by cost-of-living adjustments determined by the retirement board not more frequently than annually.

member's base pension and cost-of-living adjustments thereto under section 86.1220, and in addition to any other compensation or benefit to which such member may be entitled under sections 86.900 to 86.1280, a supplemental compensation in the amount of fifty dollars per month. This appointment as a consultant shall in no way affect any member's eligibility for retirement benefits under the provisions of sections 86.900 to 86.1280, or in any way have the effect of reducing retirement benefits otherwise payable to such member. The amount of such supplemental compensation under this subsection may be adjusted by cost-of-living adjustments determined by the retirement board not more frequently than annually.

3. For purposes of subsections 1 and 2 of this section, the term "member" shall include a surviving spouse entitled to a benefit under sections 86.900 to 86.1280 who shall be deemed to have retired for purposes of this section on the date of retirement of the member of whom such person is the surviving spouse or on the date of death of such member if such member died prior to retirement; provided, that if the surviving spouse of any member who retired prior to August 28, 2000, shall not have remarried prior to August 28, 2000, but remarries thereafter, such surviving spouse shall thereafter receive benefits under subsection 2 of this section, and provided further, that no benefits shall be payable under this section to the surviving spouse of any member who retired prior to August 28, 2000, if such surviving spouse was at any time remarried after the member's death and prior to August 28, 2000. All benefits payable to a surviving spouse under this section shall be in addition to all other benefits to which such surviving spouse may be entitled under other provisions of sections 86.900 to 86.1280. Any such surviving spouse of a member who dies while entitled to payments under this section shall succeed to the full amount of payment under this section to which such member was entitled at the time of such member's death, including any cost-of-living adjustments received by such member in the payment under this section prior to such member's death. This appointment as a consultant shall in no way affect any member's eligibility for retirement benefits under the provisions of sections 86.900 to 86.1280, or in any way have the effect of reducing retirement benefits otherwise payable to such member. The amount of equalizing supplemental compensation under this subsection may be adjusted by cost-of-living adjustments, determined by the retirement board not more frequently than annually, but in no event shall the aggregate of such equalizing supplemental compensation together with all such cost-of-living adjustments thereto exceed twenty-five percent of the member's base pension. Each cost-of-living adjustment to compensation under this subsection shall be determined independently of any cost-of-living adjustment to any other benefit under sections 86.900 to 86.1280. For the purposes of this subsection, the term "member" shall include a surviving spouse entitled to benefits under the provisions of sections 86.900 to 86.1280, and who is the surviving spouse of a member who qualified, or would have qualified if living, for compensation under this subsection. Any such surviving spouse of a member who dies while entitled to payments under this subsection shall succeed to the full amount of payment under this subsection to which such member was entitled at the time of such member's death, including any cost-of-living adjustments received by such member in the

All benefits payable to a surviving spouse under this subsection shall be in addition to all other benefits to which such surviving spouse may be entitled under other provisions of sections 86.900 to 86.1280 and shall in no way have the effect of reducing benefits otherwise payable to such surviving spouse. The amount of equalizing supplemental benefit or equalizing supplemental compensation under this subsection may be adjusted by cost-of-living adjustments, determined by the retirement board not more frequently than annually, but in no event shall the aggregate of such equalizing supplemental benefit or compensation together with all such cost-of-living adjustments thereto exceed twenty-five percent of the base pension of the surviving spouse. Each cost-of-living adjustment to an equalizing supplemental benefit or compensation under this subsection shall be determined independently of any cost-of-living adjustment to any other benefit under sections 86.900 to 86.1280. In all events the term "surviving spouse" as used in this subsection shall not include any children of the member who would be entitled to receive part or all of the pension that would be received by a surviving spouse, if living.

6. In determining and granting the cost-of-living adjustments under this section, the retirement board shall adopt such rules and regulations as may be necessary to effectuate the purposes of this section, including provisions for the manner of computation of such adjustments and the effective dates thereof. The retirement board shall provide for such adjustments to be determined once each year and granted on a date or dates to be chosen by the board. The retirement board shall not be required to prorate the initial adjustment to any benefit or compensation under this section for any member.

7. The determination of whether the retirement system will remain actuarially sound shall be made at the time any cost-of-living adjustment under this section is granted. If at any time the retirement system ceases to be actuarially sound, any benefit or compensation payments provided under this section shall continue as adjusted by increases or decreases theretofore granted. A member of the retirement board shall have no personal liability for granting increases under this section if that retirement board member in good faith relied and acted upon advice of a qualified actuary that the retirement system would remain actuarially sound.

(1) Upon the death of a member in service or after retirement, such member's child or children under the age of eighteen years at the time of the member's death shall be paid fifty dollars per month each until he or she shall attain the age of eighteen years; however, each such child who is or becomes a full-time student at an accredited educational institution shall continue to receive payments under this section for so long as such child shall remain such a full-time student or shall be in a summer or other vacation period scheduled by the institution with intent by such child, demonstrated to the satisfaction of the retirement board, to return to such full-time student status upon the resumption of the institution's classes following such vacation period, but in no event shall such payments be continued after such child shall attain the age of twenty-one years except as hereinafter provided.

(2) Any child eighteen years of age or older, who is physically or mentally incapacitated from wage earning, so long as such incapacity exists as certified by a member of the medical board, shall be entitled to the same benefits as a child under the age of eighteen. 3. Upon the death of a member in service or after retirement, a funeral benefit of one thousand dollars shall be paid to the person or entity who provided or paid for the funeral services for such member.

No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.900 to 86.1280.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

(b) The amount of the pension as determined under paragraph (a) of this subdivision shall be reduced to the actuarially equivalent amount to produce the optional form of benefit described in subdivision (1) of subsection **[**3**]** **4** of section 86.1540;

(c) The amount of reduced pension as determined under paragraph (b) of this subdivision shall be further reduced as required to produce an actuarially equivalent benefit in the form of the lump sum distribution option elected under this section and a remaining monthly annuity which shall be paid on the basis that the initial annuity for the member's spouse, if such spouse survives the member, shall be the same as the amount being paid the member on this annuity at the member's death, and, subject to cost-of-living adjustments thereafter declared on the spouse's base pension under section 86.1590, shall be paid to such surviving spouse for the lifetime of such spouse without regard to remarriage.

4. The cost-of-living adjustment shall be an increase or decrease computed on the base pension amount by the retirement board in an amount that the board, in its discretion, determines to be satisfactory, but in no event shall the adjustment be more than three percent or reduce the pension to an amount less than the base pension. In determining and granting the cost-of-living adjustments, the retirement board shall adopt such rules and regulations as may be necessary to effectuate the purposes of this section, including provisions for the manner of computation of such adjustments and the effective dates thereof. The retirement board shall provide for such adjustments to be determined once each year and granted on a date or dates to be chosen by the board, and may apply such adjustments in full to members who have retired during the year prior to such adjustments but who have not been retired for one full year and to the surviving spouse of a member who has died during the year prior to such adjustments.

5. The determination of whether the retirement system will remain actuarially sound shall be made at the time any cost-of-living adjustment is granted. If at any time the retirement system ceases to be actuarially sound, pension payments shall continue as adjusted by increases theretofore granted. A member of the retirement board shall have no personal liability for granting increases under this section if that retirement board member in good faith relied and acted upon advice of a qualified actuary that the retirement system would remain actuarially sound.

86.1610. DEATH OF MEMBER IN SERVICE, BENEFIT TO BE RECEIVED — DEATH OF MEMBER AFTER RETIREMENT, BENEFIT TO BE RECEIVED — SURVIVING SPOUSE BENEFITS. — 1. Upon receipt of the proper proofs of death of a member in service for any reason

whatsoever, the following amounts shall be payable subject to subsection 4 of this section, and if a pension shall be elected, the initial amount thereof shall be the base pension for such surviving spouse:

(1) If the member has less than five years of creditable service, the member's surviving spouse shall be paid, in one lump sum, the amount of the member's accumulated contributions. If there is no surviving spouse, the member's accumulated contributions shall be paid as provided in subsection 6 of section 86.1420;

(2) If the member has at least five but fewer than twenty years of creditable service, the member's surviving spouse may elect the lump sum settlement in subdivision (1) of this subsection or a pension. Such pension shall be fifty percent of the member's accrued pension at date of death as computed in subdivision (1) of subsection 1 of section 86.1540, commencing as provided in subsection 3 of section 86.1420;

(3) If the member has at least twenty years of creditable service, the member's surviving spouse may elect any one of:

(a) The lump sum settlement in subdivision (1) of this subsection;

(b) The pension as computed in subdivision (2) of this subsection; or

(c) A pension in the monthly amount determined on a joint and survivor's basis from the actuarial value of the member's accrued annuity at date of death;

(4) Any death of a retired member occurring before the first payment of the retirement pension shall be deemed to be a death prior to retirement;

(5) For the surviving spouse of a member who died in service after August 28, 2001, benefits payable under subsection 1 of this section shall continue for the lifetime of such surviving spouse without regard to remarriage.

2. Upon death of a member after retirement who has not elected the optional annuity permitted under subsection **[**3**]** **4** of section 86.1540, the surviving spouse shall receive a base pension payable for life, equaling fifty percent of the member's base pension, as of the member's retirement date, subject to the following:

(1) No surviving spouse of a member who retires after August 28, 2001, shall be entitled to receive any benefits under sections 86.1310 to 86.1640 unless such spouse was married to the member at the time of the member's retirement; and

(2) Any surviving spouse who was married to such a member at the time of the member's retirement shall be entitled to all benefits for surviving spouses under sections 86.1310 to 86.1640 for the life of such surviving spouse without regard to remarriage.

3. In the case of any member who, prior to August 28, 2001, died in service or retired, the surviving spouse who would qualify for benefits under subsection 1 or 2 of this section but for remarriage, and has not remarried prior to August 28, 2001, but remarries thereafter, shall upon application be appointed by the retirement board as a consultant. For services as such consultant, such surviving spouse shall be compensated in an amount equal to the benefits such spouse would have received under sections 86.1310 to 86.1640 in the absence of such remarriage.

4. Any beneficiary of benefits under sections 86.1310 to 86.1640 who becomes the surviving spouse of more than one member shall be paid all benefits due a surviving spouse of that member whose entitlements produce the largest surviving spouse benefits for such beneficiary but shall not be paid surviving spouse benefits as the surviving spouse of more than one member, except that any surviving spouse for whom an election has been made for an optional benefit under subsection **[**3**]** **4** of section 86.1540 shall be entitled to every optional benefit for which such surviving spouse has so contracted.

86.1630. TAX-EXEMPT STATUS OF PLAN TO BE MAINTAINED — ASSETS OF SYSTEM TO BE HELD IN TRUST — MEMBER BENEFITS VESTED, WHEN — DISTRIBUTION OF BENEFITS. — 1. A retirement plan under sections 86.1310 to 86.1640 is a qualified plan under the provisions

of applicable federal law. The benefits and conditions of a retirement plan under sections 86.1310 to 86.1640 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer this retirement system in such manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.1310 to 86.1640.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) The attaining of the age of sixty-five or the member's tenth anniversary of employment, whichever is later **for any Tier I member, or the attaining of the age of sixty-seven or the member's twentieth anniversary of employment, whichever is later for any Tier II member**;

(2) **For any Tier I member** when the total sum of age and years of **creditable** service equals or exceeds eighty**, or for any Tier II member when the total sum of age and years of creditable service equals or exceeds eighty-five**; or

(3) To the extent funded, upon the termination of the system established under sections 86.1310 to 86.1640 or any partial termination which affects the member or any complete discontinuance of contributions by the city to the system.

Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.1310 to 86.1640 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds the limits of this section by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system are reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States Secretary of the Treasury and may not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is determined on the basis of actuarial assumptions that are not specifically set forth for that purpose in sections 86.1310 to 86.1640, the actuarial assumptions to be used are those earnings and mortality assumptions used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions used at any particular time shall be attached as an addendum to a copy of the retirement system's statute maintained by the retirement board and shall be treated for all

purposes as part of sections 86.1310 to 86.1640. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of the retirement system regarding the transfer in accordance with procedures established by the retirement board.

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition for eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For the purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

The board shall keep a complete record of all its proceedings, which shall be open at all reasonable hours to the inspection of any member. A statement covering the operations of the system for the year, including income and disbursements, and the financial condition of the system at the end of the year, showing the actuarial valuation and appraisal of its assets and liabilities, as of July first, shall each year be delivered to the governor of Missouri and be made readily available to the members.

2. A system of member employment records necessary for the calculation of retirement benefits shall be kept separate and apart from the customary employee employment records.

169.020. SYSTEM CREATED, WHAT DISTRICTS INCLUDED — TRUSTEES, APPOINTMENT, TERMS, QUALIFICATIONS, ELECTION, DUTIES — VENUE — AUDIT, WHEN — INTEREST. — 1. For the purpose of providing retirement allowances and other benefits for public school teachers, there is hereby created and established a retirement system which shall be a body corporate, shall be under the management of a board of trustees herein described, and shall be known as "The Public School Retirement System of Missouri". Such system shall, by and in such name, sue and be sued, transact all of its business, invest all of its funds, and hold all of its cash, securities, and other property. The system so created shall include all school districts in this state, except those in cities that had populations of four hundred thousand or more according to the latest United States decennial census, and such others as are or hereafter may be included in a similar system or in similar systems established by law and made operative; provided, that teachers in school districts of more than four hundred thousand inhabitants who are or may become members of a local retirement system may become members of this system with the same legal benefits as accrue to present members of such state system on the terms and under the conditions provided for in section 169.021. The system hereby established shall begin operations on the first day of July next following the date upon which sections 169.010 to 169.130 shall take effect.

2. The general administration and the responsibility for the proper operation of the retirement system and for making effective the provisions of sections 169.010 to 169.141 are hereby vested in a board of trustees of seven persons as follows: four persons to be elected as trustees by the members and retired members of the public school retirement system created by sections 169.010 to 169.141 and the public education employee retirement system created by sections 169.600 to 169.715; and three members appointed by the governor with the advice and consent of the senate. The first member appointed by the governor shall replace the commissioner of education for a term beginning August 28, 1998. The other two members shall be appointed by the governor at the time each member's, who was appointed by the state board of education, term expires.

3. Trustees appointed and elected shall be chosen for terms of four years from the first day of July next following their appointment or election, except that one of the elected trustees shall be a member of the public education employee retirement system and shall be initially elected for a term of three years from July 1, 1991. The initial term of one other elected trustee shall commence on July 1, 1992.

4. Trustees appointed by the governor shall be residents of school districts included in the retirement system, but not employees of such districts or a state employee or a state elected official. At least one trustee so appointed shall be a retired member of the public school

retirement system or the public education employee retirement system. Three elected trustees shall be members of the public school retirement system and one elected trustee shall be a member of the public education employee retirement system.

5. The elections of the trustees shall be arranged for, managed and conducted by the board of trustees of the retirement system.

6. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

7. Trustees of the retirement system shall serve without compensation but they shall be reimbursed for expenses necessarily incurred through service on the board of trustees.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of the trustee's office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri and to demean himself or herself faithfully in the trustee's office. Such oath as subscribed to shall be filed in the office of secretary of state of this state.

9. Each trustee shall be entitled to one vote in the board of trustees. Four votes shall be necessary for a decision by the trustees at any meeting of the board of trustees. Unless otherwise expressly provided herein, a meeting need not be called or held to make any decision on a matter before the board. Each member must be sent by the executive director a copy of the matter to be decided with full information from the files of the board of trustees. The unanimous decision of four trustees may decide the issue by signing a document declaring their decision and sending such written instrument to the executive director of the board, provided that no other member of the board of trustees shall send a dissenting decision to the executive director of the board within fifteen days after such document and information was mailed to the trustee. If any member is not in agreement with four members the matter is to be passed on at a regular board meeting or a special meeting called for the purpose.

10. The board of trustees shall elect one of their number as chairman, and shall employ a full-time executive director, not one of their number, who shall be the executive officer of the board. Other employees of the board shall be chosen only upon the recommendation of the executive director.

11. The board of trustees shall employ an actuary who shall be its technical advisor on matters regarding the operation of the retirement system, and shall perform such duties as are essential in connection therewith, including the recommendation for adoption by the board of mortality and other necessary tables, and the recommendation of the level rate of contributions required for operation of the system.

12. As soon as practicable after the establishment of the retirement system, and annually thereafter, the actuary shall make a valuation of the system's assets and liabilities on the basis of such tables as have been adopted.

13. At least once in the three-year period following the establishment of the retirement system, and in each five-year period thereafter, the board of trustees shall cause to be made an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries of the system, and shall make any changes in the mortality, service, and other tables then in use which the results of the investigation show to be necessary.

14. Subject to the limitations of sections 169.010 to 169.141 and 169.600 to 169.715, the board of trustees shall formulate and adopt rules and regulations for the government of its own proceedings and for the administration of the retirement system.

15. The board of trustees shall determine and decide all questions of doubt as to what constitutes employment within the meaning of sections 169.010 to 169.141 and 169.600 to 169.715, the amount of benefits to be paid to members, retired members, beneficiaries and survivors and the amount of contributions to be paid by employer and employee. The executive director shall notify by certified mail both employer and member, retired member, beneficiary or survivor interested in such determination. Any member, retired member, beneficiary or survivor, district or employer adversely affected by such determination, at any time within thirty

days after being notified of such determination, may appeal to the circuit court of Cole County. Such appeal shall be tried and determined anew in the circuit court and such court shall hear and consider any and all competent testimony relative to the issues in the case, which may be offered by either party thereto. The circuit court shall determine the rights of the parties under sections 169.010 to 169.141 and 169.600 to 169.715 using the same standard provided in section 536.150, and the judgment or order of such circuit court shall be binding upon the parties and the board shall carry out such judgment or order unless an appeal is taken from such decision of the circuit court. Appeals may be had from the circuit court by the employer, member, retired member, beneficiary, survivor or the board, in the manner provided by the civil code.

16. The board of trustees shall keep a record of all its proceedings, which shall be open to public inspection. It shall prepare annually a comprehensive annual financial report, the financial section of which shall be prepared in accordance with applicable accounting standards and shall include the independent auditor's opinion letter. The report shall also include information on the actuarial status and the investments of the system. The reports shall be preserved by the executive director and made available for public inspection.

17. The board of trustees shall provide for the maintenance of an individual account with each member, setting forth such data as may be necessary for a ready determination of the member's earnings, contributions, and interest accumulations. It shall also collect and keep in convenient form such data as shall be necessary for the preparation of the required mortality and service tables and for the compilation of such other information as shall be required for the valuation of the system's assets and liabilities. All individually identifiable information pertaining to members, retirees, beneficiaries and survivors shall be confidential.

18. The board of trustees shall meet regularly at least twice each year, with the dates of such meetings to be designated in the rules and regulations adopted by the board. Such other meetings as are deemed necessary may be called by the chairman of the board or by any four members acting jointly.

19. The headquarters of the retirement system shall be in Jefferson City, where suitable office space, utilities and other services and equipment necessary for the operation of the system shall be provided by the board of trustees and all costs shall be paid from funds of the system. All suits or proceedings directly or indirectly against the board of trustees, the board's members or employees or the retirement system established by sections 169.010 to 169.141 or 169.600 to 169.715 shall be brought in Cole County.

20. The board may appoint an attorney or firm of attorneys to be the legal advisor to the board and to represent the board in legal proceedings, however, if the board does not make such an appointment, the attorney general shall be the legal advisor of the board of trustees, and shall represent the board in all legal proceedings.

21. The board of trustees shall arrange for adequate surety bonds covering the executive director. When approved by the board, such bonds shall be deposited in the office of the secretary of state of this state.

22. The board shall arrange for annual audits of the records and accounts of the system by a firm of certified public accountants**[**, the state auditor shall review the audit of the records and accounts of the system at least once every three years and shall report the results to the board of trustees and the governor**]**.

23. The board by its rules may establish an interest charge to be paid by the employer on any payments of contributions which are delinquent. The rate charged shall not exceed the actuarially assumed rate of return on invested funds of the pertinent system.

208.1050. FUND CREATED, USE OF MONEYS. — 1. There is hereby created in the state treasury the "Missouri Senior Services Protection Fund", which shall consist of money collected under subsection 2 of this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in

the fund shall be used solely for the administration of subsection 2 of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. The state treasurer shall deposit from moneys that otherwise would have been deposited into the general revenue fund an amount equal to fifty-five million one hundred thousand dollars into the Missouri senior services protection fund. At least one-quarter of such amount shall be deposited on or before July 15, 2013, an additional one-quarter by October 15, 2013, and an additional one-quarter by January 15, 2014. EXAMINERS NOT TO ACCEPT FREE TRANSPORTATION. — It shall be unlawful for any examiner appointed under the provisions of this chapter to accept, receive or ride on any free transportation while engaged on official business, and any officer who shall request such free transportation for any such examiner shall be guilty of a misdemeanor, and punishable by a fine not to exceed five hundred dollars.**]**

[29.180. ESTABLISH UNIFORM ACCOUNTING SYSTEMS. — The state auditor in cooperation with the budget director shall establish appropriate systems of accounting for all officers and agencies of the state, including all educational and eleemosynary institutions, and he shall also prescribe systems of accounting for all county officers. Such systems of accounting shall conform to recognized principles of governmental accounting and shall be uniform in application to offices of the same grade and kind and to accounts of the same kind. Such systems of accounting shall be adequate to record all assets and revenues accrued, all liabilities and expenditures incurred, as well as all cash receipts and disbursements, and all transactions affecting the acquisition and disposition of property, including the preparation and keeping of inventories of all property. 52.230. STATEMENTS AND RECEIPTS MAILED TO TAXPAYERS, WHEN, CONTENTS — ELECTRONIC TRANSMISSION (COUNTIES OF THE SECOND, THIRD, FOURTH AND FIRST CLASSIFICATION). — 1. Each year the collectors of revenue in all counties of the first class not having a charter form of government, and in all second, third and fourth class counties of the state, not under township organization, shall mail to all resident taxpayers, at least thirty days prior to delinquent date, a statement of all real and tangible personal property taxes due and assessed on the current tax books in the name of the taxpayers. Such statement shall also include the amount of real and tangible personal property taxes delinquent at the time of the mailing of the statement, including any interest and penalties associated with the delinquent taxes. Such statement shall declare upon its face, or by an attachment thereto, that they are delinquent at the time such statement is mailed for an amount of real or tangible personal property taxes, or both. 2. The collectors of revenue may electronically transmit the statement required under subsection 1 of this section to the electronic address provided and authorized by the taxpayer to the collector of revenue. The failure of the taxpayer to receive the notice provided for in section 52.230 in no case relieves the taxpayer of any tax liability imposed by law.

2. No penalty or interest imposed under any law shall be charged on any real or personal property tax when the county collector certifies due to system failures or other reason that the statement required by section 52.230 was mailed less than thirty days prior to the delinquent date and the taxpayer paid taxes owed by fifteen days after the delinquent date or fifteen days after the certified date of mailing, whichever is later.

3. No penalty or interest imposed under any law shall be charged on any real or personal property tax when there is clear and convincing evidence that the county made an error or omission in determining taxes owed by a taxpayer.

[2.**]** **4.** Any taxpayer claiming that the county made an error or omission in determining taxes owed may submit a written request for a refund of penalties, interest, or taxes to the county commission or governing body of the county. If the county commission or governing body of the county approves the refund, then such penalties, interest, or taxes shall be refunded as provided in **[**subsection 6 of**]** section 139.031. The county collector shall refund penalties, interest, and taxes if the county made an error or omission in determining taxes owed by the taxpayer.

[3.**]** **5.** Nothing in this section shall relieve a taxpayer from paying taxes owed by December thirty-first and paying penalties and interest owed for failing to pay all taxes by December thirty-first**, except as provided with regard to penalties and interest by subsection 2 of this section**.

99.845. TAX INCREMENT FINANCING ADOPTION — DIVISION OF AD VALOREM TAXES — PAYMENTS IN LIEU OF TAX, DEPOSIT, INCLUSION AND EXCLUSION OF CURRENT EQUALIZED ASSESSED VALUATION FOR CERTAIN PURPOSES, WHEN — OTHER TAXES INCLUDED, AMOUNT — SUPPLEMENTAL TAX INCREMENT FINANCING FUND ESTABLISHED, DISBURSEMENT. — 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. 6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after

December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state

revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of subsection 1 of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(h) The name, street and mailing address, and phone number of the mayor or chief executive officer of the municipality;

(i) The street address of the development site;

(j) The three-digit North American Industry Classification System number or numbers characterizing the development project;

(k) The estimated development project costs;

(l) The anticipated sources of funds to pay such development project costs;

(m) Evidence of the commitments to finance such development project costs;

(n) The anticipated type and term of the sources of funds to pay such development project costs;

(o) The anticipated type and terms of the obligations to be issued;

(p) The most recent equalized assessed valuation of the property within the development project area;

(q) An estimate as to the equalized assessed valuation after the development project area is developed in accordance with a development plan;

(r) The general land uses to apply in the development area;

(s) The total number of individuals employed in the development area, broken down by full-time, part-time, and temporary positions;

(t) The total number of full-time equivalent positions in the development area;

(u) The current gross wages, state income tax withholdings, and federal income tax withholdings for individuals employed in the development area;

(v) The total number of individuals employed in this state by the corporate parent of any business benefitting from public expenditures in the development area, and all subsidiaries thereof, as of December thirty-first of the prior fiscal year, broken down by full-time, part-time, and temporary positions;

(w) The number of new jobs to be created by any business benefitting from public expenditures in the development area, broken down by full-time, part-time, and temporary positions;

(x) The average hourly wage to be paid to all current and new employees at the project site, broken down by full-time, part-time, and temporary positions;

(y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(z) For project sites located outside of metropolitan statistical areas, the average weekly wage paid to nonmanagerial employees in the county for industries involved at the project, as established by the United States Department of Commerce;

(aa) A list of other community and economic benefits to result from the project;

(bb) A list of all development subsidies that any business benefitting from public expenditures in the development area has previously received for the project, and the name of any other granting body from which such subsidies are sought;

(cc) A list of all other public investments made or to be made by this state or units of local government to support infrastructure or other needs generated by the project for which the funding pursuant to this section is being sought;

(dd) A statement as to whether the development project may reduce employment at any other site, within or without the state, resulting from automation, merger, acquisition, corporate restructuring, relocation, or other business activity;

(ee) A statement as to whether or not the project involves the relocation of work from another address and if so, the number of jobs to be relocated and the address from which they are to be relocated;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with

a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

143.451. TAXABLE INCOME TO INCLUDE ALL INCOME WITHIN THIS STATE — DEFINITIONS — INTRASTATE BUSINESS, REPORT OF INCOME, WHEN — DEDUCTIONS, HOW APPORTIONED.. — 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner**, or the manner set forth in subdivision (3) of this subsection**:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The

investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

[(3)**]** **(c)** For the purposes of this **[**section**]** **subdivision**, a transaction involving the sale of tangible property is:

[(a)**]** **a.** "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

[(b)**]** **b.** "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

[(c)**]** **c.** Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state**[**;**]** **.**

(d) For purposes of this subdivision**:**

a. The purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale**[**,**]** **;** and

b. The seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(c), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, gross income is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are residenced in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders residenced in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the

mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders residenced in this state shall be subject to Missouri income tax as provided in this chapter.

375.246. Reinsurance, when allowed as an asset or reduction from liability.
B. Delayed effective date.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 375.246, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 375.246, to read as follows:

375.246. REINSURANCE, WHEN ALLOWED AS AN ASSET OR REDUCTION FROM LIABILITY. — 1. Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a reduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of subdivisions (1) to **[**(5)**] (6)** of this subsection. Credit shall be allowed pursuant to subdivision (1), (2) or (3) of this subsection only as respects cessions of those kinds or classes of business which the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a United States branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Credit shall be allowed pursuant to subdivision (3) **[**or**] ,** (4)**, or (5)** of this subsection only if the applicable requirements of subdivision **[**(6)**] (7)** have been satisfied.

(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is licensed to transact insurance in this state;

(2) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited **by the director** as a reinsurer in this state. **[**An accredited reinsurer is one that**] In order to be eligible for accreditation, a reinsurer shall**:

(a) **[**Files**] File** with the director evidence of its submission to this state's jurisdiction;

(b) **[**Submits**] Submit** to the authority of the department of insurance, financial institutions and professional registration to examine its books and records;

(c) **[**Is**] Be** licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one state;

(d) **[**Files**] File** annually with the director a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and

(e) **[**Maintains a surplus as regards policyholders in an amount not less than twenty million dollars and whose accreditation has not been denied by the director within ninety days of its submission; or

(f) Maintains a surplus as regards policyholders in an amount less than twenty million dollars and whose accreditation has been approved by the director.

No credit shall be allowed a domestic ceding insurer if the assuming insurer's accreditation has been revoked by the director after notice and hearing**] Demonstrate to the satisfaction of the director that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer is deemed to meet such requirement as of the time of its application if it maintains a surplus regarding policyholders in an amount not less than twenty million dollars and its accreditation has not been denied by the director within ninety days after submission of its application**;

(3) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled in, or in the case of a United States branch of an alien assuming insurer is entered through, a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this statute and the assuming insurer or United States branch of an alien assuming insurer:

(a) Maintains a surplus as regards policyholders in an amount not less than twenty million dollars; except that this paragraph does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system; and

(b) Submits to the authority of the department of insurance, financial institutions and professional registration to examine its books and records;

(4) (a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section, for the payment of the valid claims of its United States ceding insurers, their assigns and successors in interest. To enable the director to determine the

sufficiency of the trust fund, the assuming insurer shall report annually to the director information substantially the same as that required to be reported on the National Association of Insurance Commissioners' annual statement form by licensed insurers. The assuming insurer shall submit to examination of its books and records by the director.

(b) Credit for reinsurance shall not be granted pursuant to this subdivision unless the form of the trust and any amendments to the trust have been approved by:

a. The commissioner or director of the state agency regulating insurance in the state where the trust is domiciled; or

b. The commissioner or director of another state who, pursuant to the terms of the trust instrument, has accepted principal regulatory oversight of the trust.

(c) The form of the trust and any trust amendments shall also be filed with the commissioner or director in every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in its trustees for the benefit of the assuming insurer's United States ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the director.

(d) The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. No later than February twenty-eighth of each year the trustees of the trust shall report to the director in writing the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust will not expire prior to the next following December thirty-first.

(e) The following requirements apply to the following categories of assuming insurers:

a. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by the United States ceding insurers, and, in addition, the assuming insurer shall maintain a trusteed surplus of not less than twenty million dollars**, except as provided in subparagraph b. of this paragraph**;

b. **At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the director with principal regulator oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding based on an assessment of risk that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus shall not be reduced to an amount less than thirty percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust;**

c. In the case of a group of incorporated and individual unincorporated underwriters:

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after **[**August 1, 1995**]** **January 1, 1993**, the trust shall consist of a trusteed account in an amount not less than the **[**group's**]** **respective underwriter's** several liabilities attributable to business ceded by United States domiciled ceding insurers to any **[**member**]** **underwriter** of the group;

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before **[**July 31, 1995**]** **December 31, 1992**, and not amended or renewed after that date, notwithstanding the other provisions of this section, the trust shall consist of a trustee account in

an amount not less than the **[**group's**]** **respective underwriter's** several insurance and reinsurance liabilities attributable to business in the United States; and

(iii) In addition to these trusts, the group shall maintain in trust a trusteed surplus of which one hundred million dollars shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account;

[c.**]** **d.** The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members;

[d.**]** **e.** Within ninety days after its financial statements are due to be filed with the group's domiciliary regulator, the group shall provide to the director an annual certification by the group's domiciliary regulator of the solvency of each underwriter member; or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the group;

(5) **(a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that has been certified by the director as a reinsurer in this state and secures its obligations in accordance with the requirements of this subdivision.**

(b) In order to be eligible for certification, the assuming insurer shall meet the following requirements:

a. The assuming insurer shall be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the director under paragraph (d) of this subdivision;

b. The assuming insurer shall maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the director by rule;

c. The assuming insurer shall maintain financial strength ratings from two or more rating agencies deemed acceptable by the director by rule;

d. The assuming insurer shall agree to submit to the jurisdiction of this state, appoint the director as its agent for service of process in this state, and agree to provide security for one hundred percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

e. The assuming insurer shall agree to meet applicable information filing requirements as determined by the director, both with respect to an initial application for certification and on an ongoing basis; and

f. The assuming insurer shall satisfy any other requirements for certification deemed relevant by the director.

(c) An association including incorporated and individual unincorporated underwriters may be a certified reinsurer. To be eligible for certification, in addition to satisfying requirements of paragraph (b) of this subdivision:

a. The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents (net of liabilities) of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the director to provide adequate protection;

b. The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

c. Within ninety days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the director:

(i) An annual certification by the association's domiciliary regulator of the solvency of each underwriter member; or

(ii) If a certification is unavailable, financial statements prepared by independent public accountants of each underwriter member of the association.

(d) a. The director shall create and publish a list of qualified jurisdictions, under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the director as a certified reinsurer.

b. To determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the director shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction shall agree to share information and cooperate with the director with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction shall not be recognized as a qualified jurisdiction if the director has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered at the discretion of the director.

c. The director may consider a list of qualified jurisdictions published by the National Association of Insurance Commissioners (NAIC) in determining qualified jurisdictions for the purposes of this section. If the director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the director shall provide thoroughly documented justification in accordance with criteria to be developed by rule.

d. United States jurisdictions that meet the requirement for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

e. If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the director has the discretion to suspend the reinsurer's certification indefinitely, in lieu of revocation.

(e) The director shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the director by rule. The director shall publish a list of all certified reinsurers and their ratings.

(f) a. A certified reinsurer shall secure obligations assumed from United States ceding insurers under this subdivision at a level consistent with its rating, as specified in regulations promulgated by the director.

b. For a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the director and consistent with the provisions of this section or in a multibeneficiary trust in accordance with paragraph (e) of subdivision (4) of this subsection, except as otherwise provided in this subdivision.

c. If a certified reinsurer maintains a trust to fully secure its obligations under paragraph (d) of subdivision (4) of this subsection and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other United States jurisdictions and for its obligations subject to paragraph (e) of subdivision (4) of this subsection. It shall be a condition to the grant of certification under this section that the certified reinsurer shall have bound itself, by the language of the trust and agreement with the director with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account.

d. The minimum trusteed surplus requirements provided in paragraph (e) of subdivision (4) of this subsection are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this paragraph, except that such trust shall maintain a minimum trusteed surplus of ten million dollars.

e. With respect to obligations incurred by a certified reinsurer under this paragraph, if the security is insufficient, the director shall order the certified reinsurer to provide sufficient security for such incurred obligations within thirty days. If a certified reinsurer does not provide sufficient security for its obligations incurred under this subsection within thirty days of being ordered to do so by the director, the director has the discretion to allow credit in the amount of the required security for one year. Following this one-year period, the director shall impose reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

f. (i) For purposes of this paragraph, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure one hundred percent of its obligations.

(ii) As used in this subparagraph, the term "terminated" refers to revocation, suspension, voluntary surrender, and inactive status.

(iii) If the director continues to assign a higher rating as permitted by other provisions of this subdivision, this requirement does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

g. If an applicant for certification has been certified as a reinsurer in an NAIC-accredited jurisdiction, the director has the discretion to defer to that jurisdiction's certification and to the rating assigned by that jurisdiction, and such assuming insurer shall be considered to be a certified reinsurer in this state.

h. A certified reinsurer that ceases to assume new business in this state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection, and the director shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

(6) Credit:

(a) shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3) **[**or**] ,** (4)**, or (5)** of this subsection, but only as to the insurance of risks located in a jurisdiction of the United States where the reinsurance is required by applicable law or regulation of that jurisdiction;

(b) May be allowed in the discretion of the director when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3) **[**or**] ,** (4)**, or (5)** of this subsection, but only as to the insurance of risks located in a foreign country where the reinsurance is required by applicable law or regulation of that country;

[(6)**] (7)** If the assuming insurer is not licensed **[**or**] ,** accredited**, or certified** to transact insurance or reinsurance in this state, the credit permitted by subdivisions (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(a) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer shall submit to the jurisdiction of the courts of this state, will comply with all requirements necessary to give such courts jurisdiction, and will abide by the final decisions of such courts or of any appellate courts in this state in the event of an appeal; and

(b) To designate the director or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on

behalf of the ceding **[**company**]** **insurer**. This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement and the jurisdiction and situs of the arbitration is, with respect to any receivership of the ceding company, any jurisdiction of the United States;

[(7)**]** **(8)** If the assuming insurer does not meet the requirements of subdivision (1), (2) or (3) of this subsection, the credit permitted by subdivision (4) **or (5)** of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(a) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by paragraph (e) of subdivision (4) of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner or director with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner or director with regulatory oversight all of the assets of the trust fund;

(b) The assets shall be distributed by and claims shall be filed with and valued by the commissioner or director with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) If the commissioner or director with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the commissioner or director with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this subsection.

(9) (a) If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the director may suspend or revoke the reinsurer's accreditation or certification.

(b) The director shall give the reinsurer notice and opportunity for a hearing. The suspension or revocation shall not take effect until after the director's order on hearing, unless:

a. The reinsurer waives its right to hearing;

b. The director's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subdivision (6) of this subsection; or

c. The director finds that an emergency requires immediate action, and a court of competent jurisdiction has not stayed the commissioner's action.

(c) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with subdivision (5) of this subsection or subsection 2 of this section. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance shall be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with subdivision (5) of this subsection or subsection 2 of this section.

(10) (a) A ceding insurer shall take steps to manage its reinsurance recoverables proportionate to its own book of business. A domestic ceding insurer shall notify the director within thirty days after reinsurance recoverables from any single assuming insurer or group of affiliated assuming insurers exceeds fifty percent of the domestic

ceding insurer's last reported surplus to policyholders or after it is determined that reinsurance recoverables from any single assuming insurer or group of affiliated assuming insurers is likely to exceed such limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(b) A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the director within thirty days after ceding to any single assuming insurer or group of affiliated assuming insurers more than twenty percent of the ceding insurer's gross written premium in the prior calendar year or after it has determined that the reinsurance ceded to any single assuming insurer or group of affiliated assuming insurers is likely to exceed such limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

2. An asset or reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of subsection 1 of this section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section. This security may be in the form of:

(1) Cash;

(2) Securities listed by the securities valuation office of the National Association of Insurance Commissioners**, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office,** and qualifying as admitted assets;

(3) (a) Clean, irrevocable, unconditional letters of credit**[**, as defined in subdivision (1) of subsection 3 of this section,**]** issued or confirmed by a qualified United States financial institution**, as defined in subdivision (1) of subsection 3 of this section,** no later than December thirty-first of the year for which filing is being made, and in the possession of, or in trust for, the ceding **[**company**]** **insurer** on or before the filing date of its annual statement.

(b) Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, shall continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs;

(4) Any other form of security acceptable to the director.

3. (1) For purposes of subdivision (3) of subsection 2 of this section, a "qualified United States financial institution" means an institution that:

(a) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;

(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies; and

(c) Has been determined by either the director, or the securities valuation office of the National Association of Insurance Commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the director.

(2) A "qualified United States financial institution" means, for purposes of those provisions of this law specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

(a) Is organized, or in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and

(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

4. The director may adopt rules and regulations implementing the provisions of this section.

5. (1) The director shall disallow any credit as an asset or as a deduction from liability for any reinsurance found by him to have been arranged for the purpose principally of deception as to the ceding company's financial condition as of the date of any financial statement of the company. Without limiting the general purport of this provision, reinsurance of any substantial part of the company's outstanding risks contracted for in fact within four months prior to the date of any such financial statement and canceled in fact within four months after the date of such statement, or reinsurance under which the assuming insurer bears no substantial insurance risk or substantial risk of net loss to itself, shall prima facie be deemed to have been arranged for the purpose principally of deception within the intent of this provision.

(2) (a) The director shall also disallow as an asset or deduction from liability to any ceding insurer any credit for reinsurance unless the reinsurance is payable to the ceding company, and if it be insolvent to its receiver, by the assuming insurer on the basis of the liability of the ceding company under the contracts reinsured without diminution because of the insolvency of the ceding company.

(b) Such payments shall be made directly to the ceding insurer or to its domiciliary liquidator except:

a. Where the contract of insurance or reinsurance specifically provides for payment to the named insured, assignee or named beneficiary of the policy issued by the ceding insurer in the event of the insolvency of the ceding insurer; or

b. Where the assuming insurer, with the consent of it and the direct insured or insureds in an assumption reinsurance transaction subject to sections 375.1280 to 375.1295, has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees.

(c) Notwithstanding paragraphs (a) and (b) of this subdivision, in the event that a life and health insurance guaranty association has made the election to succeed to the rights and obligations of the insolvent insurer under the contract of reinsurance, then the reinsurer's liability to pay covered reinsured claims shall continue under the contract of reinsurance, subject to the payment to the reinsurer of the reinsurance premiums for such coverage. Payment for such reinsured claims shall only be made by the reinsurer pursuant to the direction of the guaranty association or its designated successor. Any payment made at the direction of the guaranty association or its designated successor by the reinsurer will discharge the reinsurer of all further liability to any other party for such claim payment.

(d) The reinsurance agreement may provide that the domiciliary liquidator of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against such ceding insurer on the contract reinsured within a reasonable time after such claim is filed in the liquidation proceeding. During the pendency of such claim, any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated any defenses which it deems available to the ceding insurer, or its liquidator. Such expense may be filed as a claim against the insolvent ceding insurer to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer. Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose a defense to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

6. To the extent that any reinsurer of an insurance company in liquidation would have been required under any agreement pertaining to reinsurance to post letters of credit or other security prior to an order of liquidation to cover such reserves reflected upon the last financial

statement filed with a regulatory authority immediately prior to receivership, such reinsurer shall be required to post letters of credit or other security to cover reserves after a company has been placed in liquidation or receivership. If a reinsurer shall fail to post letters of credit or other security as required by a reinsurance agreement or the provisions of this subsection, the director may consider disallowing as a credit or asset, in whole or in part, any future reinsurance ceded to such reinsurer by a ceding insurance company that is incorporated under the laws of the state of Missouri.

7. The provisions of section 375.420 shall not apply to any action, suit or proceeding by a ceding insurer against an assuming insurer arising out of a contract of reinsurance effectuated in accordance with the laws of Missouri.

[8. The provisions of this section shall become effective on January 1, 2003, and shall be applicable to the financial statements of a reinsurer as of December 31, 2002.**]**

8. Notwithstanding any other provision of this section, a domestic insurer may take credit for reinsurance ceded either as an asset or a reduction from liability only to the extent such credit is allowed by the consistent application of either applicable statutory accounting principles adopted by the NAIC or other accounting principles approved by the director.

9. The director may suspend the accreditation, approval, or certification under subsection 1 of this section of any reinsurer for failure to comply with the applicable requirements of subsection 1 of this section after providing the affected reinsurer with notice and opportunity for hearing.

SECTION B. DELAYED EFFECTIVE DATE. — The provisions of Section A of this act shall become effective on January 1, 2014.

386.370. ESTIMATE OF EXPENSES — ASSESSMENTS AGAINST UTILITIES — PUBLIC SERVICE COMMISSION FUND. — 1. The commission shall, prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 1947, make an estimate of the

expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392 and 393 and shall also separately estimate the amount of such expenses directly attributable to such regulation of each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies and telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group. **For purposes of this section, water corporations and sewer corporations will be combined and considered one group of public utilities.**

2. The commission shall allocate to each such group of public utilities the estimated expenses directly attributable to the regulation of such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that the total amount so assessed to all such public utilities shall not exceed one-fourth of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission.

3. The commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid. Any amount remaining in such special fund or its successor fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the commission in the succeeding fiscal year and shall be applied by the commission to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the commission to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission, within ten days after August 28, 1996, and thereafter on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

393.190. TRANSFER OF FRANCHISE OR PROPERTY TO BE APPROVED, PROCEDURE — IMPACT OF TRANSFER ON LOCAL TAX REVENUES, INFORMATION ON TO BE FURNISHED, TO WHOM, PROCEDURE. — 1. No gas corporation, electrical corporation, water corporation or sewer corporation shall hereafter sell, assign, lease, transfer, mortgage or otherwise dispose of or encumber the whole or any part of its franchise, works or system, necessary or useful in the performance of its duties to the public, nor by any means, direct or indirect, merge or

consolidate such works or system, or franchises, or any part thereof, with any other corporation, person or public utility, without having first secured from the commission an order authorizing it so to do. Every such sale, assignment, lease, transfer, mortgage, disposition, encumbrance, merger or consolidation made other than in accordance with the order of the commission authorizing same shall be void. The permission and approval of the commission to the exercise of a franchise or permit under this chapter, or the sale, assignment, lease, transfer, mortgage or other disposition or encumbrance of a franchise or permit under this section shall not be construed to revive or validate any lapsed or invalid franchise or permit, or to enlarge or add to the powers or privileges contained in the grant of any franchise or permit, or to waive any forfeiture. Any person seeking any order under this subsection authorizing the sale, assignment, lease, transfer, merger, consolidation or other disposition, direct or indirect, of any gas corporation, electrical corporation, water corporation, or sewer corporation, shall, at the time of application for any such order, file with the commission a statement, in such form, manner and detail as the commission shall require, as to what, if any, impact such sale, assignment, lease, transfer, merger, consolidation, or other disposition will have on the tax revenues of the political subdivisions in which any structures, facilities or equipment of the corporations involved in such disposition are located. The commission shall send a copy of all information obtained by it as to what, if any, impact such sale, assignment, lease, transfer, merger, consolidation or other disposition will have on the tax revenues of various political subdivisions to the county clerk of each county in which any portion of a political subdivision which will be affected by such disposition is located. Nothing in this subsection contained shall be construed to prevent the sale, assignment, lease or other disposition by any corporation, person or public utility of a class designated in this subsection of property which is not necessary or useful in the performance of its duties to the public, and any sale of its property by such corporation, person or public utility shall be conclusively presumed to have been of property which is not useful or necessary in the performance of its duties to the public, as to any purchaser of such property in good faith for value.

2. No such corporation shall directly or indirectly acquire the stock or bonds of any other corporation incorporated for, or engaged in, the same or a similar business, or proposing to operate or operating under a franchise from the same or any other municipality; neither shall any street railroad corporation acquire the stock or bonds of any electrical corporation, unless, in either case, authorized so to do by the commission. Save where stock shall be transferred or held for the purpose of collateral security, no stock corporation of any description, domestic or foreign, other than a gas corporation, electrical corporation, water corporation, sewer corporation or street railroad corporation, shall, without the consent of the commission, purchase or acquire, take or hold, more than ten percent of the total capital stock issued by any gas corporation, electrical corporation, water corporation or sewer corporation organized or existing under or by virtue of the laws of this state, except that a corporation now lawfully holding a majority of the capital stock of any gas corporation, electrical corporation, water corporation or sewer corporation may, with the consent of the commission, acquire and hold the remainder of the capital stock of such gas corporation, electrical corporation, water corporation or sewer corporation, or any portion thereof.

3. **No person, public utility, or other corporation shall purchase or acquire, take, or hold fifty percent or more of the total capital stock issued by any sewer or water corporation that regularly provides service to eight thousand or fewer customers without notifying the commission within thirty days of said acquisition.**

4. Notwithstanding subsection 3 of this section, any sewer or water corporation that regularly provides service to eight thousand or fewer customers that is delinquent in filing its public service commission annual report or is six months or more delinquent in paying its public service commission assessment or is in violation of any other public service commission or Missouri department of natural resources rules or regulations shall not sell

or transfer fifty percent or more of its total capital stock issued without the consent of the commission.

5. Nothing herein contained shall be construed to prevent the holding of stock heretofore lawfully acquired, or to prevent upon the surrender or exchange of said stock pursuant to a reorganization plan, the purchase, acquisition, taking or holding of a proportionate amount of stock of any new corporation organized to take over, at foreclosure or other sale, the property of any corporation whose stock has been thus surrendered or exchanged. Every contract, assignment, transfer or agreement for transfer of any stock by or through any person or corporation to any corporation in violation of any provision of this chapter shall be void and of no effect, and no such transfer or assignment shall be made upon the books of any such gas corporation, electrical corporation, water corporation or sewer corporation or shall be recognized as effective for any purpose.

393.320. ACQUISITION OF SMALL WATER UTILITIES, ESTABLISHMENT OF RATEMAKING RATE BASE, PROCEDURE. — 1. As used in this section, the following terms mean:

(1) "Large water public utility", a public utility that regularly provides water service or sewer service to more than eight thousand customer connections and that provides safe and adequate service but shall not include a sewer district established under Section 30(a), Article VI of the Missouri Constitution, sewer districts established under the provisions of chapter 204, 249, or 250, public water supply districts established under the provisions of chapter 247, or municipalities that own water or sewer systems;

(2) "Small water utility", a public utility that regularly provides water service or sewer service to eight thousand or fewer customer connections; a water district established under the provisions of chapter 247 that regularly provides water or sewer service to eight thousand or fewer customer connections; a sewer district established under the provisions of chapter 204, 249, or 250 that regularly provides sewer service to eight thousand or fewer customer connections; or a water system or sewer system owned by a municipality that regularly provides water service or sewer service to eight thousand or fewer customer connections; and all other entities that regularly provide water service or sewer service to eight thousand or fewer customer connections.

2. The procedures contained in this section may be chosen by a large water public utility, and if so chosen shall be used by the public service commission to establish the ratemaking rate base of a small water utility during an acquisition.

3. (1) An appraisal shall be performed by three appraisers. One appraiser shall be appointed by the small water utility, one appraiser shall be appointed by the large water public utility, and the third appraiser shall be appointed by the two appraisers so appointed. Each of the appraisers shall be a disinterested person who is a certified general appraiser under chapter 339.

(2) The appraisers shall:

(a) Jointly prepare an appraisal of the fair market value of the water system and/or sewer system. The determination of fair market value shall be in accordance with Missouri law and with the Uniform Standards of Professional Appraisal Practice; and

(b) Return their appraisal, in writing, to the small water utility and large water public utility in a reasonable and timely manner.

(3) If all three appraisers cannot agree as to the appraised value, the appraisal, when signed by two of the appraisers, constitutes a good and valid appraisal.

4. Nothing in this section shall prohibit a party from declining to proceed with an acquisition or be deemed as establishing the final purchase price of an acquisition.

5. (1) The lesser of the purchase price or the appraised value, together with the reasonable and prudent transaction, closing, and transition costs incurred by the large water public utility, shall constitute the ratemaking rate base for the small water utility as acquired by the acquiring large water public utility; provided, however, that if the small water utility is a

public utility subject to chapter 386 and the small water utility completed a rate case prior to the acquisition, the public service commission may select as the ratemaking rate base for the small water utility as acquired by the acquiring large water public utility a ratemaking rate base in between:

(a) The lesser of the purchase price or the appraised value, together with the reasonable and prudent transaction, closing, and transition costs incurred by the large water public utility unless such transaction, closing, and transition costs are elsewhere recoverable in rates; and

(b) The ratemaking rate base of the small water utility as ordered by the public service commission in the small water utility's last previous rate case as adjusted by improvements and depreciation reserve since the previous rate case together with the transaction, closing, and transition costs incurred by the large water public utility unless such transaction, closing, and transition costs are elsewhere recoverable in rates. If the small water utility and large water public utility proceed with the sale, any past-due fees due to the state from the small water utility or its customers under chapter 640 or 644 shall be resolved prior to the transfer of ownership or the liability for such past-due fees becomes the responsibility of the large water public utility. Such fees shall not be included in the large water public utility's rate base.

(2) The public service commission shall issue its decision establishing the ratemaking rate base of the small water utility in its order approving the acquisition.

6. **Upon the date of the acquisition of a small water utility by a large water public utility, whether or not the procedures for establishing ratemaking rate base provided by this section have been utilized, the small water utility shall, for ratemaking purposes, become part of an existing service area, as defined by the public service commission, of the acquiring large water public utility that is either contiguous to the small water utility, the closest geographically to the small water utility, or best suited due to operational or other factors. This consolidation shall be approved by the public service commission in its order approving the acquisition.**

7. Any new permit issued pursuant to chapters 640 and 644, when a small water utility is acquired by a large water public utility, shall include a plan to resolve all outstanding permit compliance issues. After the transfer of ownership, the acquiring large public water utility shall continue providing service to all customers that were served by the small water utility at the time of sale.

[7.**]** **8.** This section is intended for the specific and unique purpose of determining the ratemaking rate base of small water utilities and shall be exclusively applied to large water public utilities in the acquisition of a small water utility. This section is not intended to apply beyond its specific purpose and shall not be construed in any manner to apply to electric corporations, natural gas corporations, or any other utility regulated by the public service commission.

393.760. ELECTION ON ISSUANCE OF BONDS — REQUIRED ACTIONS — NOTICE — CONDUCT OF ELECTION — FORM OF BALLOT — ALTERNATIVE VOTING PROCEDURES. — 1. Each participating municipality shall, in accordance with the provisions of chapter 115, order an election to be held whereby the qualified electors in such participating municipality shall approve or disapprove the issuance of its bonds to finance its individual interest in the project. The participating municipality may not order such an election until it has received a report from an independent consulting engineer as defined in section 327.181 for the purpose of determining the economic and engineering feasibility of any proposed project the costs of which are to be financed through the issuance of bonds. The report of the consulting engineer shall be provided to and approved by the legislative body and executive of each such participating municipality and such report shall be open to public inspection and shall be the subject of a public hearing in each participating municipality. Notice of the time and place of each such hearing shall be published in a daily newspaper of general circulation within each such participating municipality. Interested parties may appear and fully participate in such hearings.

2. Each participating municipality shall notify the election authority or authorities responsible for conducting elections within such participating municipality in accordance with chapter 115.

3. The question shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall (name of participating municipality) issue its (type) revenue bonds in an amount not to exceed $..... for the purpose of paying its share of the cost of participating in (describe project)?

[ ] YES [ ] NO

If you are in favor of the resolution, place an "X" in the box opposite "Yes".
If you are opposed to the question, place an "X" in the box opposite "No".

4. If the issuance of the bonds is approved by at least a majority of the qualified electors voting thereon in the participating municipality, the participating municipality shall declare the result of the election and cause the bonds to be issued.

5. Each participating municipality shall bear all expenses associated with the elections in such participating municipality.

6. **[**In lieu of the public voting procedure set forth in subsections 1 to 5 of this section,**]** In the case of purchasing or leasing, constructing, installing, and operating reservoirs, pipelines, wells, check dams, pumping stations, water purification plants, and other facilities for the production, wholesale distribution, and utilization of water, the commission may provide for a vote by the governing body of each contracting municipality. Such vote shall require the approval of three-quarters of all governing bodies of the contracting municipalities. The commission may not order such a vote until it has engaged and received a report from an independent consulting engineer as defined in section 327.181 for the purpose of determining the economic and engineering feasibility of any proposed project the costs of which are to be financed through the issuance of bonds. The report of the consulting engineer shall be provided to and approved by the legislative body and executive of each contracting municipality participating in the project and such report shall be open to public inspection and shall be the subject of a public hearing in each municipality participating in the project. Notice of the time and place of each such hearing shall be published in a daily newspaper of general circulation within each municipality. Interested parties may appear and fully participate in such hearings. Each contracting municipality shall vote by ordinance or resolution and such ordinance or resolution shall approve the issuance of revenue bonds by the joint municipal water commission in an amount not to exceed a specified amount.

393.1030. ELECTRIC UTILITIES, PORTFOLIO REQUIREMENTS — TRACKING REQUIREMENTS — REBATE OFFERS — CERTIFICATION OF ELECTRICITY GENERATED — RULEMAKING AUTHORITY. — 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility's sales:

(1) No less than two percent for calendar years 2011 through 2013;
(2) No less than five percent for calendar years 2014 through 2017;
(3) No less than ten percent for calendar years 2018 through 2020; and
(4) No less than fifteen percent in each calendar year beginning in 2021.

At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of

eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation**. Notwithstanding the foregoing, until June 30, 2020, if the maximum average retail rate increase would be less than or equal to one percent if an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility is ignored for purposes of calculating the increase, then additional solar rebates shall be paid and included in rates in an amount up to the amount that would produce a retail rate increase equal to the difference between a one percent retail rate increase and the retail rate increase calculated when ignoring an electric utility's investment in solar-related projects initiated, owned, or operated by the electric utility. Notwithstanding any provision to the contrary in this section, even if the payment of additional solar rebates will produce a maximum average retail rate increase of greater than one percent when an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility are included in the calculation, the additional solar rebate costs shall be included in the prudently incurred costs to be recovered as contemplated by subdivision (4) of this subsection**;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1 **of this section**. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. **As provided for in this section, except for those electrical corporations that qualify for an exemption under section 393.1050,** each electric utility shall make available to its retail customers a **[**standard**]** **solar** rebate **[**offer of at least two dollars per installed watt**]** for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, **measured in direct current** that **[**become operational after 2009**]** **were confirmed by the electric utility to have become operational in compliance with the provisions of section 386.890. The solar rebates shall be two dollars per watt for systems becoming operational on or before June 30, 2014; one dollar and fifty cents per watt for systems becoming operational between July 1, 2014, and June 30, 2015; one dollar per watt for systems becoming operational between July 1, 2015, and June 30, 2016; fifty cents per watt for systems becoming operational between July 1, 2016, and June 30, 2017; fifty**

cents per watt for systems becoming operational between July 1, 2017, and June 30, 2019; twenty-five cents per watt for systems becoming operational between July 1, 2019, and June 30, 2020; and zero cents per watt for systems becoming operational after June 30, 2020. An electric utility may, through its tariffs, require applications for rebates to be submitted up to one hundred eighty-two days prior to the June 30 operational date. Nothing in this section shall prevent an electrical corporation from offering rebates after July 1, 2020, through an approved tariff. If the electric utility determines the maximum average retail rate increase provided for in subdivision (1) of subsection 2 of this section will be reached in any calendar year, the electric utility shall be entitled to cease paying rebates to the extent necessary to avoid exceeding the maximum average retail rate increase if the electrical corporation files with the commission to suspend its rebate tariff for the remainder of that calendar year at least sixty days prior to the change taking effect. The filing with the commission to suspend the electrical corporation's rebate tariff shall include the calculation reflecting that the maximum average retail rate increase will be reached and supporting documentation reflecting that the maximum average retail rate increase will be reached. The commission shall rule on the suspension filing within sixty days of the date it is filed. If the commission determines that the maximum average retail rate increase will be reached the commission shall approve the tariff suspension. The electric utility shall continue to process and pay applicable solar rebates until a final commission ruling; however, if the continued payment causes the electric utility to pay rebates that cause it to exceed the maximum average retail rate increase, the expenditures shall be considered prudently incurred costs as contemplated by subdivision (4) of subsection 2 of this section and shall be recoverable as such by the electric utility. As a condition of receiving a rebate, customers shall transfer to the electric utility all right, title, and interest in and to the renewable energy credits associated with the new or expanded solar electric system that qualified the customer for the solar rebate for a period of ten years from the date the electric utility confirmed that the solar electric system was installed and operational.

4. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.

6. The commission shall have the authority to promulgate rules for the implementation of this section, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

393.1075. CITATION OF LAW — DEFINITIONS — POLICY TO VALUE DEMAND-SIDE INVESTMENTS EQUAL TO TRADITIONAL INVESTMENTS — DEVELOPMENT OF COST RECOVERY MECHANISMS — COSTS NOT TO BE ASSIGNED TO CUSTOMERS, WHEN — RULEMAKING AUTHORITY — ANNUAL REPORT — CERTAIN CHARGES TO APPEAR ON BILL. — 1. This section shall be known as the "Missouri Energy Efficiency Investment Act".

2. As used in this section, the following terms shall mean:

(1) "Commission", the Missouri public service commission;

(2) "Demand response", measures that decrease peak demand or shift demand to off-peak periods;

(3) "Demand-side program", any program conducted by the utility to modify the net consumption of electricity on the retail customer's side of the electric meter, including but not limited to energy efficiency measures, load management, demand response, and interruptible or curtailable load;

(4) "Energy efficiency", measures that reduce the amount of electricity required to achieve a given end use;

(5) "Interruptible or curtailable rate", a rate under which a customer receives a reduced charge in exchange for agreeing to allow the utility to withdraw the supply of electricity under certain specified conditions;

(6) "Total resource cost test", a test that compares the sum of avoided utility costs and avoided probable environmental compliance costs to the sum of all incremental costs of end-use measures that are implemented due to the program, as defined by the commission in rules.

3. It shall be the policy of the state to value demand-side investments equal to traditional investments in supply and delivery infrastructure and allow recovery of all reasonable and prudent costs of delivering cost-effective demand-side programs. In support of this policy, the commission shall:

(1) Provide timely cost recovery for utilities;

(2) Ensure that utility financial incentives are aligned with helping customers use energy more efficiently and in a manner that sustains or enhances utility customers' incentives to use energy more efficiently; and

(3) Provide timely earnings opportunities associated with cost-effective measurable and verifiable efficiency savings.

4. The commission shall permit electric corporations to implement commission-approved demand-side programs proposed pursuant to this section with a goal of achieving all cost-effective demand-side savings. Recovery for such programs shall not be permitted unless the programs are approved by the commission, result in energy or demand savings and are beneficial to all customers in the customer class in which the programs are proposed, regardless of whether the programs are utilized by all customers. The commission shall consider the total resource cost test a preferred cost-effectiveness test. Programs targeted to low-income customers or general education campaigns do not need to meet a cost-effectiveness test, so long as the commission determines that the program or campaign is in the public interest. Nothing herein shall preclude the approval of demand-side programs that do not meet the test if the costs of the program above the level determined to be cost-effective are funded by the customers participating in the program or through tax or other governmental credits or incentives specifically designed for that purpose.

5. To comply with this section the commission may develop cost recovery mechanisms to further encourage investments in demand-side programs including, in combination and without limitation: capitalization of investments in and expenditures for demand-side programs, rate design modifications, accelerated depreciation on demand-side investments, and allowing the utility to retain a portion of the net benefits of a demand-side program for its shareholders. In setting rates the commission shall fairly apportion the costs and benefits of demand-side programs to each customer class except as provided for in subsection 6 of this section. Prior to approving a rate design modification associated with demand-side cost recovery, the commission shall conclude a docket studying the effects thereof and promulgate an appropriate rule.

6. The commission may reduce or exempt allocation of demand-side expenditures to low-income classes, as defined in an appropriate rate proceeding, as a subclass of residential service.

7. Provided that the customer has notified the electric corporation that the customer elects not to participate in demand-side measures offered by an electrical corporation, none of the costs of demand-side measures of an electric corporation offered under this section or by any other authority, and no other charges implemented in accordance with this section, shall be assigned to any account of any customer, including its affiliates and subsidiaries, meeting one or more of the following criteria:

(1) The customer has one or more accounts within the service territory of the electrical corporation that has a demand of five thousand kilowatts or more;

(2) The customer operates an interstate pipeline pumping station, regardless of size; or

(3) The customer has accounts within the service territory of the electrical corporation that have, in aggregate, a demand of two thousand five hundred kilowatts or more, and the customer has a comprehensive demand-side or energy efficiency program and can demonstrate an achievement of savings at least equal to those expected from utility-provided programs.

8. Customers that have notified the electrical corporation that they do not wish to participate in demand-side programs under this section shall not subsequently be eligible to participate in demand-side programs except under guidelines established by the commission in rulemaking.

9. Customers who participate in demand-side programs initiated after August 1, 2009, shall be required to participate in program funding for a period of time to be established by the commission in rulemaking.

10. Customers electing not to participate in an electric corporation's demand-side programs under this section shall still be allowed to participate in interruptible or curtailable rate schedules or tariffs offered by the electric corporation.

11. The commission shall provide oversight and may adopt rules and procedures and approve corporation-specific settlements and tariff provisions, independent evaluation of demand-side programs, as necessary, to ensure that electric corporations can achieve the goals of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

12. Each electric corporation shall submit an annual report to the commission describing the demand-side programs implemented by the utility in the previous year. The report shall document program expenditures, including incentive payments, peak demand and energy savings impacts and the techniques used to estimate those impacts, avoided costs and the techniques used to estimate those costs, the estimated cost-effectiveness of the demand-side programs, and the net economic benefits of the demand-side programs.

13. Charges attributable to demand-side programs under this section shall be clearly shown as a separate line item on bills to the electrical corporation's customers.

14. (1) Any customer of an electrical corporation who has received a state tax credit under sections 135.350 to 135.362 or under sections 253.545 to 253.561 shall not be eligible for participation in any demand-side program offered by an electrical corporation under this section if such program offers a monetary incentive to the customer**, except as provided in subdivision (4) of this subsection**.

(2) As a condition of participation in any demand-side program offered by an electrical corporation under this section when such program offers a monetary incentive to the customer, the commission shall develop rules that require documentation to be provided by the customer

to the electrical corporation to show that the customer has not received a tax credit listed in subdivision (1) of this subsection.

(3) The penalty for a customer who provides false documentation under subdivision (2) of this subsection shall be a class A misdemeanor.

(4) The provisions of this subsection shall not apply to any low-income customer who would otherwise be eligible to participate in a demand-side program that is offered by an electrical corporation to low-income customers.

15. The commission shall develop rules that provide for disclosure of participants in all demand-side programs offered by electrical corporations under this section when such programs provide monetary incentives to the customer. The disclosure required by this subsection may include, but not be limited to, the following: the name of the participant, or the names of the principles if for a company, the property address, and the amount of the monetary incentive received.

HB 148 [SCS HB 148]

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in bold-face type in the above bill is proposed language.

Establishes the custody and visitation rights of a deploying military parent

AN ACT to amend chapter 452, RSMo, by adding thereto one new section relating to child custody and visitation for military personnel.

SECTION
A. Enacting clause.
452.413. Military deployment, child custody and visitation, effect of — nondeploying parent requirements — procedure — failure to comply, effect of.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Chapter 452, RSMo, is amended by adding thereto one new section, to be known as section 452.413, to read as follows:

452.413. MILITARY DEPLOYMENT, CHILD CUSTODY AND VISITATION, EFFECT OF — NONDEPLOYING PARENT REQUIREMENTS — PROCEDURE — FAILURE TO COMPLY, EFFECT OF. — 1. As used in this section, the following terms shall mean:

(1) "Deploying parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is deployed or who has received written orders to deploy with the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(2) "Deployment", military service in compliance with military orders received by a member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof to report for combat operations, contingency operations, peacekeeping operations, temporary duty (TDY), a remote tour of duty, or other service for which the deploying parent is required to report unaccompanied by any family member. Military service includes a period during which a military parent remains subject to deployment orders and remains deployed on account of sickness, wounds, leave, or other lawful cause;

(3) "Military parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is a service member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(4) "Nondeploying parent", a parent or guardian not subject to deployment.

2. If a military parent is required to be separated from a child due to deployment, a court shall not enter a final order modifying the terms establishing custody or visitation contained in an existing order until ninety days after the deployment ends unless there is a written agreement by both parties.

3. In accordance with section 452.412, deployment or the potential for future deployment shall not be the sole factor supporting a change in circumstances or grounds sufficient to support a permanent modification of the custody or visitation terms established in an existing order.

4. (1) An existing order establishing the terms of custody or visitation in place at the time a military parent is deployed may be temporarily modified to make reasonable accommodation for the parties due to the deployment.

(2) A temporary modification order issued under this section shall provide that the deploying parent shall have custody of the child or reasonable visitation, whichever is applicable under the original order, during a period of leave granted to the deploying parent, unless it is not in the best interest of the child.

(3) Any court order modifying a previously ordered custody or visitation due to deployment shall specify that the deployment is the basis for the order and shall be entered by the court as a temporary order.

(4) Any such temporary custody or visitation order shall require the nondeploying parent to provide the court and the deploying parent with written notice of the nondeploying parent's address and telephone number, and update such information within seven days of any change. However, if a valid order of protection under chapter 455 from this or another jurisdiction is in effect that requires that the address or contact information of the parent who is not deployed be kept confidential, the notification shall be made to the court only, and a copy of the order shall be included in the notification. Nothing in this subdivision shall be construed to eliminate the requirements under section 452.377.

(5) Upon motion of a deploying parent, with reasonable advance notice and for good cause shown, the court shall hold an expedited hearing in any custody or visitation matters instituted under this section when the military duties of the deploying parent have a material effect on his or her ability or anticipated ability to appear in person at a regularly scheduled hearing.

5. (1) A temporary modification of such an order automatically ends no later than thirty days after the return of the deploying parent and the original terms of the custody or visitation order in place at the time of deployment are automatically reinstated.

(2) Nothing in this section shall limit the power of the court to conduct an expedited or emergency hearing regarding custody or visitation upon return of the deploying parent, and the court shall do so within ten days of the filing of a motion alleging an immediate danger or irreparable harm to the child.

(3) The nondeploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests. The court shall set any nonemergency motion by the nondeploying parent for hearing within thirty days of the filing of the motion.

6. (1) Upon motion of the deploying parent or upon motion of a family member of the deploying parent with his or her consent, the court may delegate his or her visitation rights, or a portion of such rights, to a family member with a close and substantial

relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

(2) Such delegated visitation time or access does not create an entitlement or standing to assert separate rights to parent time or access for any person other than a parent, and shall terminate by operation of law upon the end of the deployment, as set forth in this section.

(3) Such delegated visitation time shall not exceed the visitation time granted to the deploying parent under the existing order; except that, the court may take into consideration the travel time necessary to transport the child for such delegated visitation time.

(4) In addition, there is a rebuttable presumption that a deployed parent's visitation rights shall not be delegated to a family member who has a history of perpetrating domestic violence as defined under section 455.010 against another family or household member, or delegated to a family member with an individual in the family member's household who has a history of perpetrating domestic violence against another family or household member.

(5) The person or persons to whom delegated visitation time has been granted shall have full legal standing to enforce such rights.

7. Upon motion of a deploying parent and upon reasonable advance notice and for good cause shown, the court shall permit such parent to present testimony and evidence by affidavit or electronic means in support, custody, and visitation matters instituted under this section when the military duties of such parent have a material effect on his or her ability to appear in person at a regularly scheduled hearing. Electronic means includes communication by telephone, video conference, or the internet.

8. Any order entered under this section shall require that the nondeploying parent:

(1) Make the child or children reasonably available to the deploying parent when the deploying parent has leave;

(2) Facilitate opportunities for telephonic and electronic mail contact between the deploying parent and the child or children during deployment; and

(3) Receive timely information regarding the deploying parent's leave schedule.

9. (1) If there is no existing order establishing the terms of custody and visitation and it appears that deployment is imminent, upon the filing of initial pleadings and motion by either parent, the court shall expedite a hearing to establish temporary custody or visitation to ensure the deploying parent has access to the child, to ensure disclosure of information, to grant other rights and duties set forth in this section, and to provide other appropriate relief.

(2) Any initial pleading filed to establish custody or visitation for a child of a deploying parent shall be so identified at the time of filing by stating in the text of the pleading the specific facts related to deployment.

10. (1) Since military necessity may preclude court adjudication before deployment, the parties shall cooperate with each other in an effort to reach a mutually agreeable resolution of custody, visitation, and child support.

(2) A deploying parent shall provide a copy of his or her orders to the nondeploying parent promptly and without delay prior to deployment. Notification shall be made within ten days of receipt of deployment orders. If less than ten days notice is received by the deploying parent, notice shall be given immediately upon receipt of military orders. If all or part of the orders are classified or restricted as to release, the deploying parent shall provide, under the terms of this subdivision, all such nonclassified or nonrestricted information to the nondeploying parent.

11. In an action brought under this chapter, whenever the court declines to grant or extend a stay of proceedings under the Servicemembers Civil Relief Act, 50 U.S.C.

Appendix Sections 521-522, and decides to proceed in the absence of the deployed parent, the court shall appoint a guardian ad litem to represent the minor child's interests.

12. Service of process on a nondeploying parent whose whereabouts are unknown may be accomplished in accordance with the provisions of section 506.160.

13. In determining whether a parent has failed to exercise visitation rights, the court shall not count any time periods during which the parent did not exercise visitation due to the material effect of such parent's military duties on visitation time.

14. Once an order for custody has been entered in Missouri, any absence of a child from this state during deployment shall be denominated a temporary absence for the purposes of application of the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA). For the duration of the deployment, Missouri shall retain exclusive jurisdiction under the UCCJEA and deployment shall not be used as a basis to assert inconvenience of the forum under the UCCJEA.

15. In making determinations under this section, the court may award attorney's fees and costs based on the court's consideration of:

(1) The failure of either party to reasonably accommodate the other party in custody or visitation matters related to a military parent's service;

(2) Unreasonable delay caused by either party in resolving custody or visitation related to a military parent's service;

(3) Failure of either party to timely provide military orders, income, earnings, or payment information, housing or education information, or physical location of the child to the other party; and

(4) Other factors as the court may consider appropriate and as may be required by law.

2. In lieu of electing councilmen as provided in subsection 1 of this section, the council may elect to establish wards and elect councilmen as provided in this subsection. If the council so elects, it shall, by ordinance, divide the city into not less than four wards, and one councilman shall be elected from each of such wards by the qualified voters thereof at the first election for councilmen held in the city after it adopts the provisions of this subsection. At the first election held under this subsection the councilmen elected from the odd-numbered wards shall be elected for a term of one year and the councilmen elected from the even-numbered wards shall be elected for a term of two years. At each annual election held thereafter, successors for councilmen whose terms expire in such year shall be elected for a term of two years.

3. (1) Council members may serve four-year terms if the two-year terms provided under subsection 1 or 2 of this section have been extended to four years by ordinance or by approval of a majority of the voters voting on the proposal.

(2) The ballot of submission shall be in substantially the following form:

[ ] YES [ ] NO

(3) If an ordinance is passed or a majority of the voters voting approve the proposal authorized in this subsection, the members of council who would serve two years under subsections 1 and 2 of this section shall be elected to four-year terms beginning with any election occurring after the adoption of the ordinance or approval of the ballot question.

78.090. ELECTION, PRIMARY — HELD WHEN — ELIMINATION OF PRIMARY, WHEN. — **1.** Candidates to be voted for at all general municipal elections at which a mayor and councilmen are to be elected under the provisions of sections 78.010 to **[**78.420**]** **78.400** shall be nominated by a primary election, **except as provided in this section,** and no other names shall be placed upon the general ballot except those selected in the manner herein prescribed. The primary election for such nomination shall be held on the first Tuesday after the first Monday in February preceding the municipal election.

2. (1) In lieu of conducting a primary election under this section, any city organized under sections 78.010 to 78.400 may, by order or ordinance, provide for the elimination of the primary election and the conduct of elections for mayor and councilman as provided in this subsection.

(2) Any person desiring to become a candidate for mayor or councilman shall file with the city clerk a signed statement of such candidacy, stating whether such person is a resident of the city and a qualified voter of the city, that the person desires to be a candidate for nomination to the office of mayor or councilman to be voted upon at the next municipal election for such office, that the person is eligible for such office, that the person requests to be placed on the ballot, and that such person will serve if elected. 96.229. CHARTER HOSPITALS, ELECTION TO BE GOVERNED BY NONPROFIT CORPORATION LAW, PROCEDURE. — 1. Notwithstanding subsection 5 of section 96.150 regarding the lease of substantially all of a hospital where the board of trustees is lessor, a city in which a hospital is located that:

(1) Is organized and operated under this chapter;

(2) Has not accepted appropriated funds from the city during the prior twenty years; and

(3) Is licensed by the department of health and senior services for two hundred beds or more pursuant to sections 197.010 to 197.120,

2. Upon filing with the city clerk of a resolution adopted by no less than two-thirds of the incumbent members of the board of trustees to sell, lease, or otherwise transfer all or substantially all of the hospital property, both real and personal, for reasons specified in the resolution, the clerk shall present the resolution to the city council. If a majority of the incumbent members of the city council determine that sale, lease, or other transfer of the hospital property is desirable, the city council shall submit to the voters of the city the question in substantially the following form:

"Shall the city council of . . . . . , Missouri and the board of trustees of . . . . . hospital be authorized to sell (or lease or otherwise transfer) the property, real and personal, of . . . . . hospital as approved by, and in accordance with, the resolution of the board of trustees authorizing such sale (or lease or transfer)?"

A majority of the votes cast on such question shall be required in order to approve and authorize such sale, lease or other transfer. If the question receives less than the required majority, then the city council and the board of trustees shall have no power to sell, lease or otherwise transfer the property, real and personal, of the hospital unless and until the city council has submitted another question to authorize such sale, lease or transfer authorized under this section and such question is approved by the required majority of the qualified voters voting thereon. However, in no event shall a question under this section be submitted to the voters sooner than twelve months from the date of the last question under this section and after the adoption of another resolution by no less than two-thirds of the board of trustees and a subsequent vote by a majority of the city council to again submit the question to the voters.

3. Upon passage of such question by the voters, the board of trustees shall sell and dispose of such property, or lease or transfer such property, in the manner proposed by

the board of trustees. The deed of the board of trustees, duly authorized by the board of trustees and duly acknowledged and recorded, shall be sufficient to convey to the purchaser all the rights, title, interest, and estate in the hospital property.

4. No sale, lease, or other transfer of such hospital property shall be authorized or effective unless such transaction provides sufficient proceeds to be available to be applied to the payment of all interest and principal of any outstanding valid indebtedness incurred for purchase of the site or construction of the hospital, or for any repairs, alterations, improvements, or additions thereto, or for operation of the hospital.

5. Assets donated to the hospital pursuant to section 96.210 shall be used to provide health care services in the city and in the geographic region previously served by the hospital, except as otherwise prescribed by the terms of the deed, gift, devise, or bequest.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of ..... (insert name of county) impose a county sales tax of ..... (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

[ ] YES [ ] NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years. **Notwithstanding any other provision of law, if there is no candidate for an open position on the board, then no election shall be held for that position and it shall be considered vacant, to be filled pursuant to the provisions of section 190.339, and, if there is only one candidate for each open position, no election shall be held and the candidate or candidates shall assume office at the same time and in the same manner as if elected.**

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339.

67.457. ESTABLISHMENT OF NEIGHBORHOOD IMPROVEMENT DISTRICTS — PROCEDURE — NOTICE OF ELECTIONS, CONTENTS — ALTERNATIVES, PETITION, CONTENTS — MAINTENANCE COSTS, ASSESSMENT — RECORDING REQUIREMENTS. — 1. To establish a neighborhood improvement district, the governing body of any city or county shall comply with either of the procedures described in subsection 2 or 3 of this section.

2. The governing body of any city or county proposing to create a neighborhood improvement district may by resolution submit the question of creating such district to all qualified voters residing within such district at a general or special election called for that purpose. Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under article VI, section 26 of the constitution of this state. The notice of election containing the question of creating a neighborhood improvement district shall contain the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and a statement that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such notice, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such notice, by more than twenty-five percent. The ballot upon which the question of creating a neighborhood improvement district is submitted to the qualified voters residing within the proposed district shall contain a question in substantially the following form:

Shall ..... (name of city or county) be authorized to create a neighborhood improvement district proposed for the ..... (project name for the proposed improvement) and incur indebtedness and issue general obligation bonds to pay for all

or part of the cost of public improvements within such district, the cost of all indebtedness so incurred to be assessed by the governing body of the ..... (city or county) on the real property benefitted by such improvements for a period of ..... years, and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition. The petition, in order to become effective, shall be filed with the city clerk or county clerk. A proper petition for the creation of a neighborhood improvement district shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the city clerk or county clerk, and a notice that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such petition, by more than twenty-five percent.

4. Upon receiving the requisite voter approval at an election or upon the filing of a proper petition with the city clerk or county clerk, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the district be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed in subsection 3 of this section.

7. Prior to any assessment hereafter being levied against any real property within any neighborhood improvement district, and prior to any lien enforceable under either chapter 140 or 141 being imposed after August 28, 2013, against any real property within a neighborhood improvement district, the clerk of the governing body establishing the neighborhood improvement district shall cause to be recorded with the recorder of deeds for the county in which any portion of the neighborhood improvement district is located a document conforming to the provisions of sections 59.310 and 59.313, and which shall contain at least the following information:

(1) All owners of record of real property located within the neighborhood improvement district at the time of recording, who shall be identified in the document as grantors and indexed by the recorder, as required under section 59.440;

(2) The governing body establishing the neighborhood improvement district and the title of any official or agency responsible for collecting or enforcing any assessments, who shall be identified in the document as grantees and indexed by the recorder, as required under section 59.440;

(3) The legal description of the property within the neighborhood improvement district which may either be the metes and bounds description authorized in subsection 5 of this section or the legal description of each lot or parcel within the neighborhood improvement district; and

(4) The identifying number of the resolution or ordinance creating the neighborhood improvement district, or a copy of such resolution or ordinance.

67.463. PUBLIC HEARING, PROCEDURE — APPORTIONMENT OF COSTS — SPECIAL ASSESSMENTS, NOTICE — PAYMENT AND COLLECTION OF ASSESSMENTS. — 1. At the hearing to consider the proposed improvements and assessments, the governing body shall hear and pass upon all objections to the proposed improvements and proposed assessments, if any, and may amend the proposed improvements, and the plans and specifications therefor, or assessments as to any property, and thereupon by ordinance or resolution the governing body of the city or county shall order that the improvement be made and direct that financing for the cost thereof be obtained as provided in sections 67.453 to 67.475.

2. After construction of the improvement has been completed in accordance with the plans and specifications therefor, the governing body shall compute the final costs of the improvement and apportion the costs among the property benefitted by such improvement in such equitable manner as the governing body shall determine, charging each parcel of property with its proportionate share of the costs, and by resolution or ordinance, assess the final cost of the improvement or the amount of general obligation bonds issued or to be issued therefor as special assessments against the property described in the assessment roll.

3. After the passage or adoption of the ordinance or resolution assessing the special assessments, the city clerk or county clerk shall mail a notice to each property owner within the district which sets forth a description of each parcel of real property to be assessed which is owned by such owner, the special assessment assigned to such property, and a statement that the property owner may pay such assessment in full, together with interest accrued thereon from the effective date of such ordinance or resolution, on or before a specified date determined by the effective date of the ordinance or resolution, or may pay such assessment in annual installments as provided in subsection 4 of this section.

4. The special assessments shall be assessed upon the property included therein concurrent with general property taxes, and shall be payable in substantially equal annual installments for a duration stated in the ballot measure prescribed in subsection 2 of section 67.457 or in the petition prescribed in subsection 3 of section 67.457, and, if authorized, an assessment in each year thereafter levied and collected in the same manner with the proceeds thereof used solely for maintenance of the improvement, taking into account such assessments and interest thereon, as the governing body determines. The first installment shall be payable after the first collection

of general property taxes following the adoption of the assessment ordinance or resolution unless such ordinance or resolution was adopted and certified too late to permit its collection at such time. All assessments shall bear interest at such rate as the governing body determines, not to exceed the rate permitted for bonds by section 108.170. Interest on the assessment between the effective date of the ordinance or resolution assessing the assessment and the date the first installment is payable shall be added to the first installment. The interest for one year on all unpaid installments shall be added to each subsequent installment until paid. In the case of a special assessment by a city, all of the installments, together with the interest accrued or to accrue thereon, may be certified by the city clerk to the county clerk in one instrument at the same time. Such certification shall be good for all of the installments, and the interest thereon payable as special assessments.

5. Special assessments shall be collected and paid over to the city treasurer or county treasurer in the same manner as taxes of the city or county are collected and paid. In any **county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants and any** county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants, the county collector may collect a fee as prescribed by section 52.260 for collection of assessments under this section.

67.469. ASSESSMENT TREATED AS TAX LIEN, PAYABLE UPON FORECLOSURE. — A special assessment authorized under the provisions of sections 67.453 to 67.475 shall be a lien, from the date of the assessment, on the property against which it is assessed on behalf of the city or county assessing the same to the same extent as a tax upon real property. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale pursuant to chapter 140 or **[**by judicial foreclosure proceeding**]**, **if applicable to that county, chapter 141, or** at the option of the governing body**, by judicial foreclosure proceeding**. Upon the foreclosure of any such lien, whether by land tax sale or by judicial foreclosure proceeding, the entire remaining assessment may become due and payable and may be recoverable in such foreclosure proceeding at the option of the governing body.

67.1521. SPECIAL ASSESSMENTS, PETITION, FUNDS, HOW COLLECTED — ADDED TO ANNUAL REAL ESTATE BILL — SEPARATE FUND REQUIRED, WHEN. — 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The ..... (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefitted within the District for the purpose of providing revenue for ..... (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by ..... (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed ..... dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on ..... (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: ..... (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefitted in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861. Notwithstanding the provisions of this subsection and section 67.1541 to the contrary, **[**in any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants,**]** the county collector may, upon certification by the district for collection, add each special assessment to the annual real estate tax bill for the property and collect the assessment in the same manner the collector uses for real estate taxes. **[**In said counties, each**]** **Any** special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district.

140.050. CLERK TO MAKE BACK TAX BOOK — DELIVERY TO COLLECTOR, COLLECTION — CORRECTION OF OMISSIONS. — 1. Except as provided in section 52.361, the county clerk shall file the delinquent lists in the county clerk's office and within ten days thereafter make, under the seal of the commission, the lists into a back tax book as provided in section 140.060.

2. Except as provided in section 52.361, when completed, the clerk shall deliver the book **or an electronic copy thereof** to the collector taking duplicate receipts therefor, one of which the clerk shall file in the clerk's office and the other the clerk shall file with the director of revenue. The clerk shall charge the collector with the aggregate amount of taxes, interest, and clerk's fees contained in the back tax book.

3. The collector shall collect such back taxes and may levy upon, seize and distrain tangible personal property and may sell such property for taxes.

4. In the city of St. Louis, the city comptroller or other proper officer shall return the back tax book together with the uncollected tax bills within thirty days to the city collector.

5. If any county commission or clerk in counties not having a county auditor fails to comply with section 140.040, and this section, to the extent that the collection of taxes cannot be enforced by law, the county commission or clerk, or their successors in office, shall correct such omissions at once and return the back tax book to the collector who shall collect such taxes.

140.115. LIEN PROHIBITED ON PROPERTY IN BACK TAX BOOK, WHEN. — Any person other than the owner or a mortgagee or other lienholder described in section 139.070 who pays the original taxes, as charged against the tract of land or town lot described in the back tax book together with interest from the day upon which the tax first became delinquent at the rate specified in section 140.100 shall not invoke a lien on said property or person without the knowledge and consent of the owner. Any such lien so invoked on said property or person without the knowledge and consent of the owner shall be null and void.

140.150. LANDS, LOTS, MINERAL RIGHTS, AND ROYALTY INTERESTS SUBJECT TO SALE, WHEN. — 1. All lands, lots, mineral rights, and royalty interests on which taxes or **[**neighborhood improvement district**]** special assessments are delinquent and unpaid are subject to sale to discharge the lien for the delinquent and unpaid taxes or unpaid special assessments as provided for in this chapter on the fourth Monday in August of each year.

2. No real property, lots, mineral rights, or royalty interests shall be sold for state, county or city taxes or special assessments without judicial proceedings, unless the notice of sale contains the names of all record owners thereof, or the names of all owners appearing on the land tax book and all other information required by law. Delinquent taxes or unpaid special assessments, penalty, interest and costs due thereon may be paid to the county collector at any time before the property is sold therefor. The collector shall send notices to the publicly recorded owner of record before any delinquent and unpaid taxes or unpaid special assessments as specified in this section subject to sale are published. The first notice shall be by first class mail. A second notice shall be sent by certified mail only if the assessed valuation of the property is greater than one thousand dollars. If the assessed valuation of the property is not greater than one thousand dollars, only the first notice shall be required. If any second notice sent by certified mail under this section is returned to the collector unsigned, then notice shall be sent before the sale by first class mail to both the owner of record and the occupant of the real property. The postage for the mailing of the notices shall be paid out of the county treasury, and such costs shall be added to the costs of conducting the sale, and the county treasury shall be reimbursed to the extent that such postage costs are recovered at the sale. The failure of the taxpayer or the publicly recorded owner to receive the notice provided for in this section shall not relieve the taxpayer or publicly recorded owner of any tax liability imposed by law.

3. The entry in the back tax book by the county clerk of the delinquent lands, lots, mineral rights, and royalty interests constitutes a levy upon the delinquent lands, lots, mineral rights, and royalty interests for the purpose of enforcing the lien of delinquent and unpaid taxes or unpaid special assessments **[**as provided in section 67.469**]**, together with penalty, interest and costs.

140.160. LIMITATION OF ACTIONS, EXCEPTIONS — COUNTY AUDITOR TO ANNUALLY AUDIT. — 1. No proceedings for the sale of land and lots for delinquent taxes pursuant to this chapter or unpaid special assessments **[**as provided in section 67.469**]**, relating to the collection of delinquent and back taxes and unpaid special assessments and providing for foreclosure sale and redemption of land and lots therefor, shall be valid unless initial proceedings therefor shall be commenced within three years after delinquency of such taxes and unpaid special assessments, and any sale held pursuant to initial proceedings commenced within such period

of three years shall be deemed to have been in compliance with the provisions of said law insofar as the time at which such sales are to be had is specified therein; provided further, that in suits or actions to collect delinquent drainage and/or levee assessments on real estate such suits or actions shall be commenced within three years after delinquency, otherwise no suit or action therefor shall be commenced, had or maintained, except that the three-year limitation described in this subsection shall not be applicable if any written instrument conveys any real estate having a tax-exempt status, if such instrument causes such real estate to again become taxable real property and if such instrument has not been recorded in the office of the recorder in the county in which the real estate has been situated. Such three-year limitation shall only be applicable once the recording of the title has occurred.

2. The county auditor in all counties having a county auditor shall annually audit collections, deposits, and supporting reports of the collector and provide a copy of such audit to the county collector and to the governing body of the county. A copy of the audit may be provided to all applicable taxing entities within the county at the discretion of the county collector.

140.230. FORECLOSURE SALE SURPLUS — DEPOSITED IN TREASURY — ESCHEATS, WHEN. — 1. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section**, and shall be imposed on all transactions on which the Missouri state sales tax is imposed**.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. **(1)** The ordinance or order imposing a local sales tax under the local sales tax law shall impose **a tax** upon all **[**sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail**]** **transactions upon which the Missouri state sales tax is imposed** to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have previously approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2016, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the ..... (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer? Approval of this measure will result in a reduction of local revenue to provide for vital services for ..... (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

[ ] YES [ ] NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2016, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. (5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2016, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2017.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the

local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors **required to be titled under the laws of the state of Missouri**, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. 14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

(2) Property, the gross receipts from the sale of which are required to be included in the measure of the tax imposed pursuant to the Missouri sales tax law;

(31) This section is subject to the provisions of section 196.1127.

620.2010. RETENTION OF WITHHOLDING TAX FOR NEW JOBS, WHEN — TAX CREDITS AUTHORIZED, REQUIREMENTS — ALTERNATE INCENTIVES. — 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

(3) The qualified company creates two or more new jobs at a project facility located within a zone designated under sections 135.950 to 135.963, the average wage of the new payroll equals or exceeds eighty percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars in new capital investment at the project facility within two years of approval;

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the following factors:

(1) The significance of the qualified company's need for program benefits;

(2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

(3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

(4) The financial stability and creditworthiness of the qualified company;

(5) The level of economic distress in the area;

(6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

(7) The percent of local incentives committed;

3. Upon approval of a notice of intent to receive tax credits under subsections 2 and 5 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of new jobs, new payroll, and new capital investment for each year during the project period;

(2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(3) Clawback provisions, as may be required by the department; and

(4) Any other provisions the department may require.

4. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty

percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

5. In addition to the benefits available under subsections 4 of this section, the department may award a qualified company that satisfies the provisions of subsection 4 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

620.2015. RELOCATION OF BUSINESS, FACTOR IN DETERMINING ELIGIBILITY — BENEFITS, REQUIREMENTS — WRITTEN AGREEMENT REQUIRED. — 1. In exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this section if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this section. In no event shall the total amount of benefits available to all qualified companies under this section exceed six million dollars in any fiscal year.

2. A qualified company meeting the requirements of this section may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this section, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

3. In order to be eligible to receive benefits under this section, the qualified company shall meet each of the following conditions:

(1) The qualified company shall agree to retain, for a period of ten years from the date of approval of the notice of intent, at least fifty retained jobs; and

(2) The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount equal to one-half the total benefits, available under this section, which are offered to the qualified company by the department.

4. In awarding benefits under this section, the department shall consider the factors set forth in subsection 2 of section 620.2010.

5. Upon approval of a notice of intent to request benefits under this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

(2) Clawback provisions, as may be required by the department; and

(3) Any other provisions the department may require.

620.2020. PARTICIPATION PROCEDURES, DEPARTMENT DUTIES, QUALIFIED COMPANY DUTIES — MAXIMUM TAX CREDITS ALLOWED, ALLOCATION — PROHIBITED ACTS — REPORT, CONTENTS — RULEMAKING AUTHORITY — SUNSET DATE. — 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first

be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available no later than 90 days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of section 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred and six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred and eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred and sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new

payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the

development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 620.2000 to 620.2020 shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.

SECTION 1. NONSEVERABILITY CLAUSE. — Notwithstanding the provisions of section 1.140 to the contrary, the provisions of sections 32.087, 144.020, 144.021, 144.069, 144.071, 144.440, 144.450, 144.455, 144.525, 144.610, 144.613, and 144.615, as amended by this act, shall be nonseverable, and if any provision is for any reason held to be invalid, such decision shall invalidate all of the remaining provisions of section 32.087, 144.020, 144.021, 144.069, 144.071, 144.440, 144.450, 144.455, 144.525, 144.610, 144.613, and 144.615, as amended by this act.

No person shall be considered not available for work, pursuant to this subdivision, solely because he or she is a substitute teacher or is on jury duty. (4) Prior to the first week of a period of total or partial unemployment for which the claimant claims benefits he or she has been totally or partially unemployed for a waiting period of one week. No more than one waiting week will be required in any benefit year. During calendar year 2008 and each calendar year thereafter, the one-week waiting period shall become compensable once his or her remaining balance on the claim is equal to or less than the compensable amount for the waiting period. (b) With respect to services performed in any capacity (other than instructional, research, or principal administrative capacity) for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such services in the first of such academic years or terms and there is a contract or a reasonable assurance that such individual will perform such services in the second of such academic years or terms;

(c) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performed such services in the period immediately before such vacation period or holiday recess, and there is reasonable assurance that such individual will perform such services immediately following such vacation period or holiday recess;

(d) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits payable on the basis of services in any such capacity shall be denied as specified in paragraphs (a), (b), and (c) of this subdivision to any individual who performed such services at an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(2) If compensation is denied for any week pursuant to paragraph (b) or (d) of subdivision (1) of this subsection to any individual performing services at an educational institution in any capacity (other than instructional, research or principal administrative capacity), and such individual was not offered an opportunity to perform such services for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and

for which compensation was denied solely by reason of paragraph (b) or (d) of subdivision (1) of this subsection.

4. (1) A claimant shall be ineligible for waiting week credit, benefits or shared work benefits for any week for which he or she is receiving or has received remuneration exceeding his or her weekly benefit amount or shared work benefit amount in the form of:

(a) Compensation for temporary partial disability pursuant to the workers' compensation law of any state or pursuant to a similar law of the United States;

(b) A governmental or other pension, retirement or retired pay, annuity, or other similar periodic payment which is based on the previous work of such claimant to the extent that such payment is provided from funds provided by a base period or chargeable employer pursuant to a plan maintained or contributed to by such employer; but, except for such payments made pursuant to the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), the provisions of this paragraph shall not apply if the services performed for such employer by the claimant after the beginning of the base period (or remuneration for such services) do not affect eligibility for or increase the amount of such pension, retirement or retired pay, annuity or similar payment.

(2) If the remuneration referred to in this subsection is less than the benefits which would otherwise be due, the claimant shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration, and, if such benefit is not a multiple of one dollar, such amount shall be lowered to the next multiple of one dollar.

(3) Notwithstanding the provisions of subdivisions (1) and (2) of this subsection, if a claimant has contributed in any way to the Social Security Act or the Railroad Retirement Act of 1974, or the corresponding provisions of prior law, no part of the payments received pursuant to such federal law shall be deductible from the amount of benefits received pursuant to this chapter.

5. A claimant shall be ineligible for waiting week credit or benefits for any week for which or a part of which he or she has received or is seeking unemployment benefits pursuant to an unemployment insurance law of another state or the United States; provided, that if it be finally determined that the claimant is not entitled to such unemployment benefits, such ineligibility shall not apply.

6. (1) A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds that such claimant's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute in the factory, establishment or other premises in which such claimant is or was last employed. In the event the claimant secures other employment from which he or she is separated during the existence of the labor dispute, the claimant must have obtained bona fide employment as a permanent employee for at least the major part of each of two weeks in such subsequent employment to terminate his or her ineligibility. If, in any case, separate branches of work which are commonly conducted as separate businesses at separate premises are conducted in separate departments of the same premises, each such department shall for the purposes of this subsection be deemed to be a separate factory, establishment or other premises. This subsection shall not apply if it is shown to the satisfaction of the deputy that:

(a) The claimant is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(b) The claimant does not belong to a grade or class of workers of which, immediately preceding the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) "Stoppage of work" as used in this subsection means a substantial diminution of the activities, production or services at the establishment, plant, factory or premises of the employing unit. This definition shall not apply to a strike where the employees in the bargaining unit who initiated the strike are participating in the strike. Such employees shall not

be eligible for waiting week credit or benefits during the period when the strike is in effect, regardless of diminution, unless the employer has been found guilty of an unfair labor practice by the National Labor Relations Board or a federal court of law for an act or actions preceding or during the strike.

7. On or after January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

8. Benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 212(d)(5) of the Immigration and Nationality Act).

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of such individual's alien status shall be made except upon a preponderance of the evidence.

9. A claimant shall be ineligible for waiting week credit or benefits for any week such claimant has an outstanding penalty which was assessed based upon an overpayment of benefits, as provided for in subsection 9 of section 288.380.

10. The directors of the division of employment security and the division of workforce development shall submit to the governor, the speaker of the house of representatives, and the president pro tem of the senate no later than October 15, 2006, a report outlining their recommendations for how to improve work search verification and claimant reemployment activities. The recommendations shall include, but not limited to how to best utilize "greathires.org", and how to reduce the average duration of unemployment insurance claims. Each calendar year thereafter, the directors shall submit a report containing their recommendations on these issues by December thirty-first of each year.

11. For purposes of this section, a claimant may satisfy reporting requirements provided under this section by reporting by internet communication or any other means deemed acceptable by the division of employment security.

620.803. TRAINING PROGRAM ESTABLISHED, PURPOSE, FUNDING — OVERSIGHT COMMITTEE CREATED, MEMBERS, REPORT — RULEMAKING AUTHORITY — BANKRUPTCY, NOTIFICATION REQUIRED. — 1. The department shall establish a "Missouri Works Training Program" to assist qualified companies in the training of employees in new jobs and the retraining or upgrading of skills of full-time employees in retained jobs as provided in sections 620.800 to 620.809. The training program shall be funded through appropriations to the funds established under sections 620.806 and 620.809. The department shall, to the maximum extent practicable, prioritize funding under the training program to assist qualified companies in targeted industries.

2. There is hereby created the "Missouri Works Job Training Joint Legislative Oversight Committee". The committee shall consist of three members of the Missouri senate appointed by the president pro tempore of the senate and three members of the house of representatives appointed by the speaker of the house. No more than two of the members of the senate and two of the members of the house of representatives shall be from the same political party. Members of the committee shall report to the governor, the president pro tempore of the senate, and the speaker of the house of representatives on all assistance to industries under the provisions of sections 620.800 to 620.809 provided during the preceding fiscal year. The report of the committee shall be delivered no later than October first of each year. The director of the department shall report to the committee such information as the committee may deem necessary for its annual report. Members of the committee shall receive no compensation in addition to their salary as members of the general assembly but may receive their necessary expenses while attending the meetings of the committee, to be paid out of the joint contingent fund.

3. The department shall publish guidelines and may promulgate rules and regulations governing the training program. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

4. The department shall make program applications and guidelines available online.

5. The department may contract with other entities for the purposes of carrying out the provisions of the training program established in sections 620.800 to 620.809. Any assistance through the training program shall be provided under an agreement.

6. Prior to the authorization of any application submitted through the training program, the department shall verify the applicant's tax payment status and offset any delinquencies as provided in section 135.815.

7. Any taxpayer who is awarded benefits under sections 620.800 to 620.809 and who files for bankruptcy under Chapter 7 of the United States Bankruptcy Code, Title 11 U.S.C., as amended shall immediately notify the department, shall forfeit such benefits, and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

620.806. MISSOURI WORKS JOB DEVELOPMENT FUND ESTABLISHED, USE OF MONEYS. — 1. The Missouri job development fund, formerly established in the state treasury by section 620.478, shall now be known as the "Missouri Works Job Development Fund" and shall be administered by the department for the training program. The fund shall consist of all moneys which may be appropriated to it by the general assembly and also

any gifts, contributions, grants, or bequests received from federal, private or other sources, including, but not limited to, any block grant or other sources of funding relating to job training, school-to-work transition, welfare reform, vocational and technical training, housing, infrastructure, development, and human resource investment programs which may be provided by the federal government or other sources.

2. The department may provide financial assistance through the training program to qualified companies that create new jobs which will result in the need for training, or that make new capital investment relating directly to the retention of jobs in an amount at least five times greater than the amount of any financial assistance. Financial assistance may also be provided to a consortium of qualified companies organized to provide common training to the consortium members' employees. Funds in the Missouri works job development fund shall be appropriated, for financial assistance through the training program, by the general assembly to the department and shall be administered by a local educational agency certified by the department for such purpose. Except for state-sponsored preemployment training, no qualified company shall receive more than fifty percent of its training program costs from the Missouri works job development fund. No funds shall be awarded or reimbursed to any qualified company for the training, retraining, or upgrading of skills of potential employees with the purpose of replacing or supplanting employees engaged in an authorized work stoppage. Upon approval by the department, training project costs, except the purchase of training equipment and training facilities, shall be eligible for reimbursement with funds from the Missouri works job development fund. Notwithstanding any provision of law to the contrary, no qualified company within a service industry shall be eligible for assistance under this subsection unless such qualified company provides services in interstate commerce, which shall mean that the qualified company derives a majority of its annual revenues from out of the state.

3. The department may provide assistance, through appropriations made from the Missouri works job development fund, to business and technology centers. Such assistance shall not include the lending of the state's credit for the payment of any liability of the fund. Such centers may be established by Missouri community colleges, or state-owned postsecondary technical colleges, to provide business and training services for growth industries as determined by current labor market information.

620.809. COMMUNITY COLLEGE FUNDS CREATED, USE OF MONEYS — FORMS — ESTABLISHMENT OF PROJECTS, PROCEDURE, REQUIREMENTS — FUNDING OPTIONS — ISSUANCE OF CERTIFICATES — SUNSET PROVISIONS. — 1. The Missouri community college job training program fund, formerly established in the state treasury by section 178.896, shall now be known as the "Missouri Works Community College New Jobs Training Fund" and shall be administered by the department for the training program. The department of revenue shall credit to the fund, as received, all new jobs credits. The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the fund. Moneys in the fund shall be disbursed to the department under regular appropriations by the general assembly. The department shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for training projects, which funds shall be used to pay training project costs. Such disbursements shall be made to the special fund for each training project in the same proportion as the new jobs credit remitted by the qualified company participating in such project bears to the total new jobs credit from withholding remitted by all qualified companies participating in projects during the period for which the disbursement is made. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund.

2. The Missouri community college job retention training program fund, formerly established in the state treasury by section 178.764, shall now be known as the "Missouri Works Community College Job Retention Training Fund" and shall be administered by the department for the Missouri works training program. The department of revenue shall credit to the fund, as received, all retained jobs credits. The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the fund. Moneys in the fund shall be disbursed to the department under regular appropriations by the general assembly. The department shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for projects, which funds shall be used to pay training program costs, including the principal, premium, and interest on certificates issued by the district to finance or refinance, in whole or in part, a project. Such disbursements by the department shall be made to the special fund for each project in the same proportion as the retained jobs credit from withholding remitted by the qualified company participating in such project bears to the total retained jobs credit from withholding remitted by qualified companies participating in projects during the period for which the disbursement is made. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund.

3. The department of revenue shall develop such forms as are necessary to demonstrate accurately each qualified company's new jobs credit paid into the Missouri works community college new jobs training fund or retained jobs credit paid into the Missouri works community college job retention training fund. The new or retained jobs credits shall be accounted as separate from the normal withholding tax paid to the department of revenue by the qualified company. Reimbursements made by all qualified companies to the Missouri works community college new jobs training fund and the Missouri works community college job retention training fund shall be no less than all allocations made by the department to all community college districts for all projects. The qualified company shall remit the amount of the new or retained jobs credit, as applicable, to the department of revenue in the same manner as provided in sections 143.191 to 143.265.

4. A community college district, with the approval of the department in consultation with the office of administration, may enter into an agreement to establish a training project and provide training project services to a qualified company. As soon as possible after initial contact between a community college district and a potential qualified company regarding the possibility of entering into an agreement, the district shall inform the department of the potential training project. The department shall evaluate the proposed training project within the overall job training efforts of the state to ensure that the training project will not duplicate other job training programs. The department shall have fourteen days from receipt of a notice of intent to approve or disapprove a training project. If no response is received by the qualified company within fourteen days, the training project shall be deemed approved. Disapproval of any training project shall be made in writing and state the reasons for such disapproval. If an agreement is entered into, the district and the qualified company shall notify the department of revenue within fifteen calendar days. In addition to any provisions required under subsection 5 of this section for a qualified company applying to receive a retained job credit, an agreement may provide, but shall not be limited to:

(1) Payment of training project costs, which may be paid from one or a combination of the following sources:

(a) Funds appropriated by the general assembly to the Missouri works community college new jobs training program fund or Missouri works community college job

retention training program fund, as applicable, and disbursed by the department for the purposes consistent with sections 620.800 to 620.809;

(b) Tuition, student fees, or special charges fixed by the board of trustees to defray training project costs in whole or in part;

(2) Payment of training project costs which shall not be deferred for a period longer than eight years;

(3) Costs of on-the-job training for employees which shall include wages or salaries of participating employees. Payments for on-the-job training shall not exceed the average of fifty percent of the total wages paid by the qualified company to each participant during the period of training. Payment for on-the-job training may continue for up to six months from the date the training begins;

(4) A provision which fixes the minimum amount of new or retained jobs credits, or tuition and fee payments which shall be paid for training project costs; and

(5) Any payment required to be made by a qualified company. This payment shall constitute a lien upon the qualified company's business property until paid, shall have equal priority with ordinary taxes and shall not be divested by a judicial sale. Property subject to such lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchasers at tax sale shall obtain the property subject to the remaining payments.

5. Any qualified company that submits a notice of intent for retained job credits shall enter into an agreement, providing that the qualified company has:

(1) Maintained at least one hundred full-time employees per year at the project facility for the calendar year preceding the year in which the application is made;

(2) Retained, at the project facility, the same number of employees that existed in the taxable year immediately preceding the year in which application is made; and

(3) Made or agrees to make a new capital investment of greater than five times the amount of any award under this training program at the project facility over a period of two consecutive calendar years, as certified by the qualified company and:

(a) Has made substantial investment in new technology requiring the upgrading of employee skills; or

(b) Is located in a border county of the state and represents a potential risk of relocation from the state; or

(c) Has been determined to represent a substantial risk of relocation from the state by the director of the department of economic development.

6. If an agreement provides that all or part of the training program costs are to be met by receipt of new or retained jobs credit, such new or retained jobs credit from withholding shall be determined and paid as follows:

(1) New or retained jobs credit shall be based upon the wages paid to the employees in the new or retained jobs;

(2) A portion of the total payments made by the qualified companies under sections 143.191 to 143.265 shall be designated as the new or retained jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the qualified company for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the qualified company for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new or retained jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the qualified company under sections 143.191 to 143.265 shall be credited to the applicable fund by the amount of such difference. The qualified company shall remit the amount of the new or retained jobs credit to the department of revenue in the manner prescribed in sections 143.191 to 143.265. When all training program costs have been paid, the new or retained jobs credits shall cease;

(3) The community college district participating in a project shall establish a special fund for and in the name of the training project. All funds appropriated by the general assembly from the funds established under subsections 1 and 2 of this section and disbursed by the department for the training project and other amounts received by the district for training project costs as required by the agreement shall be deposited in the special fund. Amounts held in the special fund shall be used and disbursed by the district only to pay training project costs for such training project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in the same manner as the district's other funds;

(4) Any disbursement for training project costs received from the department under sections 620.800 to 620.809 and deposited into the training project's special fund may be irrevocably pledged by a community college district for the payment of the principal, premium, and interest on the certificate issued by a community college district to finance or refinance, in whole or in part, such training project;

(5) The qualified company shall certify to the department of revenue that the new or retained jobs credit is in accordance with an agreement and shall provide other information the department of revenue may require;

(6) An employee participating in a training project shall receive full credit under section 143.211 for the amount designated as a new or retained jobs credit;

(7) If an agreement provides that all or part of training program costs are to be met by receipt of new or retained jobs credit, the provisions of this subsection shall also apply to any successor to the original qualified company until the principal and interest on the certificates have been paid.

7. To provide funds for the present payment of the training project costs of new or retained jobs training project through the training program, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri works community college new jobs training fund or the Missouri works community college job retention training fund, to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed the total amount authorized under law as of January 1, 2013, unless an increased amount is authorized in writing by a majority of members of the committee. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170 to the contrary. However, the provisions of chapter 176 shall not apply to the issuance of such certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

8. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section, with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a rate of interest that is higher, lower, or equivalent to that of the certificates being renewed or refunded.

9. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

10. The board of trustees shall make a finding based on information supplied by the qualified company that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

11. Certificates issued under this section shall not be deemed to be an indebtedness of the state, the community college district, or any other political subdivision of the state, and the principal and interest on any certificates shall be payable only from the sources provided in subdivision (1) of subsection 4 of this section which are pledged in the agreement.

12. Pursuant to section 23.253 of the Missouri Sunset Act:

(1) The new program authorized under sections 620.800 to 620.809 shall automatically sunset July 1, 2019, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under sections 620.800 to 620.809 shall automatically sunset twelve years after the effective date of the reauthorization of sections 620.800 to 620.809; and

(3) Sections 620.800 to 620.809 shall terminate on September first of the calendar year immediately following the calendar year in which a program authorized under sections 620.800 to 620.809 is sunset.

620.1881. PROJECT NOTICE OF INTENT, DEPARTMENT TO RESPOND WITH A PROPOSAL OR A REJECTION — BENEFITS AVAILABLE — EFFECT ON WITHHOLDING TAX — PROJECTS ELIGIBLE FOR BENEFITS — ANNUAL REPORT — CAP ON TAX CREDITS — ALLOCATION OF TAX CREDITS. — 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new

notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (19) of section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the **[**new**]** **Missouri works** jobs training program under sections **[**178.892 to 178.896**]** **620.800 to 620.809**, **[**the job retention program under sections 178.760 to 178.764,**]** the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the **[**new**]** **Missouri works** jobs training program in sections **[**178.892 to 178.896**]** **620.800 to 620.809**, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this subdivision. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in

which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor

relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

4. The board of trustees shall make a finding based on information supplied by the employer that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

(2) A portion of the total payments made by the employer pursuant to section 143.221 shall be designated as the new jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the employer for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the employer for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the employer pursuant to section 143.221 shall be credited to the Missouri community college job training fund by the amount of such difference. The employer shall remit the amount of the new jobs credit to the department of revenue in the manner prescribed in section 178.896. (3) A debtor that is an organization and has more than one place of business is located at its chief executive office.

(c) Subsection (b) applies only if a debtor's residence, place of business, or chief executive office, as applicable, is located in a jurisdiction whose law generally requires information concerning the existence of a nonpossessory security interest to be made generally available in a filing, recording, or registration system as a condition or result of the security interest's

obtaining priority over the rights of a lien creditor with respect to the collateral. If subsection (b) does not apply, the debtor is located in the District of Columbia.

(d) A person that ceases to exist, have a residence, or have a place of business continues to be located in the jurisdiction specified by subsections (b) and (c).

(e) A registered organization that is organized under the law of a state is located in that state.

(1) In the state that the law of the United States designates, if the law designates a state of location;

(2) In the state that the registered organization, branch, or agency designates, if the law of the United States authorizes the registered organization, branch, or agency to designate its state of location**, including by designating its main office, home office, or other comparable office**; or

(2) The dissolution, winding up, or cancellation of the existence of the registered organization.

(h) The United States is located in the District of Columbia.

(i) A branch or agency of a bank that is not organized under the law of the United States or a state is located in the state in which the branch or agency is licensed, if all branches and agencies of the bank are licensed in only one state.

(j) A foreign air carrier under the Federal Aviation Act of 1958, as amended, is located at the designated office of the agent upon which service of process may be made on behalf of the carrier.

(k) This section applies only for purposes of this part.

400.9-316. EFFECT OF CHANGE IN GOVERNING LAW. — (a) A security interest perfected pursuant to the law of the jurisdiction designated in section 400.9-301(1) or 400.9-305(c) remains perfected until the earliest of:

(1) The time perfection would have ceased under the law of that jurisdiction;

(2) The expiration of four months after a change of the debtor's location to another jurisdiction; or

(3) The expiration of one year after a transfer of collateral to a person that thereby becomes a debtor and is located in another jurisdiction.

(b) If a security interest described in subsection (a) becomes perfected under the law of the other jurisdiction before the earliest time or event described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earliest time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(c) A possessory security interest in collateral, other than goods covered by a certificate of title and as-extracted collateral consisting of goods, remains continuously perfected if:

(1) The collateral is located in one jurisdiction and subject to a security interest perfected under the law of that jurisdiction;

(2) Thereafter the collateral is brought into another jurisdiction; and

(3) Upon entry into the other jurisdiction, the security interest is perfected under the law of the other jurisdiction.

(d) Except as otherwise provided in subsection (e), a security interest in goods covered by a certificate of title which is perfected by any method under the law of another jurisdiction when the goods become covered by a certificate of title from this state remains perfected until the security interest would have become unperfected under the law of the other jurisdiction had the goods not become so covered.

(e) A security interest described in subsection (d) becomes unperfected as against a purchaser of the goods for value and is deemed never to have been perfected as against a purchaser of the goods for value if the applicable requirements for perfection under section 400.9-311(b) or 400.9-313 are not satisfied before the earlier of:

(1) The time the security interest would have become unperfected under the law of the other jurisdiction had the goods not become covered by a certificate of title from this state; or

(2) The expiration of four months after the goods had become so covered.

(f) A security interest in deposit accounts, letter-of-credit rights, or investment property which is perfected under the law of the bank's jurisdiction, the issuer's jurisdiction, a nominated person's jurisdiction, the securities intermediary's jurisdiction, or the commodity intermediary's jurisdiction, as applicable, remains perfected until the earlier of:

(1) The time the security interest would have become unperfected under the law of that jurisdiction; or

(2) The expiration of four months after a change of the applicable jurisdiction to another jurisdiction.

(g) If a security interest described in subsection (f) becomes perfected under the law of the other jurisdiction before the earlier of the time or the end of the period described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier of that time or the end of that period, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(h) The following rules apply to collateral to which a security interest attaches within four months after the debtor changes its location to another jurisdiction:

(1) A financing statement filed before the change pursuant to the law of the jurisdiction designated in section 400.9-301(1) or 400.9-305(c) is effective to perfect a security interest in the collateral if the financing statement would have been effective to perfect a security interest in the collateral had the debtor not changed its location.

(2) If a security interest perfected by a financing statement that is effective under paragraph (1) becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in section 400.9-301(1) or 400.9-305(c) or the expiration of the four-month period, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(i) If a financing statement naming an original debtor is filed pursuant to the law of the jurisdiction designated in section 400.9-301(1) or 400.9-305(c) and the new debtor is located in another jurisdiction, the following rules apply:

(1) The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within four months after, the new debtor becomes bound under section 400.9-203(d), if the financing statement would have been effective to perfect a security interest in the collateral had the collateral been acquired by the original debtor.

(2) A security interest perfected by the financing statement and which becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in section 400.9-301(1) or 400.9-305(c) or the expiration of the four-month

period remains perfected thereafter. A security interest that is perfected by the financing statement but that does not become perfected under the law of the other jurisdiction before the earlier time or event becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

400.9-317. INTERESTS THAT TAKE PRIORITY OVER OR TAKE FREE OF SECURITY INTEREST OR AGRICULTURAL LIEN. — (a) A security interest or agricultural lien is subordinate to the rights of:

(1) A person entitled to priority under section 400.9-322; and

(2) Except as otherwise provided in subsection (e), a person that becomes a lien creditor before the earlier of the time:

(A) The security interest or agricultural lien is perfected; or

(B) One of the conditions specified in section 400.9-203(b)(3) is met and a financing statement covering the collateral is filed.

(b) Except as otherwise provided in subsection (e), a buyer, other than a secured party, of tangible chattel paper, documents, goods, instruments, or a security certificate takes free of a security interest or agricultural lien if the buyer gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(c) Except as otherwise provided in subsection (e), a lessee of goods takes free of a security interest or agricultural lien if the lessee gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(d) A licensee of a general intangible or a buyer, other than a secured party, of **[**accounts, electronic**]** **collateral other than tangible** chattel paper, **[**general intangibles, or investment property other than**]** **tangible documents, goods, instruments, or** a certificated security takes free of a security interest if the licensee or buyer gives value without knowledge of the security interest and before it is perfected.

(e) Except as otherwise provided in sections 400.9-320 and 400.9-321, if a person files a financing statement with respect to a purchase-money security interest before or within twenty days after the debtor receives delivery of the collateral, the security interest takes priority over the rights of a buyer, lessee, or lien creditor which arise between the time the security interest attaches and the time of filing.

400.9-326. PRIORITY OF SECURITY INTERESTS CREATED BY NEW DEBTOR. — (a) Subject to subsection (b), a security interest **that is** created by a new debtor **[**which is perfected by a filed financing statement that is effective solely under section 400.9-508**]** in collateral in which **[**a**]** **the** new debtor has or acquires rights **and is perfected solely by a filed financing statement that would be effective to perfect the security interest but for the application of section 400.9-508** is subordinate to a security interest in the same collateral which is perfected other than by **such** a filed financing statement**[** that is effective solely under section 400.9-508**]**.

(b) The other provisions of this part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements **[**that are effective solely under section 400.9-508**]** **described in subsection (a)**. However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor's having become bound.

400.9-406. DISCHARGE OF ACCOUNT DEBTOR--NOTIFICATION OF ASSIGNMENT—IDENTIFICATION AND PROOF OF ASSIGNMENT—RESTRICTIONS ON ASSIGNMENT OF ACCOUNTS, CHATTEL PAPER, PAYMENT INTANGIBLES AND PROMISSORY NOTES INEFFECTIVE. — (a) Subject to subsections (b) through (i), an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the

assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) Subject to subsection (h), notification is ineffective under subsection (a):

(1) If it does not reasonably identify the rights assigned;

(2) To the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this article; or

(3) At the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:

(A) Only a portion of the account, chattel paper, or general intangible has been assigned to that assignee;

(B) A portion has been assigned to another assignee; or

(C) The account debtor knows that the assignment to that assignee is limited.

(c) Subject to subsection (h), if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a).

(d) Except as otherwise provided in subsection (e) and sections 400.2A-303 and 400.9-407, and subject to subsection (h), a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

(1) Prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or

(2) Provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.

(e) Subsection (d) does not apply to the sale of a payment intangible or promissory note**, other than a sale pursuant to a disposition under section 400.9-610 or an acceptance of collateral under section 400.9-620**.

(f) Except as otherwise provided in sections 400.2A-303 and 400.9-407, and subject to subsections (h) and (i), a rule of law, statute, or regulation, that prohibits, restricts, or requires the consent of a government, governmental body or official, or account debtor to the assignment or transfer of, or creation of a security interest in, an account or chattel paper is ineffective to the extent that the rule of law, statute, or regulation:

(1) Prohibits, restricts, or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account or chattel paper; or

(2) Provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account or chattel paper.

(g) Subject to subsection (h), an account debtor may not waive or vary its option under subsection (b)(3).

(h) This section is subject to law other than this article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) This section does not apply to an assignment of a health-care-insurance receivable.

(j) This section prevails over any inconsistent provisions of any statutes, rules, and regulations.

400.9-408. RESTRICTIONS ON ASSIGNMENT OF PROMISSORY NOTES, HEALTH CARE INSURANCE RECEIVABLES, AND CERTAIN GENERAL INTANGIBLES INEFFECTIVE. — (a) Except as otherwise provided in subsection (b), a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and which term prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible, is ineffective to the extent that the term:

(1) Would impair the creation, attachment, or perfection of a security interest; or

(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(b) Subsection (a) applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note**, other than a sale pursuant to a disposition under section 400.9-610 or an acceptance of collateral under section 400.9-620**.

(c) A rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(1) Would impair the creation, attachment, or perfection of a security interest; or

(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) would be effective under law other than this article but is ineffective under subsection (a) or (c), the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) Is not enforceable against the person obligated on the promissory note or the account debtor;

(2) Does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;

(3) Does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

(4) Does not entitle the secured party to use or assign the debtor's rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(5) Does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(6) Does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable, or general intangible.

(e) This section prevails over any inconsistent provisions of any statutes, rules, and regulations.

(b) Except as otherwise provided in section 400.9-501(b), to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut, or which is filed as a fixture filing and covers goods that are or are to become fixtures, must satisfy subsection (a) and also:

(2) The goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;

(3) The record satisfies the requirements for a financing statement in this section **[**other than an indication that it is to be filed in the real property records; and**] , but:**

(A) The record need not indicate that it is to be filed in the real property records; and

(B) The record sufficiently provides the name of a debtor who is an individual if it provides the individual name of the debtor or the surname and first personal name of the debtor, even if the debtor is an individual to whom section 400.9-503(a)(4) applies; and

(b) Except as otherwise provided in subsections (e), (f), and (g), an initial financing statement filed in connection with a manufactured-home transaction is effective for a period of thirty years after the date of filing if it indicates that it is filed in connection with a manufactured-home transaction.

(c) The effectiveness of a filed financing statement lapses on the expiration of the period of its effectiveness unless before the lapse a continuation statement is filed pursuant to subsection (d). Upon lapse, a financing statement ceases to be effective and any security interest or agricultural lien that was perfected by the financing statement becomes unperfected, unless the security interest is perfected otherwise. If the security interest or agricultural lien becomes unperfected upon lapse, it is deemed never to have been perfected as against a purchaser of the collateral for value.

(d) A continuation statement may be filed only within six months before the expiration of the five-year period specified in subsection (a) or the thirty-year period specified in subsection (b), whichever is applicable.

(e) Except as otherwise provided in section 400.9-510, upon timely filing of a continuation statement, the effectiveness of the initial financing statement continues for a period of five years commencing on the day on which the financing statement would have become ineffective in the absence of the filing. Upon the expiration of the five-year period, the financing statement lapses in the same manner as provided in subsection (c), unless, before the lapse, another continuation statement is filed pursuant to subsection (d). Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the initial financing statement.

(f) If a debtor is a transmitting utility and a filed **initial** financing statement so indicates, the financing statement is effective until a termination statement is filed.

(g) A record of a mortgage that is effective as a financing statement filed as a fixture filing under section 400.9-502(c) remains effective as a financing statement filed as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real property.

400.9-516. WHAT CONSTITUTES FILING—EFFECTIVENESS OF FILING. — (a) Except as otherwise provided in subsection (b), communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(1) The record is not communicated by a method or medium of communication authorized by the filing office;

(2) An amount equal to or greater than the applicable filing fee is not tendered;

(3) The filing office is unable to index the record because:

(A) In the case of an initial financing statement, the record does not provide a name for the debtor;

(B) In the case of an amendment or correction statement, the record:

(i) Does not identify the initial financing statement as required by section 400.9-512 or 400.9-518, as applicable; or

(ii) Identifies an initial financing statement whose effectiveness has lapsed under section 400.9-515;

(C) In the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor's last name; or

(D) In the case of a record filed or recorded in the filing office described in section 400.9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates;

(4) In the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

(C) If the financing statement indicates that the debtor is an organization, provide:

(i) A type of organization for the debtor;

(ii) A jurisdiction of organization for the debtor; or

(iii) An organizational identification number for the debtor or indicate that the debtor has none**]**;

(6) In the case of an assignment reflected in an initial financing statement under section 400.9-514(a) or an amendment filed under section 400.9-514(b), the record does not provide a name and mailing address for the assignee; or

(7) In the case of a continuation statement, the record is not filed within the six-month period prescribed by section 400.9-515(d).

(c) For purposes of subsection (b):

(1) A record does not provide information if the filing office is unable to read or decipher the information; and

(2) A record that does not indicate that it is an amendment or identify an initial financing statement to which it relates, as required by section 400.9-512, 400.9-514 or 400.9-518, is an initial financing statement.

(d) A record that is communicated to the filing office with tender of the filing fee, but which the filing office refuses to accept for a reason other than one set forth in subsection (b), is effective as a filed record except as against a purchaser of the collateral which gives value in reasonable reliance upon the absence of the record from the files.

400.9-518. CLAIM CONCERNING INACCURATE OR WRONGFULLY FILED RECORD. — (a) A person may file in the filing office **[**a correction**]** **an information** statement with respect to a record indexed there under the person's name if the person believes that the record is inaccurate or was wrongfully filed.

(b) **[**A correction**]** **An information** statement **under subsection (a)** must:

(2) Indicate that it is **[**a correction**]** **an information** statement; and

(3) Provide the basis for the person's belief that the record is inaccurate and indicate the manner in which the person believes the record should be amended to cure any inaccuracy or provide the basis for the person's belief that the record was wrongfully filed.

(c) **A person may file in the filing office an information statement with respect to a record filed there if the person is a secured party of record with respect to the financing statement to which the record relates and believes that the person who filed the record was not entitled to do so under section 400.9-509(d).**

(d) An information statement under subsection (c) must:

(1) Identify the record to which it relates by the file number assigned to the initial financing statement to which the record relates;

(2) Indicate that it is an information statement; and

(3) Provide the basis for the person's belief that the person who filed the record was not entitled to do so under section 400.9-509(d).

(e) The filing of **[**a correction**] an information** statement does not affect the effectiveness of an initial financing statement or other filed record.

400.9-801. THIS ACT REFERENCE. — For purposes of this section and sections 400.9-802 to 400.9-809, the phrase "this act" shall refer to sections 400.9-101 to 400.9-710.

400.9-802. SAVINGS CLAUSE. — (a) Except as otherwise provided in this part, this act applies to a transaction or lien within its scope, even if the transaction or lien was entered into or created before this act takes effect on July 1, 2013.

(b) This act does not affect an action, case, or proceeding commenced before this act takes effect.

400.9-803. SECURITY INTEREST PERFECTED BEFORE EFFECTIVE DATE. — (a) A security interest that is a perfected security interest immediately before this act takes effect is a perfected security interest under article 9 as amended by this act if, when this act takes effect, the applicable requirements for attachment and perfection under article 9 as amended by this act are satisfied without further action.

(b) Except as otherwise provided in section 400.9-805, if, immediately before this act takes effect, a security interest is a perfected security interest, but the applicable requirements for perfection under article 9 as amended by this act are not satisfied when this act takes effect, the security interest remains perfected thereafter only if the applicable requirements for perfection under article 9 as amended by this act are satisfied within one year after this act takes effect.

400.9-804. SECURITY INTEREST UNPERFECTED BEFORE EFFECTIVE DATE. — A security interest that is an unperfected security interest immediately before this act takes effect becomes a perfected security interest:

(1) Without further action, when this act takes effect if the applicable requirements for perfection under article 9 as amended by this act are satisfied before or at that time; or

(2) When the applicable requirements for perfection are satisfied if the requirements are satisfied after that time.

400.9-805. EFFECTIVENESS OF ACTION TAKEN BEFORE EFFECTIVE DATE. — (a) The filing of a financing statement before this act takes effect is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under article 9 as amended by this act.

(b) This act does not render ineffective an effective financing statement that, before this act takes effect, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in article 9 as it existed before amendment. However, except as otherwise provided in subsections (c) and (d) and section 400.9-806, the financing statement ceases to be effective:

(1) If the financing statement is filed in this state, at the time the financing statement would have ceased to be effective had this act not taken effect; or

(2) If the financing statement is filed in another jurisdiction, at the earlier of:

(A) The time the financing statement would have ceased to be effective under the law of that jurisdiction; or

(B) June 30, 2018.

(c) The filing of a continuation statement after this act takes effect does not continue the effectiveness of a financing statement filed before this act takes effect. However, upon the timely filing of a continuation statement after this act takes effect and in accordance with the law of the jurisdiction governing perfection as provided in article 9 as amended by this act, the effectiveness of a financing statement filed in the same office in that jurisdiction before this act takes effect continues for the period provided by the law of that jurisdiction.

(d) Subsection (b)(2)(B) applies to a financing statement that, before this act takes effect, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in article 9 as it existed before amendment, only to the extent that article 9 as amended by this act provides that the law of a jurisdiction other than the jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(e) A financing statement that includes a financing statement filed before this act takes effect and a continuation statement filed after this act takes effect is effective only to the extent that it satisfies the requirements of Part 5 as amended by this act for an initial financing statement. A financing statement that indicates that the debtor is a decedent's estate indicates that the collateral is being administered by a personal representative within the meaning of section 400.9-503(a)(2) as amended by this act. A financing statement that indicates that the debtor is a trust or is a trustee acting with respect to property held in trust indicates that the collateral is held in a trust within the meaning of section 400.9-503(a)(3) as amended by this act.

400.9-806. WHEN INITIAL FINANCING STATEMENT SUFFICES TO CONTINUE EFFECTIVENESS OF FINANCING STATEMENT. — (a) The filing of an initial financing statement in the office specified in section 400.9-501 continues the effectiveness of a financing statement filed before this act takes effect if:

(1) The filing of an initial financing statement in that office would be effective to perfect a security interest under article 9 as amended by this act;

(2) The pre-effective-date financing statement was filed in an office in another state; and

(3) The initial financing statement satisfies subsection (c).

(b) The filing of an initial financing statement under subsection (a) continues the effectiveness of the pre-effective-date financing statement:

(1) If the initial financing statement is filed before this act takes effect, for the period provided in unamended section 400.9-515 with respect to an initial financing statement; or

(2) If the initial financing statement is filed after this act takes effect, for the period provided in section 400.9-515 as amended by this act with respect to an initial financing statement.

(c) To be effective for purposes of subsection (a), an initial financing statement must:

(1) Satisfy the requirements of section 400.9-500 et. seq. as amended by this act for an initial financing statement;

(2) Identify the pre-effective-date financing statement by indicating the office in which the financing statement was filed and providing the dates of filing and file numbers,

if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement; and

(3) Indicate that the pre-effective-date financing statement remains effective.

400.9-807. AMENDMENT OF PRE-EFFECTIVE-DATE FINANCING STATEMENT. — (a) In this section, the term "pre-effective-date financing statement" means a financing statement filed before this act takes effect.

(b) After this act takes effect, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in a pre-effective-date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in article 9 as amended by this act. However, the effectiveness of a pre-effective-date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.

(c) Except as otherwise provided in subsection (d), if the law of this state governs perfection of a security interest, the information in a pre-effective-date financing statement may be amended after this act takes effect only if:

(1) The pre-effective-date financing statement and an amendment are filed in the office specified in section 400.9-501;

(2) An amendment is filed in the office specified in section 400.9-501 concurrently with, or after the filing in that office of, an initial financing statement that satisfies section 400.9-806(c); or

(3) An initial financing statement that provides the information as amended and satisfies section 400.9-806(c) is filed in the office specified in section 400.9-501.

(d) If the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement may be continued only under section 400.9-805(c) and (e) or 400.9-806.

(e) Whether or not the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement filed in this state may be terminated after this act takes effect by filing a termination statement in the office in which the pre-effective-date financing statement is filed, unless an initial financing statement that satisfies section 400.9-806(c) has been filed in the office specified by the law of the jurisdiction governing perfection as provided in article 9 as amended by this act as the office in which to file a financing statement.

400.9-808. PERSON ENTITLED TO FILE INITIAL FINANCING STATEMENT OR CONTINUATION STATEMENT. — A person may file an initial financing statement or a continuation statement under this part if:

(1) The secured party of record authorizes the filing; and

(2) The filing is necessary under this part:

(A) To continue the effectiveness of a financing statement filed before this act takes effect; or

(B) To perfect or continue the perfection of a security interest.

400.9-809. PRIORITY. — This act determines the priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before this act takes effect, article 9 as it existed before amendment determines priority.

400.2A-103. DEFINITIONS AND INDEX OF DEFINITIONS. — (1) In this article unless the context otherwise requires:

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the

district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

(1) First degree murder under section 565.020;
(2) Second degree murder under section 565.021;
(3) Kidnapping under section 565.110;
(4) First degree assault under section 565.050;
(5) **[**Forcible**]** Rape **in the first degree** under section 566.030;
(6) **[**Forcible**]** Sodomy **in the first degree** under section 566.060;
(7) Burglary in the first degree under section 569.160;
(8) Burglary in the second degree under section 569.170;
(9) Robbery in the first degree under section 569.020;
(10) Distribution of drugs under section 195.211;
(11) Distribution of drugs to a minor under section 195.212;
(12) Arson in the first degree under section 569.040;
(13) Voluntary manslaughter under section 565.023;
(14) Involuntary manslaughter under section 565.024;
(15) Second degree assault under section 565.060;
(16) **[**Sexual assault**]** **Rape in the second degree** under section **[**566.040**]** **566.031**;
(17) Felonious restraint under section 565.120;
(18) Property damage in the first degree under section 569.100;
(19) The possession of a weapon under chapter 571;
(20) Child molestation in the first degree pursuant to section 566.067;
(21) **[**Deviate sexual assault**]** **Sodomy in the second degree** pursuant to section **[**566.070**]** **566.061**;
(22) Sexual misconduct involving a child pursuant to section 566.083;
(23) Sexual abuse **in the first degree** pursuant to section 566.100;
(24) Harassment under section 565.090; or
(25) Stalking under section 565.225; committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while

acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall

define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall forward the allegation to the children's division within twenty-four hours of receiving the information. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the

superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall

include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

167.115. JUVENILE OFFICER OR OTHER LAW ENFORCEMENT AUTHORITY TO REPORT TO SUPERINTENDENT, WHEN, HOW — SUPERINTENDENT TO REPORT CERTAIN ACTS, TO WHOM — NOTICE OF SUSPENSION OR EXPULSION TO COURT — SUPERINTENDENT TO CONSULT. — 1. Notwithstanding any provision of chapter 211 or chapter 610 to the contrary, the juvenile officer, sheriff, chief of police or other appropriate law enforcement authority shall, as soon as reasonably practical, notify the superintendent, or the superintendent's designee, of the school district in which the pupil is enrolled when a petition is filed pursuant to subsection 1 of section 211.031 alleging that the pupil has committed one of the following acts:

(7) Burglary in the first degree under section 569.160;

(13) Involuntary manslaughter under section 565.024;

(14) Second degree assault under section 565.060;

2. The notification shall be made orally or in writing, in a timely manner, no later than five days following the filing of the petition. If the report is made orally, written notice shall follow in a timely manner. The notification shall include a complete description of the conduct the pupil is alleged to have committed and the dates the conduct occurred but shall not include the name of any victim. Upon the disposition of any such case, the juvenile office or prosecuting attorney or their designee shall send a second notification to the superintendent providing the disposition of the case, including a brief summary of the relevant finding of facts, no later than five days following the disposition of the case.

3. The superintendent or the designee of the superintendent shall report such information to teachers and other school district employees with a need to know while acting within the scope of their assigned duties. Any information received by school district officials pursuant to this section shall be received in confidence and used for the limited purpose of assuring that good order and discipline is maintained in the school. This information shall not be used as the sole basis for not providing educational services to a public school pupil.

4. The superintendent shall notify the appropriate division of the juvenile or family court upon any pupil's suspension for more than ten days or expulsion of any pupil that the school district is aware is under the jurisdiction of the court.

5. The superintendent or the superintendent's designee may be called to serve in a consultant capacity at any dispositional proceedings pursuant to section 211.031 which may involve reference to a pupil's academic treatment plan.

6. Upon the transfer of any pupil described in this section to any other school district in this state, the superintendent or the superintendent's designee shall forward the written notification given to the superintendent pursuant to subsection 2 of this section to the superintendent of the new school district in which the pupil has enrolled. Such written notification shall be required again in the event of any subsequent transfer by the pupil.

7. As used in this section, the terms "school" and "school district" shall include any charter, private or parochial school or school district, and the term "superintendent" shall include the principal or equivalent chief school officer in the cases of charter, private or parochial schools.

8. The superintendent or the designee of the superintendent or other school employee who, in good faith, reports information in accordance with the terms of this section and section 160.261 shall not be civilly liable for providing such information.

167.171. SUMMARY SUSPENSION OF PUPIL — APPEAL — GROUNDS FOR SUSPENSION — PROCEDURE — CONFERENCE REQUIRED, WHEN — STATEWIDE SUSPENSION, WHEN. — 1. The school board in any district, by general rule and for the causes provided in section 167.161, may authorize the summary suspension of pupils by principals of schools for a period not to exceed ten school days and by the superintendent of schools for a period not to exceed one hundred and eighty school days. In case of a suspension by the superintendent for more than ten school days, the pupil, the pupil's parents or others having such pupil's custodial care may appeal the decision of the superintendent to the board or to a committee of board members appointed by the president of the board which shall have full authority to act in lieu of the board. Any suspension by a principal shall be immediately reported to the superintendent who may revoke the suspension at any time. In event of an appeal to the board, the superintendent shall promptly transmit to it a full report in writing of the facts relating to the suspension, the action taken by the superintendent and the reasons therefor and the board, upon request, shall grant a hearing to the appealing party to be conducted as provided in section 167.161.

2. No pupil shall be suspended unless:

(1) The pupil shall be given oral or written notice of the charges against such pupil;

(2) If the pupil denies the charges, such pupil shall be given an oral or written explanation of the facts which form the basis of the proposed suspension;

(3) The pupil shall be given an opportunity to present such pupil's version of the incident; and

(4) In the event of a suspension for more than ten school days, where the pupil gives notice that such pupil wishes to appeal the suspension to the board, the suspension shall be stayed until the board renders its decision, unless in the judgment of the superintendent of schools, or of the district superintendent, the pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the pupil may be immediately removed from school, and the notice and hearing shall follow as soon as practicable.

3. No school board shall readmit or enroll a pupil properly suspended for more than ten consecutive school days for an act of school violence as defined in subsection 2 of section 160.261 regardless of whether or not such act was committed at a public school or at a private school in this state, provided that such act shall have resulted in the suspension or expulsion of such pupil in the case of a private school, or otherwise permit such pupil to attend school without first holding a conference to review the conduct that resulted in the expulsion or suspension and any remedial actions needed to prevent any future occurrences of such or related conduct. The conference shall include the appropriate school officials including any teacher employed in that school or district directly involved with the conduct that resulted in the suspension or expulsion, the pupil, the parent or guardian of the pupil or any agency having legal jurisdiction, care, custody or control of the pupil. The school board shall notify in writing the parents or guardians and all other parties of the time, place, and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. Notwithstanding any provision of this subsection to the contrary, no pupil shall be readmitted or enrolled to a regular program of instruction if:

(1) Such pupil has been convicted of; or

(2) An indictment or information has been filed alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or

(3) A petition has been filed pursuant to section 211.091 alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or

(4) The pupil has been adjudicated to have committed an act which if committed by an adult would be one of the following:

(a) First degree murder under section 565.020;

(b) Second degree murder under section 565.021;

(c) First degree assault under section 565.050;

(d) Forcible rape under section 566.030 **as it existed prior to August 28, 2013, or rape in the first degree under section 566.030**;

(e) Forcible sodomy under section 566.060 **as it existed prior to August 28, 2013, or sodomy in the first degree under section 566.060**;

(f) Statutory rape under section 566.032;

(g) Statutory sodomy under section 566.062;

(h) Robbery in the first degree under section 569.020;

(j) Arson in the first degree under section 569.040;

(k) Kidnapping, when classified as a class A felony under section 565.110. Nothing in this subsection shall prohibit the readmittance or enrollment of any pupil if a petition has been dismissed, or when a pupil has been acquitted or adjudicated not to have committed any of the above acts. This subsection shall not apply to a student with a disability, as identified under state eligibility criteria, who is convicted or adjudicated guilty as a result of an action related to the student's disability. Nothing in this subsection shall be construed to prohibit a school district which provides an alternative education program from enrolling a pupil in an alternative education program if the district determines such enrollment is appropriate.

4. If a pupil is attempting to enroll in a school district during a suspension or expulsion from another in-state or out-of-state school district including a private, charter or parochial school or school district, a conference with the superintendent or the superintendent's designee may be held at the request of the parent, court-appointed legal guardian, someone acting as a parent as defined by rule in the case of a special education student, or the pupil to consider if the conduct of the pupil would have resulted in a suspension or expulsion in the district in which the pupil is enrolling. Upon a determination by the superintendent or the superintendent's designee that such conduct would have resulted in a suspension or expulsion in the district in which the pupil is enrolling or attempting to enroll, the school district may make such suspension or expulsion from another school or district effective in the district in which the pupil is enrolling or attempting to enroll. Upon a determination by the superintendent or the superintendent's designee that such conduct would not have resulted in a suspension or expulsion in the district in which the student is enrolling or attempting to enroll, the school district shall not make such suspension or expulsion effective in its district in which the student is enrolling or attempting to enroll.

168.071. REVOCATION, SUSPENSION OR REFUSAL OF CERTIFICATE OR LICENSE, GROUNDS — PROCEDURE — APPEAL. — 1. The state board of education may refuse to issue or renew a certificate, or may, upon hearing, discipline the holder of a certificate of license to teach for the following causes:

(1) A certificate holder or applicant for a certificate has pleaded to or been found guilty of a felony or crime involving moral turpitude under the laws of this state, any other state, of the United States, or any other country, whether or not sentence is imposed;

(2) The certification was obtained through use of fraud, deception, misrepresentation or bribery;

(3) There is evidence of incompetence, immorality, or neglect of duty by the certificate holder;

(4) A certificate holder has been subject to disciplinary action relating to certification issued by another state, territory, federal agency, or country upon grounds for which discipline is authorized in this section; or

(5) If charges are filed by the local board of education, based upon the annulling of a written contract with the local board of education, for reasons other than election to the general assembly, without the consent of the majority of the members of the board that is a party to the contract.

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. The board of education may also petition the office of the attorney general to file charges on behalf of the school district for any cause other than annulment of contract, with acceptance of the petition at the discretion of the attorney general.

3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

5. The certificate holder shall be given not less than thirty days' notice of any hearing held pursuant to this section.

6. Other provisions of this section notwithstanding, the certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

(1) Any dangerous felony as defined in section 556.061, or murder in the first degree under section 565.020;

7. When a certificate holder pleads guilty or is found guilty of any offense that would authorize the state board of education to seek discipline against that holder's certificate of license to teach, the local board of education or the department of elementary and secondary education shall immediately provide written notice to the state board of education and the attorney general regarding the plea of guilty or finding of guilty.

8. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the

intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.

9. In the case of any certificate holder who has surrendered or failed to renew his or her certificate of license to teach, the state board of education may refuse to issue or renew, or may suspend or revoke, such certificate for any of the reasons contained in this section.

10. In those cases where the charges filed pursuant to this section are based upon an allegation of misconduct involving a minor child, the hearing officer may accept into the record the sworn testimony of the minor child relating to the misconduct received in any court or administrative hearing.

11. Hearings, appeals or other matters involving certificate holders, licensees or applicants pursuant to this section may be informally resolved by consent agreement or agreed settlement or voluntary surrender of the certificate of license pursuant to the rules promulgated by the state board of education.

12. The final decision of the state board of education is subject to judicial review pursuant to sections 536.100 to 536.140.

13. A certificate of license to teach to an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, shall be issued only upon motion of the state board of education adopted by a unanimous affirmative vote of those members present and voting.

188.023. REPORTS OF RAPE OR UNDER AGE EIGHTEEN SEXUAL ABUSE, REQUIRED TO REPORT, HOW. — Any licensed health care professional who delivers a baby or performs an abortion, who has prima facie evidence that a patient has been the victim of statutory rape in the first degree or statutory rape in the second degree, or if the patient is under the age of eighteen, that he or she has been a victim of sexual abuse, including **[**forcible rape, sexual assault**]** **rape in the first or second degree**, or incest, shall be required to report such offenses in the same manner as provided for by section 210.115.

211.071. CERTIFICATION OF JUVENILE FOR TRIAL AS ADULT — PROCEDURE — MANDATORY HEARING, CERTAIN OFFENSES — MISREPRESENTATION OF AGE, EFFECT. — 1. If a petition alleges that a child between the ages of twelve and seventeen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 **as it existed prior to August 28, 2013, rape in the first degree under section 566.030**, forcible sodomy under section 566.060 **as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060**, first degree robbery under section 569.020, or distribution of drugs under section 195.211, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between seventeen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law, the jurisdiction of the juvenile court over that child is forever terminated, except

as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.447. PETITION TO TERMINATE PARENTAL RIGHTS FILED, WHEN — JUVENILE COURT MAY TERMINATE PARENTAL RIGHTS, WHEN — INVESTIGATION TO BE MADE — GROUNDS FOR TERMINATION. — 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed. Thereupon, the informant may bring the matter directly to the attention of the judge of the juvenile court by presenting the information in writing, and if it appears to the judge that the information could justify the filing of a petition, the judge may order the juvenile officer to take further action, including making a further preliminary inquiry or filing a petition.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter; or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

(1) The child is being cared for by a relative; or

(2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or

(3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development. Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape **or rape in the first degree**. When the biological father has pled guilty to, or is convicted of, the forcible rape **or rape in the first degree** of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse, including but not limited to abuses as defined in section 455.010, child abuse or drug abuse before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental or emotional needs of the child. It is presumed that a parent is unfit to be a party to the parent-child relationship upon a showing that within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivisions (1), (2), (3) or (4) of subsection 5 of this section or similar laws of other states.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;

(2) The extent to which the parent has maintained regular visitation or other contact with the child;

(3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;

(4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;

(5) The parent's disinterest in or lack of commitment to the child;

(6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;

(7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.

10. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care, for the removal of custody of a child from the parent, or for the termination of parental rights without a specific showing that there is a causal relation between the disability or disease and harm to the child.

(8) Endangering the welfare of a child in the first degree under subdivision (1) of subsection 1 of section 568.045; or

(9) Any case in which the defendant is found guilty of a felony offense under chapter 571, the sentencing court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that the offender is ineligible to earn compliance credits because the nature and circumstances of the offense or the history and character of the offender indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender. The motion may be made any time prior to the first month in which the person may earn compliance credits under this section. The offender's ability to earn credits shall be suspended until the court or board makes its finding. If the court or board finds that the offender is eligible for earned compliance credits, the credits shall begin to accrue on the first day of the next calendar month following the issuance of the decision.

3. Earned compliance credits shall reduce the term of probation, parole, or conditional release by thirty days for each full calendar month of compliance with the terms of supervision. Credits shall begin to accrue for eligible offenders after the first full calendar month of supervision or on October 1, 2012, if the offender began a term of probation, parole, or conditional release before September 1, 2012.

4. For the purposes of this section, the term "compliance" shall mean the absence of an initial violation report submitted by a probation or parole officer during a calendar month, or a motion to revoke or motion to suspend filed by a prosecuting or circuit attorney, against the offender.

5. Credits shall not accrue during any calendar month in which a violation report has been submitted or a motion to revoke or motion to suspend has been filed, and shall be suspended pending the outcome of a hearing, if a hearing is held. If no hearing is held or the court or board finds that the violation did not occur, then the offender shall be deemed to be in compliance and shall begin earning credits on the first day of the next calendar month following the month in which the report was submitted or the motion was filed. All earned credits shall be rescinded if the court or board revokes the probation or parole or the court places the offender in a department program under subsection 4 of section 559.036. Earned credits shall continue to be suspended for a period of time during which the court or board has suspended the term of probation, parole, or release, and shall begin to accrue on the first day of the next calendar month following the lifting of the suspension.

6. Offenders who are deemed by the division to be absconders shall not earn credits. For purposes of this subsection, "absconder" shall mean an offender under supervision who has left such offender's place of residency without the permission of the offender's supervising officer for

the purpose of avoiding supervision. An offender shall no longer be deemed an absconder when such offender is available for active supervision.

7. Notwithstanding subsection 2 of section 217.730 to the contrary, once the combination of time served in custody, if applicable, time served on probation, parole, or conditional release, and earned compliance credits satisfy the total term of probation, parole, or conditional release, the board or sentencing court shall order final discharge of the offender, so long as the offender has completed at least two years of his or her probation or parole, which shall include any time served in custody under section 217.718 and sections 559.036 and 559.115.

8. The award or rescission of any credits earned under this section shall not be subject to appeal or any motion for postconviction relief.

9. At least twice a year, the division shall calculate the number of months the offender has remaining on his or her term of probation, parole, or conditional release, taking into consideration any earned compliance credits, and notify the offender of the length of the remaining term.

10. No less than sixty days before the date of final discharge, the division shall notify the sentencing court, the board, and, for probation cases, the circuit or prosecuting attorney of the impending discharge. If the sentencing court, the board, or the circuit or prosecuting attorney upon receiving such notice does not take any action under subsection 5 of this section, the offender shall be discharged under subsection 7 of this section.

Not later than fifteen days after the filing of a petition **[**pursuant to sections 455.010 to 455.085**]** **that meets the requirements of section 455.020,** a hearing shall be held unless the court deems, for good cause shown, that a continuance should be granted. At the hearing, if the petitioner has proved the allegation of **[**abuse**]** **domestic violence** or stalking by a preponderance of the evidence, **and the respondent cannot show that his or her actions alleged to constitute abuse were otherwise justified under the law,** the court shall issue a full order of protection for a period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year. Upon motion by the petitioner, and after a hearing by the court, the full order of protection may be renewed for a period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year from the expiration date of the originally issued full order of protection. The court may, upon finding that it is in the best interest of the parties, include a provision that any full order of protection for one year shall automatically renew unless the respondent requests a hearing by thirty days prior to the expiration of the order. If for good cause a hearing cannot be held on the motion to renew or the objection to an automatic renewal of the full order of protection prior to the expiration date of the originally issued full order of protection, an ex parte order of protection may be issued until a hearing is held on the motion. When an automatic renewal is not authorized, upon motion by the petitioner, and after a hearing by the court, the second full order of protection may be renewed for an additional period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year. For purposes of this subsection, a finding by the court of a subsequent act of **[**abuse**]** **domestic violence or stalking** is not required for a renewal order of protection.

2. The court shall cause a copy of the petition and notice of the date set for the hearing on such petition and any ex parte order of protection to be served upon the respondent as provided by law or by any sheriff or police officer at least three days prior to such hearing. **[**Such notice shall be served at the earliest time, and service of such notice shall take priority over service in other actions, except those of a similar emergency nature.**]** The court shall cause a copy of any full order of protection to be served upon or mailed by certified mail to the respondent at the respondent's last known address. **Notice of an ex parte or full order of protection shall be served at the earliest time, and service of such notice shall take priority over service in other actions, except those of a similar emergency nature.** Failure to serve or mail a copy of the full order of protection to the respondent shall not affect the validity or enforceability of a full order of protection.

3. A copy of any order of protection granted pursuant to sections 455.010 to 455.085 shall be issued to the petitioner and to the local law enforcement agency in the jurisdiction where the petitioner resides. The clerk shall also issue a copy of any order of protection to the local law enforcement agency responsible for maintaining the Missouri uniform law enforcement system or any other comparable law enforcement system the same day the order is granted. The law enforcement agency responsible for maintaining MULES shall, for purposes of verification, within twenty-four hours from the time the order is granted, enter information contained in the order including but not limited to any orders regarding child custody or visitation and all specifics as to times and dates of custody or visitation that are provided in the order. A notice of expiration or of termination of any order of protection or any change in child custody or visitation within that order shall be issued to the local law enforcement agency and to the law enforcement agency responsible for maintaining MULES or any other comparable law enforcement system.

The law enforcement agency responsible for maintaining the applicable law enforcement system shall enter such information in the system within twenty-four hours of receipt of information evidencing such expiration or termination. The information contained in an order of protection may be entered in the Missouri uniform law enforcement system or comparable law enforcement system using a direct automated data transfer from the court automated system to the law enforcement system.

4. The court shall cause a copy of any objection filed by the respondent and notice of the date set for the hearing on such objection to an automatic renewal of a full order of protection for a period of one year to be personally served upon the petitioner by personal process server as provided by law or by a sheriff or police officer at least three days prior to such hearing. Such service of process shall be served at the earliest time and shall take priority over service in other actions except those of a similar emergency nature.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further **[**abuse**]** **domestic violence**. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support

when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

8. The court may grant a maintenance order to a party for a period of time, not to exceed one hundred eighty days. Any maintenance ordered by the court shall be in accordance with chapter 452.

All full orders of protection shall be final orders and appealable and shall be for a fixed period of time as provided in section 455.040.

2. Any order for child support, custody, temporary custody, visitation or maintenance entered under sections 455.010 to 455.085 shall terminate prior to the time fixed in the order upon the issuance of a subsequent order pursuant to chapter 452 or any other Missouri statute.

3. No order entered pursuant to sections 455.010 to 455.085 shall be res judicata to any subsequent proceeding, including, but not limited to, any action brought under chapter 452**[**, RSMo 1978, as amended**]**.

4. All provisions of an order of protection shall terminate upon entry of a decree of dissolution of marriage or legal separation except as to those provisions which require the respondent to participate in a court-approved counseling program or enjoin the respondent from **[**abusing, molesting, stalking or disturbing the peace of**]** **committing an act of domestic violence against** the petitioner and which enjoin the respondent from entering the premises of the dwelling unit of the petitioner as described in the order of protection when the petitioner continues to reside in that dwelling unit unless the respondent is awarded possession of the dwelling unit pursuant to a decree of dissolution of marriage or legal separation.

5. Any order of protection or order for child support, custody, temporary custody, visitation or maintenance entered under sections 455.010 to 455.085 shall terminate upon the order of the court granting a motion to terminate the order of protection by the petitioner. **[**The court shall set the motion to dismiss for hearing and both parties shall have an opportunity to be heard.**]** Prior to terminating any order of protection, the court may **[**examine the circumstances of the motion to dismiss and may**]** inquire of the petitioner or others in order to **[**assist the court in determining if**]** **determine whether the** dismissal is voluntary.

6. The order of protection may not change the custody of children when an action for dissolution of marriage has been filed or the custody has previously been awarded by a court of competent jurisdiction.

455.080. LAW ENFORCEMENT AGENCIES RESPONSE TO ALLEGED INCIDENTS OF DOMESTIC VIOLENCE OR STALKING — FACTORS INDICATING NEED FOR IMMEDIATE RESPONSE — ESTABLISHMENT OF CRISIS TEAM — TRANSPORTATION OF ABUSED PARTY TO MEDICAL TREATMENT OR SHELTER. — 1. Law enforcement agencies may establish procedures to ensure that dispatchers and officers at the scene of an alleged incident of **[**abuse**]** **domestic violence or stalking** or violation of an order of protection can be informed of any recorded prior incident of **[**abuse**]** **domestic violence or stalking** involving the abused party and can verify the effective dates and terms of any recorded order of protection.

2. The law enforcement agency shall apply the same standard for response to an alleged incident of **[**abuse**]** **domestic violence or stalking** or a violation of any order of protection as applied to any like offense involving strangers, except as otherwise provided by law. Law enforcement agencies shall not assign lower priority to calls involving alleged incidents of **[**abuse**]** **domestic violence or stalking** or violation of protection orders than is assigned in

responding to offenses involving strangers. Existence of any of the following factors shall be interpreted as indicating a need for immediate response:

(1) The caller indicates that violence is imminent or in progress; or

(2) A protection order is in effect; or

(3) The caller indicates that incidents of domestic violence have occurred previously between the parties.

3. Law enforcement agencies may establish domestic crisis teams or, if the agency has fewer than five officers whose responsibility it is to respond to calls of this nature, individual officers trained in methods of dealing with **[**family and household quarrels**]** **domestic violence**. Such teams or individuals may be supplemented by social workers, ministers or other persons trained in counseling or crisis intervention. When an alleged incident of **[**family or household abuse**]** **domestic violence** is reported, the agency may dispatch a crisis team or specially trained officer, if available, to the scene of the incident.

4. The officer at the scene of an alleged incident of **[**abuse**]** **domestic violence or stalking** shall inform the abused party of available judicial remedies for relief from **[**adult abuse**]** **domestic violence** and of available shelters for victims of domestic violence.

5. Law enforcement officials at the scene shall provide or arrange transportation for the abused party to a medical facility for treatment of injuries or to a place of shelter or safety.

455.085. ARREST FOR VIOLATION OF ORDER — PENALTIES — GOOD FAITH IMMUNITY FOR LAW ENFORCEMENT OFFICIALS. — 1. When a law enforcement officer has probable cause to believe a party has committed a violation of law amounting to **[**abuse or assault**]** **domestic violence**, as defined in section 455.010, against a family or household member, the officer may arrest the offending party whether or not the violation occurred in the presence of the arresting officer. When the officer declines to make arrest pursuant to this subsection, the officer shall make a written report of the incident completely describing the offending party, giving the victim's name, time, address, reason why no arrest was made and any other pertinent information. Any law enforcement officer subsequently called to the same address within a twelve-hour period, who shall find probable cause to believe the same offender has again committed a violation as stated in this subsection against the same or any other family or household member, shall arrest the offending party for this subsequent offense. The primary report of nonarrest in the preceding twelve-hour period may be considered as evidence of the defendant's intent in the violation for which arrest occurred. The refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

2. When a law enforcement officer has probable cause to believe that a party, against whom a protective order has been entered and who has notice of such order entered, has committed an act of abuse in violation of such order, the officer shall arrest the offending party-respondent whether or not the violation occurred in the presence of the arresting officer. Refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

3. When an officer makes an arrest **[**he**]** **, the officer** is not required to arrest two parties involved in an assault when both parties claim to have been assaulted. The arresting officer shall attempt to identify and shall arrest the party **[**he**]** **the officer** believes is the primary physical aggressor. The term "primary physical aggressor" is defined as the most significant, rather than the first, aggressor. The law enforcement officer shall consider any or all of the following in determining the primary physical aggressor:

(1) The intent of the law to protect victims **[**of domestic violence**]** from continuing **[**abuse**]** **domestic violence**;

(2) The comparative extent of injuries inflicted or serious threats creating fear of physical injury;

(3) The history of domestic violence between the persons involved.

No law enforcement officer investigating an incident of **[**family**]** **domestic** violence shall threaten the arrest of all parties for the purpose of discouraging requests or law enforcement intervention by any party. Where complaints are received from two or more opposing parties, the officer shall evaluate each complaint separately to determine whether **[**he**]** **the officer** should seek a warrant for an arrest.

4. In an arrest in which a law enforcement officer acted in good faith reliance on this section, the arresting and assisting law enforcement officers and their employing entities and superiors shall be immune from liability in any civil action alleging false arrest, false imprisonment or malicious prosecution.

5. When a person against whom an order of protection has been entered fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

6. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

7. A violation of the terms and conditions, with regard to **[**abuse**]** **domestic violence**, stalking, child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of an ex parte order of protection of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

8. A violation of the terms and conditions, with regard to **[**abuse**]** **domestic violence**, stalking, child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of a full order of protection shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of the sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection if the law enforcement officer responding to a call of a reported incident of **[**abuse**]** **domestic violence, stalking,** or violation of an order of protection presented a copy of the order of protection to the respondent.

9. Good faith attempts to effect a reconciliation of a marriage shall not be deemed tampering with a witness or victim tampering under section 575.270.

10. Nothing in this section shall be interpreted as creating a private cause of action for damages to enforce the provisions set forth herein.

455.503. VENUE — PETITION, WHO MAY FILE. — 1. A petition for an order of protection for a child shall be filed in the county where the child resides, where the alleged incident of **[**abuse**]** **domestic violence or stalking** occurred, or where the respondent may be served.

2. Such petition may be filed by any of the following:

(1) A parent or guardian of the victim;

(2) A guardian ad litem or court-appointed special advocate appointed for the victim; or

(3) The juvenile officer.

455.505. RELIEF MAY BE SOUGHT FOR CHILD FOR DOMESTIC VIOLENCE OR CHILD BEING STALKED — ORDER OF PROTECTION EFFECTIVE, WHERE. — 1. An order of protection for a child who has been subject to domestic violence by a present or former **[**adult**]** household member or person stalking the child may be sought under sections 455.500 to 455.538 by the filing of a verified petition alleging such domestic violence **or stalking** by the respondent.

2. A child's right to relief under sections 455.500 to 455.538 shall not be affected by **[**his**]** **the child's** leaving the residence or household to avoid domestic violence.

3. Any protection order issued pursuant to sections 455.500 to 455.538 shall be effective throughout the state in all cities and counties.

Upon the filing of a verified petition under sections 455.500 to 455.538, for good cause shown in the petition, and upon finding that no prior order regarding custody is pending or has been made or that the respondent is less than seventeen years of age, the court may immediately issue an ex parte order of protection. An immediate and present danger of **[**abuse**]** **domestic violence or stalking** to a child shall constitute good cause for purposes of this section. An ex parte order of protection entered by the court shall be in effect until the time of the hearing. **The court shall deny the ex parte order and dismiss the petition if the petitioner is not authorized to seek relief pursuant to section 455.505.**

2. Upon the entry of the ex parte order of protection, the court shall enter its order appointing a guardian ad litem or court-appointed special advocate to represent the child victim.

3. If the allegations in the petition would give rise to jurisdiction under section 211.031, the court may direct the children's division to conduct an investigation and to provide appropriate services. The division shall submit a written investigative report to the court and to the juvenile officer within thirty days of being ordered to do so. The report shall be made available to the parties and the guardian ad litem or court-appointed special advocate.

4. If **[**an ex parte order is entered and**]** the allegations in the petition would give rise to jurisdiction under section 211.031 because the respondent is less than seventeen years of age, the court **may issue an ex parte order and** shall transfer the case to juvenile court for a hearing on a full order of protection. Service of process shall be made pursuant to section 455.035.

455.520. TEMPORARY RELIEF AVAILABLE — EX PARTE ORDERS. — 1. Any ex parte order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence **or stalking** and may include such terms as the court reasonably deems necessary to ensure the **[**petitioner's**]** **victim's** safety, including but not limited to:

(1) Restraining the respondent from **[**abusing, threatening to abuse**]** **committing or threatening to commit domestic violence, stalking**, molesting**,** or disturbing the peace of the victim;

(3) Restraining the respondent from communicating with the victim in any manner or through any medium, except as specifically authorized by the court;

(1) The order is in the best interests of the child or children remaining in the home;

(2) The verified allegations of domestic violence present a substantial risk to the child or children unless the respondent is excluded; and

(3) A remaining adult family or household member is able to care adequately for the child or children in the absence of the excluded party.

455.523. FULL ORDER OF PROTECTION — RELIEF AVAILABLE. — 1. Any full order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence and **stalking** may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

455.538. LAW ENFORCEMENT AGENCIES RESPONSE TO VIOLATION OF ORDER — ARREST FOR VIOLATION, PENALTIES — CUSTODY TO BE RETURNED TO RIGHTFUL PARTY, WHEN. — 1. When a law enforcement officer has probable cause to believe that a party, against whom a protective order for a child has been entered, has committed an act **[**of abuse**]** in violation of that order, **[**he**] the officer** shall have the authority to arrest the respondent whether or not the violation occurred in the presence of the arresting officer.

3. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

4. (1) Violation of the terms and conditions of an ex parte or full order of protection with regard to **[**abuse**]** **domestic violence, stalking**, child custody, communication initiated by the respondent, or entrance upon the premises of the victim's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of which the respondent has notice, shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of a prior plea of guilty or finding of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. When such a determination is made, the associate circuit judge or judge may either in lieu of or in addition to the above methods of release, impose any or any combination of the following conditions of release which will reasonably assure the appearance of the person for trial:

If the probationer requests counsel, the judge shall determine whether counsel is necessary to protect the probationer's due process rights. 7. The prosecuting or circuit attorney may file a motion to revoke probation or at any time during the term of probation, the court may issue a notice to the probationer to appear to answer a charge of a violation, and the court may issue a warrant of arrest for the violation. motion, the court may immediately enter an order suspending the period of probation and may order a warrant for the defendant's arrest.
